HYMENEAL

GILKS - SHORTT A pretty wedding took place on the 22nd inst. at the home of Mr. and Mrs. Richard Shortt, 4th con. of Proton, when their eldest daughter, Lily May, was united in marriage to Mr. Thomas F. Gilks, eldest son of Mr. and Mrs. Frederick Gilks, 7th con. of Proton.

The guests to the number of 65, gathered on the lawn, where a beautiful arch of evergreens, gladioli and asters had been previously erected. Promptly at 2 o'clock, as Mr. Shortt, an uncle of the bride, played the wedding march, the bridal party came from the parlor and stood under the arch, she being given away by her father.

The bride was daintily dressed in white, georgette, wore a bridal veil, and carried a bouquet of lily of the valley. She was attended by her cousin, Miss Emily Shortt of Shelburne, the groom being assisted by his brother, Mr. Ernie Gilks. The bride's sister, Miss Melinda Shortt, was flower girl. Rev. D. J. Storms of Hopeville, performed the ceremony.

After the ceremony and congratulations, the guests were invited to the dining room where a dainty wedding supper was served. In the evening a much larger number assembled for a reception. The bride and groom received many lovely gifts. Those attending from a distance were Mr and Mrs J. D. Boomer and three boys; Mr and Mrs S. Dickie and son and daughter, all from Preston; Mrs Rich. Howatt and son Geo. and daughter Mabel from Ferguson; Mrs. Wm. Louth an dMr. and Mrs. Geo. Louth from Norval.

The happy couple left the next morning by motor to spend a few days visiting friends in Preston and Galt, after which they will reside on the groom's farm on the 7th of Proton.

Fertilizer

A full stock on hand of special for farm wheat. Order your supply early. No change in price. Phone 114. J. W. Ewen & Son, McKeechale Mills, Durham

RESIDENCE FOR SALE

The undersigned offers for sale his residence in Upper Town, solid brick building, 7 rooms, good cellar, furnace, hard and soft water. About 1/2 acre orchard and garden. A bargain to quick purchaser. Apply on the premises to Alex. McCormack.

PRICEVILLE AND VICINITY

Death of Mrs A. B. MacDonald

(From the Ottawa Citizen) On Friday night last, the death occurred of Mrs Sarah MacDonald, mother of John L. MacDonald of this city. Mrs MacDonald was born in 1862 in the Tp. of Egremont, Grey Co., Ont. Her parents were among the early pioneers of that community, where they were held in high esteem. In 1890 she married Alexander MacDonald, who predeceased her five months ago. The family consisted of John L., a teacher in the public schools of this city; Nell, who died seven years ago and Miss Janet of Toronto.

Last Christmas the late Mr and Mrs MacDonald came to Ottawa to visit their son and remained for the winter. In April the father died after a few hours illness. The mother was sick for several months during the spring and summer from pernicious anaemia from which she was unable to recover.

The late Mrs MacDonald was a faithful member of St. Columba's United church, Priceville. She took an interest in all church work and was especially active in the Women's Missionary Society.

A service was held at the home of her son at 89 Glen Ave on Sunday night and was conducted by Rev. Dr. J. W. Woodside and Rev. G. C. Kilpatrick, ministers of Chalmers United church, who were assisted by Rev. G. A. McDonald, minister of Calvin United church. Mr John L. MacDonald is an elder in Chalmers United church and is also superintendent of the Sunday School. Members of the congregation are extending their sincere sympathy to Mr and Miss MacDonald in the loss of their beloved mother.

