

**RYLYTH'S CORNERS**

The continued wet weather with snow quite frequently is making the land very wet and holding up plowing operations greatly.

Mrs John Bauer of the "Corners" received a telegram Saturday, announcing the death of her father, Mr. Jas. Gibson of Kitchener, and for a number of years a Durham resident.

We regret the sudden demise of Mr. James Marshall, eldest son of Mr. David Marshall, who was operated upon in Durham Red Cross Hospital Saturday for appendicitis. We hope Jimmy will make a speedy and successful recovery.

Messrs Geo. Lewis and Henry Damm have both been prominent buyers in the cattle market and secured a couple fine bunches of bullocks and are still on the market for more. Whatever the price may be for finished cattle next spring, they are much dearer to buy than a year ago.

It was with feelings of regret that friends and neighbors of the late Mrs. Geo. Ellis of Holstein, but who was born and raised in this neighborhood learned of her death on Saturday night last in Holstein. The deceased, whose maiden name was Jennie Stewart, youngest daughter of the late Geo. and Mary Stewart, was one of a large family of sisters and brothers, most of whom are now deceased, to our knowledge only two boys remaining—Andrew, near the old homestead and Thos. in the States.

The deceased was twice married, her first husband, Robt. Marshall, meeting with a fatal accident with a threshing machine a long number of years ago, in which he had his arm removed and died from the effects. To her first husband she bore one child, Mary, who died in young womanhood. About 40 years or so ago, she married Mr. Ellis, who also has predeceased her. For the past number of years she has resided in Holstein, a worthy citizen and highly respected.

The funeral to-day (Monday) was largely attended, the service being conducted by her pastor, Rev. W. Johnston in the church, after which the remains were interred in Maplewood cemetery, her pastor also officiating at the grave. The deceased had been ill only a short time from an affection of the heart and passed away peacefully in the 71st year of her age. We extend our sympathy.

Tom Binnie has surely taken an awful flop over from the last Dominion election. His idea of a pool system of marketing farm products, which Meighen has so suddenly stumbled upon is all right, but he is making a fool's mistake to vote Mr. Campbell in Miss McPhail's place, if he is anxious to see the system pushed to a finish.

Born in Normanby, Wednesday, Oct. 21st, to Mr and Mrs Nelson Halliday, a daughter, (Barbara Ann).

**DROMORE**

The Plowing Match which has been advertised for to-day, has been postponed, due to the inclement weather. We understand it is the intention of the Association to have it soon as the weather permits.

We are all going to the Hall to-night for a Social evening and a weiner roast, thanks to the bad weather. The Women's Institute had intended serving meals at the Plowing match to-day, so that is how the weiners were going, now that the match is called off, and will have the pleasure of eating them ourselves.

Don't forget the W. Institute meeting in Russell Hall, Nov. 6th. This meeting is in the evening and all are invited to come.

The Thankoffering Service of the Women's Missionary Society will be held in Amos Church, Sunday morning, Nov. 1st at 11 a.m. Miss Reid, a mission worker from South China will take the service and it is hoped that there will be a good attendance.

**ALLAN'S CORNERS**

Miss Mae Davis, teacher at Irish Lake, spent the week end at her parental home.

Quite a number from this vicinity were present at the Ball at Taylor's Hall, Dromore, and report a splendid time.

Mr Geo. Pollock, Sr. and daughter, Mrs Cecil Eccles, spent Sunday at former's sister, Mrs Jas Webber, of Knox Corners.

The Davis family attended the reunion Monday evening, at the home of Mr J. Vessie at the Rocky, where a large assembly of relatives were present on the occasion of a golden wedding.

Mrs R. Matthews and son attended the funeral of her uncle, Mr. Ailes, Elmwood, last week.

Mr Robt. Davis is engaged for a term with Mr Jas Wilton of Varney.

Mr Robt. Mighton is having a shooting match on Thanksgiving day.

The invitations are being circulated to the friends and neighbors of Mr and Mrs Jas. Marshall, at whose home a pleasant evening is to be spent Friday.

Don't forget the Anniversary services and fowl supper, which are being held in St Paul's church, Nov. 1st and 2nd. Good program is being prepared. Supper from 6 to 8.

Mr Wm Nelson is attending the Fall Assizes in O. Sound this week, serving on the jury.

Mr Herb. Lamont, Holstein, with his threshing outfit, is on this line finishing up the work for the season. At present he is at Robt. Nelson's.

Mr Jas. Eden spent a few days in proving the appearance of the buildings of Mr Jas. Marshall, putting on new doors, windows, etc.

**County Public Speaking Contest**

The final Public Speaking Contest for the prize offered by Miss Agnes McPhail, ex M. P., will be held in the auditorium of the High School at Fiesherston on Saturday, Oct. 31st, at 2 p.m. Every winner at each of the nineteen School Fairs is expected to attend. It is also hoped that every School Section in every Township, will send a large representation.

**Royal Winter Fair**

It will soon be time to think of Winter Fairs — indeed the Guelph Fair starts in two weeks—Nov. 9th to 12th, and the Royal Nov. 13-21st. Both Fairs are worth while attending.

