

ROCKY SAUGEEN

We have had quite a fall of snow, which reminds us that winter is approaching.

Sorry to hear that the little daughter of Mr. and Mrs. H. Weber has been seriously ill with pneumonia.

The funeral of the late Mrs. Dan McDonald last Sunday was largely attended.

The young people of the section held a meeting in the school Tuesday evening to re-organize the U.F.Y.P.D. for the coming winter.

ABERDEEN

Several of the "Live Wires" of this line were present at a Halloween social held at the Rocky School last Friday evening.

Two ghosts and a witch received at the door. The evening was spent in various contests and games, after which a dainty lunch was served.

PREMIER FERGUSON STARTLES THE COUNTRY

Like a bolt from the blue comes the announcement from the Premier that he was cutting out the proposal to sell beer by the glass.

Only a few weeks ago his "wet" measures were introduced "after most careful consideration" and now this change is made to silence the outcry.

Perhaps a little more outcry may result in re-cutting the O. T. A. This latest move will not restore the confidence in the Ferguson administration which lately it has lost.

A WET AND DRY CONTEST

There seems to be a general agreement throughout the Province that the Premier has "put his foot in it" by going to the country with his policy of beer parlors and a practical return to old-time bar conditions.

Many will regard the Local Option provision one of the worst features of Mr. Ferguson's proposals. It will encourage booze hunting excursions from the dry townships and towns to the wet towns and cities.

Then the country is getting worked up, or at least Conservative speakers will try to work it up over the promise of a number of highways to be started next spring.

The Ferguson bid for votes by a reduction in auto license fees, the cutting off of a copper on the cost of an amusement ticket, the elimination of a tax on admission fees to church and charitable affairs and the lowering of the revenue of municipalities by the increase of the exemption from income tax is a poor affair.

Without an appeal to the people and doubtless have come in time by whatsoever party occupied the government seats. For them no credit is due.

As a herring to distract attention from the main issue, the Premier's betrayal of the temperance element of the Province and the fall for the distillation of the brewers and distillers of the revenue of the Province.

South Grey, which gave a 3880 majority for the retention of the O. T. A. should again speak with no uncertain sound when they see it in danger.

Vote dry on December 1st.

Owen Sound Sun Times: "If returned, Ferguson's policy will make a checker board of Ontario and involve an interminable agitation and voting on 'local option' permits.

Does Ontario want to go back to that? Does South Grey want that?

Death of James Marshall, a Normanby Pioneer

On Monday, 1st November, 1926, the last call came to James Marshall, a well known farmer on 3rd con. Normanby, near Knox Corners.

He was in Durham only on Wednesday last, but for a year or more, had been in indifferent health, which he traced as a result of smut poisoning while out West some years ago.

Deceased was in his 76th year and was born near Glasgow, Scotland, coming with his parents to this country at the age of two years.

Here in Normanby, he grew to manhood, and chose for his wife Miss Susan Gadd, who predeceased him eight years ago.

To them were born four children, one dying in infancy. The others are Andrew on the home farm; Jessie, Mrs. David Marshall, on the farm adjoining and Thomas in Sask.

Besides these, as chief mourners, one brother and three sisters survive: John, nearby; Jessie, Mrs. Chas. Ebenau, Kindsersley, Sask.; Lizzie, Mrs. Fred Schrieber, Mt. Forest; Annie, at home with her brother John.

A well-known sister Margaret, died a few years ago as did a brother William. A brother Andrew whose widow lives in Durham, died many years ago.

Deceased with the exception of 10 years out West, has lived here all his life. He was a member of the Presbyterian church and in politics would have called himself Independent.

He was a good farmer and in his home life was a good husband and father. To all the mourners the Review extends sympathy.

The funeral takes place Wednesday afternoon to Maplewood cemetery.

Tunney who defeated Dempsey for the heavyweight fighting championship of the world, is reported to be a very mild-mannered young man, precise in his speech, rarely ever known to use slang and has never been known to swear.

All of which speaks volumes in his favor.

CRAWFORD

Miss Winnie Blyth of Varney was the guest of her sister for a couple of days last week and attended the Halloween Social Thursday evening.

Mr. Dan Stinson has been engaged as an employee in the Ball Furniture Factory, Hanover.

Mr. and Mrs. Alf. Fiddis and daughter Marie of Chesley, and Mr. Russell Fiddis of Brant were Sunday visitors at the home of Mr. and Mrs. Edward Boyce.

Mr. Martin and Mr. Marshall and son, had a pleasant visit recently with Mr. and Mrs. Thos. Stinson.

We wish to congratulate Miss Nel-

He Stinson, Entrance pupil, on winning 3rd prize in the Home Garden Competition.

Mrs. Anderson and son Wilbur, visited on Sunday with Mr. and Mrs. Geo. Brown and called on Mr. and Mrs. Dan McKechnie, Glenelg.

We are pleased to report that Miss Elsie Boyce is able to be at home again, having left the Durham Red Cross Hospital on Sunday.

A number from this locality attended the meeting at Louise on Friday evening, at which addresses were given by Miss A. C. MacPhail, M.P. and Mr. Farquhar Oliver, the U.F.O. candidate, in the present campaign.

Miss Ruby Blyth held a social hour on Friday for her pupils. The school was beautifully decorated with emblems of Halloween.

All had a good time and everyone felt that goes along better if there is some fun mixed with it.

Such a joyous social crowd gathered at Reeve McDonald's last Thursday evening to celebrate that night when spirits are supposed to hover round. There were witches, ghosts, hobgoblins, old women of fifty years ago, negroes and—yes, the Duke and Duchess were there.

These took part in a costume parade in an endeavor to identify them. When the old witch had swept all the guests to their places, the chairman, Rev. Mr. Young began the program. The meeting opened by singing "Blest be the tie that binds." The scripter Twainley then read the Scripture lesson and Rev. Mr. Young led in prayer.

Comic recitations in keeping with the season were given by Misses Clara Subject, Florence McCaslin, Mildred Henderson and Master Ronie McDonald. Instrumental music was rendered by Miss Edith McDougall and Irene McDonald. Miss B. Boyce and Mrs. Andrew Hastie sang very sweetly "Flow Gently Sweet Afton" and Miss Winnie Blyth sang a very pleasing solo.

The Crawford school delighted the audience with their Halloween drills, songs and exercises. Community singing was a feature of the program when everybody joined in singing the old time songs.

The Flower and Bean contests and the different games were enjoyed by the young and old alike. A hearty vote of thanks was given the McDonald's for their hospitality, to Miss R. Blyth for her painstaking efforts to train the children and also to the chairman for the evening.

Sandwiches, cake and candy were served to almost one hundred young people of the community who felt that their first social evening was a grand success.

As a progressive Dairyman desiring to secure maximum profits from my milk herd, I realize the necessity of adhering to an organized schedule of care, feeding and handling. AVERAGE MILK PRODUCTION PER COW IN DIFFERENT COUNTRIES. My first step should be the selection of a true bred sire... Proper selection of dams also will bring us on towards a more milk, better milk and better stock. A clean condition like that pictured here will never be reached by any herd unless the cow is kept clean, dry and healthy. The growth in the number of cow testing associations continues as that membership in one of these things, I pick my association, full support and cooperation. Proper feeding is essential. Therefore I shall always provide a carefully balanced ration to my herd, as well as a plentiful supply of pure, clean water. The dairy economy that buys my milk must value quality and sanitation as much as I do. My most careful care is from the point beyond which I have no control. Then when my milk is bottled I shall know I am proud of my efforts. I shall get more milk and more money for my milk and the gospel of clean and better milk shall spread throughout the land.