CARD OF THANKS

We desire to thank the many friends for their kind sympathy extended to us in our sad bereavement. John L. and Janet MacDonald

PRICEVILLE & GLENELG

During our stay at our old home, we attended two funerals. The first was that of Mrs MacDonald on Monday afternoon, the 20th inst., which was largely attended, the church being filled. The Rev Mr McCormack preached a funeral sermon suitable to the lamented occasion. Mrs MacDonald was a woman who spoke firmly, meant all her expressions, and her word could always be relied on. We have known her from her youthful days. Her maiden name was Sara McDonald, daughter of the late John McDonald and Margaret McGillivray, who were among the pioneers of Egremont 70 years ago. Mrs MacDonald was born in Egremont about 65 years ago, and became familiar with pioneer life in her youthful years there. The son John L. and daughter Janet have the sincere sympathy of the community in the loss of a dutiful mother and father so closely together. Many of Edge Hill locality will remember John L. McDonald who taught school as S. S. No. 3, and who was a favorite with all his pupils. We join in sending condolence to both sister and brother.

Wednesday of last week we attended the funeral of an aged and most respected lady in the person of Mrs Jno. Nichol, nee Christena Mac-Nichol. After her marriage to Mr. Nichol she dropped the "Mac." Some of the writer's father's family attended her wedding in the winter of 1865 at her old home at Lamlash, Ben-tinck. Mrs Nichol could speak the old language fairly well, but as years passed by it became a task for her to converse, but being of an obliging disposition, she would converse with the aged sex, who were not so fluent in the ruling language, the English. The funeral on Wednesday from her son David's home, was one of the largest seen for some time, there being no less than some 100 autos, besides horse and buggy. Rev. Mr Sutherland preached an able sermon, delivered in a manner suitable for the sad occasion, that brought so many to sympathize and pay the last tribute of respect to one so favorably known.

Heavy frost on Monday morning, ice on the water. This Tuesday has a fine appearance and affords opportunity to those behind in the harvest to finish. Mr Colin McLean is busy threshing down the Durham Road, west of Priceville and the Newell Bros. are on Edge Hill line. Reports are not very good—grain is light and straw badly damaged by rust.

We hear that Priceville is minus a doctor now and there is a good opening for a good physician to fill the vacancy. Priceville can boast of having good physicians for upwards of 60 years.

FOR SALE

Horse, 6 years old, medium size, sound and in good condition and keen for work. Apply to Newell Falkingham, box 36, Durham.

SWINTON PARK

Things are very quiet in the Park at present, all hoping for sunshine after the fall rains are over. Just a year ago when everyone was away from home attending the fairs, the weather went broke and snow, rain and clouds has been the ruling weather all year. We hope for a return of sunshine and that all may enjoy many pleasant days during the rest of the year.

Mr and Mrs Noble Wilson and daughters, also Mr and Mrs Arch. Ferguson, motored to Niagara-on-the-Lake last week and enjoyed a visit with Mr and Mrs John Parslow. Mr Wm J. McLeod, who has been under the weather for some time, is considerably better and intends to shortly resume his work as teacher, near Toronto.

Edgar McLeod and his horse carried off the red ribbon at Flesharton fair last week for horse back riding. Like walking, horse back riding has become one of the lost arts. A revival of both would be good for the race.

Two rare happenings occurred on the banks of the Saugeen in Proton one day lately. They were (1) a noted sport from a town to the east of us hunting wild ducks; (2) the disappearance of the farmer's best geese on the same day. Query: Did they go together?

Potatoes are being considered these days and will be raised as soon as the sun shines. There is not much complaint of rot in this locality and a fair crop is looked for.

HOPÉVILLE

Mr Wallace Riddell and sister, Miss Thelma, were home from Luther over the week end. Mr J. W. Armstrong visited relatives at Brampton last week. Mr and Mrs John Sinclair and Allan, visited recently with their aunt, Mrs Hugh Sinclair, Yeovil.

The school fair at Ventry Thursday last was largely attended. The quality and quantity of the exhibits reflected much credit on the school children of the township who will no doubt with this training make thrifty citizens. The performance of the scholars of the various schools in public speaking, marching and drills, etc., was exceptionally good. The home garden bouquets made a fine display and some very exquisite sections were noticed among the collection.

