Queen St. S. S. Concert an Enjoyable Affair

The Sunday School scholars of the Queen St. church, with its officers and assistants, put on an attractive program in the Town Hall Thursday evening last. There is no place one catches the enthusiasm of youth as at a concert of this nature and with Santa Claus around the corner, there was plenty of excuse for the vivaciousness that prevailed. The numbers were well rendered and everything passed off without a hitch. In the absence of Rev. Mr Peters, Mr R. Padfield accepted the position of chairman. Mr Wm Benson added to his laurels as a solo singer and his duet with Mrs Mark Wilson was a beautiful selection.

The pantomime at the close "Jerusalem the Golden," was a striking number with six young ladies posing to this hymn sung by Mr Benson. Mr Geo. Virrs was compelled to respond to violin numbers: Miss Norma Gagnon contributed a pretty solo and the instrumental work of Mr and Mrs E. MacDonald, and Messrs. Irving Storrey and Roy Wiggins were encore numbers. The remaining numbers were all by juveniles and included a chorus by the S. S.: "The Lord's Prayer" sung by 8 girls; Address of welcome, Ross Wilson; By-to song, 10 little girls; dialogues, Frances Hay and Elsie Goodchild; "Little Mothers", 8 little girls; recitation, selection from Hiaiwatha, Geo Hay; duet, Inez Twamley and Gertrude Glass; flag drill, 12 girls; recitation, Clara Jack; dialogue, "Waiting for Santa."

The Hall was fairly well filled and the S. S. management will have a nice surplus.

The Passing Years

GOOD BYE, 1926

A day more and 1926 with its record of good or ill will have passed into oblivion. To many it has brought happiness, to others it has brought sorrow: to all it has brought opportunities which, improved, must have brought satisfaction and let us hope happiness, but if unimproved, heart searching, and if unimproved, the adoption of a determination to use the coming year in such a way that at its close we may hold our head up, and say "I have done my best."

WELCOME 1927

It is good for us that we know not what it may bring, but to all of us there will come the opportunity to "act that each to-morrow Finds us further than to-day." If we are in health, vigorously making use of that great blessing; if we are a sufferer from any cause, let us cultivate the virtue of patience. And when pressing forward may we also look upward and find our strength in Him, the director of all events and the Giver of every good and perfect gift.

Thus fortified, sunshine will come into our lives, we will view life through optimistic glasses and every day will feel like saying as we do now to all readers, advertisers and correspondents, a

HAPPY NEW YEAR

Letter to the Editor

To the Editor of Durham Review: Dear Sir:

Believing that the same prominence has not been given to facts and figures against the by-law that has been given in favor of it, I am writing this letter to the ratepayers of the town, so that both sides may be considered impartially. There is perhaps no person discussing the by-law, who does not believe that it is essential that every boy or girl living in the town or surrounding country, should be given a good fair education to fit the child to meet others on an equal basis, and I believe nearly all will agree that our Public School and High School as at present situated, is capable of doing this if practically applied.

The argument given in favor of the by-law is to establish IV Form work, to fit the pupil for more advanced education, aiming at Matriculation and University training. In the town or attending High School there may be a few who would take up this work in some particular year but the number will always be comparatively small, not more I believe than six or eight any particular year. There must be a limit to our educational aspirations at some point or other.

Our town has a small population, about 1600 and we cannot expect to have the same facilities or advantages that larger towns have, who have a population of five, three or ten thousand. We are at present spending nearly \$20,000 a year on education. Can we afford to spend four or five thousand more? Therefore it is well every ratepayer should know the cost of the proposed by-law. It is proposed to issue \$25,000 of debentures. This with interest will mean in 20 years about \$44,000—a fairly good sized mortgage. But this is only the small part of it. Extra teachers, caretaking, heating, lighting, would cost a much larger sum, or in other words it will cost about \$2200 annually to meet the debentures and interest.

The present high school of four rooms is costing us nearly \$9000 a year for maintenance. If an additional building the same size is erected and maintained, surely 50 per cent of the present cost would not be too much to apply to it or \$4500. It is contended that some additional grants would be received. These are always problematical as changes are taking place yearly: but suppose we say an additional \$500 would be received. It would mean a yearly maintenance of \$4000 or in all \$6200 yearly or in 20 years over \$12,000. Assuming that my figures are correct or perhaps below the mark, what does it mean to the property holder? If you are assessed \$500 the extra rate would be 8 or 10 mills or four or five dollars yearly. If assessed \$1000 your extra taxes would be \$8 to \$10 yearly, or if \$1500 assessed, \$12 to \$15. It is also contended our High School is over crowded. If so it fortunately happens that a good building (the Armory) provided with good ventilation, heating and lighting and at present very little used, could either be purchased or rented for a time. It is a well known fact that the attendance of the pupils fluctuates and in 2 or 3 years we may have fewer pupils attending, or if a greater number were attending, it would then be a reasonable time to look for further accommodation.

