GEORGE YOUNG A"

Much aroused interest is being aken this week in the exploit of George Young, a 17 year old Toronto boy, who won a \$25,000 prize by swimming from Catalina Id. to the coast of California, a distance of 22 miles and the only one of about 100 contestants to complete the distance. Such a notable athletic win will advertise Canada. His mother, a widow, gave him what little she had to go to California. Railway fare was heavy, so he rigged up an old motor cycle which broke down sources and reached his objective, Catilina Id., and won his noted victory. Best of all he is devoted to his mother, for her sake he is proud of his victory and both have receivmier and public men. Watch for his juries. Scott was kicked while he and Mrs L. McLean. Ontario and even Canada will share in the rejoicing. Of the 100 starters shown signs of viciousness. only one came through and that a Canadian boy. The prize is given by Wrigley Jr. of chewing gum fame.