Mr and Mrs Robt. Stewart were in Galt last week visiting his brother and attending the Fair. Mrs McCue returned to her home in Philadelphia Monday having spent the past week with Mrs Chas. Wale. Mr Ed. Gilkes has been helping a threshing outfit near Shelburne. Mr Geo. Christie is busy putting up a woodshed.

GREEN GROVE

Mr and Mrs Ed. Lindsay, Egremont spent Sunday with his parents, Mr and Mrs Robt. Lindsay. Miss Ethel Hargrave was in Warton Thursday last, attending the funeral of her friend, Miss May Stead. Mr J. Schenk, Cedarville, spent Sunday at the home of Mr Sam Paterson. Mr Ed. Cook, Palmerston, spent...

The School has a creditable record in the past which it hopes to maintain in the future. Durham is an attractive and healthy town and good accommodation can be obtained at reasonable rates. John Storyina, Chs. one 4, A. S. Robt, Principal

Sunday at the home of Mr John Hamilton. Miss Kathleen Firth was also a visitor at this home Sunday. Mr and Mrs John Arnett and children of town, were visitors the first of the week with Mr and Mrs Will Lawrence. Mrs Wm Hargrave spent a day the first of the week with her brother, Mr Jos. Brown, Allan Park. Mr Clark Watson, spent Sunday with friends at Edge Hill. Rally Day was observed in our Sunday School on Sunday last. A large number of parents and children turned out and listened to a splendid address by Mr Will Glass of Durham, while a well rendered solo was sung by Mrs Will Lawrence. Recitations and readings by a number of school children were also contributed.

Durham Fair Prize List

Vivid Letters from Florida

Continued from Page 1 we thought it was going. Not a house in Oakland Park was left undamaged, and all the houses at the Beach are in the ocean. Trees root-erode is a total wreck. Trees rooted out and lying all over. There never was known anything like it. The wind blew 150 miles an hour. We are all under martial law, with the soldiers in charge. They won't let anyone go out or in. We get one loaf of bread a day and have no water or light. The men put the roof on Brown's house to-day, ours yesterday and Alex's to-morrow, if he gets the material. The church is down, hundreds are killed and Progresso (a suburb) is almost off the map.

No tongue can tell how bad it was, have seen pictures, but I never want to go through the like again. It makes a person sick to see it all; it's not like the same place. Morrison's, Mr and Mrs Welch and ourselves had to go to an empty house next to Matthews' and lie on the floor. Our stuff was ruined; beds soaked. One has to help another. Lots of homeless. But we will fix ourselves up again. The waves of the ocean came right up the canal."

Mr and Mrs Robert Lawson have also received word from their daughter Irene in Miami, and she gives the following pen picture: "Friday night was a terrible night. It was blowing pretty hard at 12 o'clock but I slept until 3 when I finally had to get up. From 3 until 6:30 it was terrible and all our windows blew out on the east and north sides and the rain poured in. Every minute I thought the side of the house would blow away but it didn't. The other end of the apartment building but the boy who lived in the apartment came in to us. Then at 8 o'clock Saturday morning the lull came which lasted until about 9. When it started in worse than ever. I finally cleared up about 4 in the afternoon, though there were spasms with heavy rain. Today it is nice and fair again."

Well we are beginning to come out of our troubles here and to-day we even had a bath. We are sitting here writing with a lantern for a light. We have one candle which we are saving up for bedtime. It hardly seems possible that our pretty city can be so devastated. Big buildings have had all the windows literally blown-off and out. The roofs are off houses and there are no houses now where there were before. It is an awful mess. It is said the wind blew at 135 miles an hour and it seemed worse than that to me. Trees are down all over and across the streets but the soldiers and marines are gradually getting everything cleaned up.

Went to the office to-day and it is an awful mess—soaking wet and the plaster falling and by the smell of it, there must be one hundred dead rats in the walls. Hollywood is in bad condition and a typhoid epidemic is breaking out. We have lots of drinking water, so that our sanitary conditions are first class, so we don't have that to worry us."
