HOLSTEIN LEADER

Holstein Fair was a Record-breaker in Entries

The Directors and Members of this well known Show felt grateful Wednesday night when two fine days had enabled them to stage another success. The attendance was about equal to past years and the exhibits second to none in quality, though in quantity the spaces usually allotted to some articles were inadequate, and it will soon be necessary to have a larger hall.

At a meeting of officials held a few days before the show, the question of "taking down the bars" and allowing other townships to compete, was discussed, but the weight of opinion was against this and it still remains the "best township show," equaling some with larger bounds.

With 75 entries in butter and 75 to 100 loaves of bread, judges had no easy ytime. Flowers, fruit and vegetables made a brave display, while upstairs the Ladies' work was pronounced excellent. Some ancient articles of pioneer vintage received much attention.

Cattle classes were abundantly represented and it was interesting to watch the judges in this and other classes puzzling as to the most worthy. The horse judging went on all afternoon and experts asserted they were a splendid lot.

The number of entries this year were 2300 and this topped all records: last year 2100. The much talked of "drawing contest" proved a drawing card for holding the people on the grounds, it being the last item. A stoneboat filled with 24 bags of sand, was the load, but as the biggest team couldn't move it, six bags were taken off. Each bag would weigh over 200 lbs and the whole load between two and three tons. Arthur Brown's team was first attached and pulled the lightened load a few feet. W. S. Aitchison's team couldn't draw it, but John Eurg's brought the load a-pace. Geo. Seaman's team was too light for the task. Three more bags were piled on, and Brown's team again drew it and won first place, as Eurg's horses failed to budge the increased load.

Durham Band won many compliments for the fine musical numbers they gave during the afternoon. Smith Bros, with their Ford and the McCabe firm with the Star car, had splendid displays and both firms have had a good season. There were other features worthy of mention, but our space this week is at a premium. The prize list will appear next week.

BLYTH'S CORNERS (Intended for last week)

News is very scarce around the 'Corners' on account of the great political victory last week, the people have scarcely got back to normal conditions. One here and another there of our farmers are getting through with the harvest, but quite a lot of buckwheat yet remains to be harvested. It is a splendid crop this year but badly tangled up.

Rev Mr Ingraham, Baptist student, who has filled the pulpits of Knox church, Normaahby, and Amos church very acceptably the past four months will, we presume, be back in our midst well represented at the big annual Fall Fair this week in Durham. It is hoped that Providence will favor the Durhams with good weather and a bumper crowd.

Mr Thos. Park was laid up, unable to move with lumbago, or something similar on Wednesday and Thursday last. Just whether it was caused by the Progressive victory we won't say, but to be hopeful of a Conservative victory and receive such a severe jab, would certainly have a very depressing effect. However Tommy is going strong again we are pleased to say.

Personally we were well pleased with the election, though not the least surprised. To have defeated Miss MacPhail would have greatly disconcerted an honest and successful attempt to do the very best for the general welfare of this, our God-blessed Dominion.

(This Week's Budget) The fine weather we are being favored with the past few days, is being much appreciated by the farmers for the garnering in of the late harvest. Mr and Mrs Henry Damm are attending the marriage of Miss Filsinger, daughter of Mr and Mrs Andrew Filsinger of Ayton this Wednesday afternoon.

Grey Presbytery showed good judgment in choosing Rev. Mr Smith of Durham, as their Moderator for the ensuing year. That he will fill the position admirably, leaves little margin for guessing.

The school fair held in Ayton last Tuesday was a great success, 12 schools taking a very active part. Miss Florence McIlvride's little band

took six firsts and four seconds in various entries. A few of our farmers have threshed. "I haven't as much as last year and much lighter grain" is a common remark. News is very scarce but everything is lovely and what could you wish for more. Say, Mr. Editor, whisper: Who was that Conservative who put Mr. Edward's majority at 412? Whatever else he may have lacked, certain it is he was very high in the "bump of hope."

SOUTH BEND

Mrs Eric Sharp spent part of last week with her parents, Rev. and Mrs West at Laurier. Mr John Boulding, Guelph, visited friends here last week. Threshing is about over and silc filling and corn cutting was the chief work last week. Rally Day service at Letter Breen was very well attended, the children doing their parts well.

On Thursday evening, several from here attended the farewell party given to Mr and Mrs Frank Walls in Normaahby. A pleasant time was spent and presentation made. We are sorry they are leaving this community. They were former residents of the Bend and were good neighbors. They will be especially missed at the church where they are members. We wish them success in their new place of abode.

The World's Fair at Holstein this week is the only subject worth discussing. So many look forward to this day for meeting old friends all over the Township, as well as being exhibitors. We hope the weather will be fine and everybody that can, turn out. The Letter Breen people are preparing for their anniversary services Sunday, Oct. 3, service morning and evening. Monday evening following, a fowl supper will be given. We hope to see a good crowd on both days. We often complain about our climate being too cold but how thankful

we should be that the terrible hurricanes that visit warmer parts, pass us by. The awful calamity that befel Florida last week makes us shudder to think about, but will not likely happen in the North Temperate zone.

Forest, were also guests at Alfred Haas' reunion which was greatly enjoyed, as nineteen years have elapsed since Mr. Haas' last visit.

Mr and Mrs A. E. Brown, Newbury have been spending the past few days in this vicinity. Bert Brown spent nine of his boyhood years with the late Mr Bunston and has enjoyed visiting the old scenes and renewing acquaintances with the few schoolmates and neighbors remaining here after his 30 years absence. He has recently disposed of his box factory at Newbury, and they purpose going to California next month to reside there. Mr B. was Henry Ford's first die sinker in his automobile factory. Mrs B. was one of the ladies who swam the Niagara River, crossing from Lewiston to the Canadian side. She has two medals—a bronze and a silver, presented to her by the Life Saving Society. Mrs T Miller and children, Roger and Audrey, also Mrs R. McCaw and baby Bruce of Avonlea, Sask., arrived home last Friday to visit their parents, Mr and Mrs W. H. Rogers, and Mrs J. Reid respectively and other friends.

Mr and Mrs J. Lane and children of Swinton Park, were recent guests at her brother's, F. Reid's. Little Florence Reid has been very ill the past week but we hope she will soon recover her usual buoyancy. Otto Klempp, Regina, has been calling on old friends in the vicinity. Messrs A. Ross and W. Philp made a business trip to Guelph last Thursday.

A number of our young people enjoyed the corn roast in Holstein Park last Wednesday evening. A band or cypresses passed along our road last week and camped on the base line, near the corner. Some were glad when they moved on. Mr Robt. Christie completed the new woodshed at No 9 school last week. This has been a busy summer.