Would it be within the realm of possibility to arrange for a special day on which Grey Co. farmers could attend in a body? The work is far being owing to bad weather but one day spent will be amply repaid by the inspiration given in seeing the exceptional stock, poultry, fruit, grain and dairy exhibits. Why not four farmers divide the expenses with a fifth who might take a car? Leave early in the morning, spend the day and return at night. Let farmers try it. You won't miss the time and the Fair will be better because of your presence.

**KEEP EWES GAINING, IS EXPERTS ADVICE**

Experiments show Feeder has Control over Spring Lamb Crop.

The condition of the ewes during the breeding season has a good deal to do with the number of lambs that will be dropped the following spring. Thin ewes will produce fewer lambs than ewes in good condition at time of breeding. In recent experimental work to determine the influence of condition on the number of lambs dropped the following spring, it was found that ewes not fed in breeding season gained 17 pounds and had 129 per cent lamb crop. Those getting feed of various kinds gained 8 pounds per head and had a 147 per cent lamb crop. In terms of 1,000 sheep this would mean 280 more lambs. The ewes got only one half pound of grain per day at that time.

It made little difference how the ewes were fed so long as they gained. Some got extra pasture, some mixed oats, and some various grain mixtures and insected meal. In the grain fed lots, as well as in the pasture fed lots, some were above the 147 per cent average and some below, showing that the kind of feed was not important.

**A Tried Practice**

"Flushing" is an old English term and originally meant turning the ewes on some special green forage crop just before breeding season. In the Government experiments the pasture-flushed ewes did better some years. Other years the grain-fed ewes had more lambs.

The main thing seemed to be not to have the ewes in high flesh, but to have them gaining in flesh. Of those that gained from 1 to 7 pounds 24 per cent produced twin lambs. Of those gaining 7 to 10 pounds, 44 per cent had twins. The two poorest lots among those getting extra feed were ewes that were already in high flesh. Old ewes have a higher proportion of twins than did young ones. There was very little difference between the breeds as to the number of twins dropped.

**Rams in Demand.**

During the past month many farmers have asked the local Branch of the Department of Agriculture if any rams could be secured. Unfortunately all those of which the officials knew have been purchased so that any information re others for sale would be gratefully received. Farmers or breeders having any sheep for sale should at once write to the Department of Agriculture, Markdale stating their offering with prices. Let your own County office be a clearing station for you. Everything is done free of charge.

Next month the meetings will be held in the United church.

**YEOWL**

Owing to the snow the Plowing Match has been indefinitely postponed.

The monthly meeting of the U. F. O. Club was also postponed until this evening on account of the Fairbairn Anniversary tea last night.

The leaves which remained untried so long this year, are commencing to fall although the grass in places where the snow disappears is quite green. Our farmers are wishing for fine weather in order to safely gather in the various fall products and to continue the plowing.

A number from this vicinity attended the Nomination in Durham last Thursday and also listened attentively to the various speeches in Holstein Friday and Saturday evening. What will Thursday reveal? Who will win in the Review guessing contest?

Many enjoyed the annual social evening of the Beef ring on the 12th con. held Wednesday evening last at Arthur Irvin's.

Mr C. Meinnis has returned from a fortnight's visit with his sisters in Toronto and daughter in Hamilton. While in Toronto he called on his friend, Rev. Dr. Marsh and later heard him preach in Knox Presbyterian Church, Hamilton, on "Gravitation," taking for his text "And if I be lifted up I will draw all men unto Me." It was 58 years since Mr Meinnis had heard a sermon in that church. Dr Marsh, on account of his health, has left Bermuda, and is resting a little while before going to Parry Sound, where he has received a call.

Mr Chas. Haas, Hillman, Mich., was a recent guest of his uncle, A. Haas.

Messrs and Mesdames Ailes were in Brant Tp. last week attending the funeral of their uncle, Henry Ailes. We are glad to hear that Master Fred Mather is doing nicely since coming home. When Mrs Mather was in Toronto she had the pleasure of visiting her cousin, who with her husband, Rev. Dr. Bates and children have been home on furlough since May. They are stationed at Kobe, Japan, and are well acquainted with Rev. and Mrs C. P. Holmes of Fukui, Japan.

Last Friday Mr and Mrs Alfred Haas visited at Mr Jas Ferguson's, on the 18th con.

**PLOWING MATCH POSTPONED**

We are informed by President J. W. Philip, whom we called by phone, that Egremont's Annual Plowing Match has been postponed indefinitely, perhaps altogether for this year. The cause, of course, was the snow and untoward weather at this time of year. The success of last year was

Not often do we have the privilege of viewing the beauty of the deer running at large around our premises. Only a few days ago did we do justice to the sight, while it did the same for a time, then bounded out of reach unmolested.

Our wintry weather of the past week has caught some of the farmers in this part unawares and now they art getting anxious about their potatoes. We hope the snow has not come to stay altogether as the most of us would appreciate a few days of Indian Summer.

Mrs A. Derby, Sr. has been under the nurses' care of late, and her daughter, Miss Jessie of Niagara has come to stay with her for a time.

Mrs Henderson, Sr., we are sorry to learn, is somewhat under the weather with a heavy cold and being op in years, finds it a hard matter to get rid of.

The threshing in this locality is slowly coming to an end for the season. Mr H. Boettger of Hanover has completed his work here.