The town requires many improvements such as street paving, new Town Hall, water works and sewerage system, if we could afford it. We have a debenture debt at present of \$82,000, including guaranteed debentures. Can we afford at the present time to take on an increased taxation or rather would it not be better to wait for a few years until

some of our present debt was paid off and then take on new obligations? Our taxes are very high at present; if the ratepayers wish an increased taxation, vote for the by-law. If, on the other hand you want some of the present indebtedness paid off and take on some other improvements which cannot be delayed, vote against the by-law which seems the reasonable and sensible thing to do. Thanking you Mr. Editor for your valuable space, I am Yours truly, William Calder

TELL THE OLD FOLKS NOW

"If with pleasure you are viewing any work a man is doing, If you like him or you love him, tell him now. Don't withhold your approbations till the person makes omissions, And he lies with snowy lilies o'er his brow: For no matter how you about it, he won't really care about it. He won't know how many tear drops you have shed. If you think some praise is due him, now's the time to slip it to him. For he cannot read his tombstone when he's dead. More than fame, more than money, Is the comment kind and sunny, And the hearty warm approval of a friend: For it gives to life a flavor and it makes you stronger, braver, And it gives you heart and spirit to the end. If he earns your praise, bestow it, if you like him let him know it. Let the words of true encouragement be said. Do not wait till life is over and he's underneath the clover, For he cannot read his tombstone when he's dead."

Christmas Entertainment. The annual Christmas entertainment of the local church S.S. was held on Tuesday of last week. The night was ideal and the church was filled to capacity. Crawford has won for itself the reputation of putting on a splendid entertainment and surely this motto in this respect must be "What we have we'll hold" for Tuesday evening's program was one of the best and certainly reflected much credit on the performers and directors. Rev. Mr Young very ably filled the roll of chairman. Each number was well given and received hearty applause. The choir rendered two beautiful anthems and Miss W. Blyth sang two pleasing solos. The pantomime "Rock of Ages," given by 6 of the girls was indeed well done.

The "Hoop" and "Star" drills were especially worthy of mention. The "Christmas Story," as told by Mrs. Wm Campbell to four little tots was well explained in simple language to those of tender years. The pageant, "Bethlehem," showing the shepherds as they watched by night and the angel's message of comfort and the second scene known as the "Nativity" scene was well displayed.

The play given by the Seniors, entitled "Uncle Joe's will," was much enjoyed by all as each one acted his and her parts effectively. The recitations and exercises showed that the children had caught the Christmas spirit as every number seemed to be carried out so enthusiastically.

Mr Alex. McDonald, Supt. of the S.S., was then called upon to speak and distribute the gifts. The scholars were so regular in their attendance during the summer that it was difficult to be the climax of a most successful year in S.S. work. Candy was passed to those who did not receive the 'goodies' of the beautifully decorated tree.

God Save the King was then sung and Rev. Mr Young pronounced the benediction.

Now Manager of St Marys Mr Russel M. Wilson, a former teller in the Royal Bank here, and a well known Owen Sound boy, has been appointed manager of St. Marys branch of the Royal Bank. Mr Wilson has until recently, been connected with the head office in Montreal. The St. Marys office is one of the most important in Western Ontario and Mr Wilson is being congratulated on the move.

CARD OF THANKS

Sudden Death of S. J. McGirr in B. C.

(The following obituary of the late S. J. McGirr appears in the issue of Dec. 3rd of "The Sunland Review," B. C., where deceased has resided for many years. He was a son of Mr James McGirr, one of the earliest of Glenelg's Reeves and a cousin of the late Thos. McGirr of town.)

"The community received quite a shock last week when one of its prominent citizens, Mr S. J. McGirr, dropped dead on the road from heart failure. He had been working in the forenoon tho' not feeling in the best of health. About 11:30 he left the work to go to his cabin to put on the fire to make some tea for himself, and a fellow workman, Mr Keating, at the noon hour Mr Keating left the work and about half way to the cabin noticed Mr McGirr's body on the road. The Dr. was summoned, but it seems that death was practically instantaneous.

Carrying out a former wish of deceased, three Veterans under the direction of Mr Crookes, fired three volleys over his grave and Mr Crookes blew the Last Post on his bugle. The casket was draped with the Union Jack in the church, the flag being taken off at grave. Mr McGirr for several years had been representing Ward 3 on the Municipal Council and also was a member of the Irrigation Board, having rendered efficient service in both. He always took a very keen interest in all civic affairs and was a pronounced patriot. In his earlier life he had been a member of the volunteers in Ontario, having held the rank of captain. Had it not been for his age and felt it very keenly that he would not join the forces. He came to Peachland nearly 20 years ago and has since made this his home.

He was held in high esteem by the many friends he won during his years in the community, as shown by the many who turned out to show their last respects to the remains. The deceased leaves no immediate relatives nearer than cousins who reside in Ontario.
