OWEN SOUND 4, HOLSTEIN 0 Holstein again received a drubbing from the O. Sound 11 on Thursday evening at the Athletic field here. The teams lined up before the largest crowd to witness any group game so far. Though the weather was quite cold and a strong wind blowing, they didn't seem to mind.

O. Sound received the toss and chose to kick with the wind which was quite an advantage. Holstein showed up their best form in this period and were in close several times and were unlucky not to score. As O. Sound won the toss Holstein had the kick off and on a pretty effort in the first half minute went through, Clements hitting the cross bar. The play ranged from end to end with both goals having shots to stop and after 10 min. of play Robston scored from well in. Holstein pressed again and Clements passed in front of the goal but there was no one to take the pass. In the closing minutes of the second half, H. Plinder shot from the side and missed by inches while Red shot over the bar when close in. At the other end McKenzie was having plenty shots to stop but handled his post.

Considerable agitation to adopt the Good Roads system is being put forth nowadays, meeting with considerable opposition in some townships. But we got an eye-opener. The difference in the roads in Carrick as compared with the roads in Normandy, for the roads we travelled in Carrick were as smooth as our Provincial road. As for the roads in Normandy, they were only a mere excuse compared with Carrick.

By all means let Normandy adopt the Good Roads System and let us out of the ruts and mud. Mr Klein, brother-in-law of Mrs. John Marshall and two other friends all from Buffalo, N.Y., visited at the Marshall home on Thursday evening last and returned again Friday.

The frequent rains and now and again warm rains are producing a great growth and prospects are good for a bountiful crop. The Holstein Softball Club played their third game with the Knox Invincibles and defeated them for the second time by the narrow margin of two runs in a five inning game.

We feel it a great privilege to be able to celebrate the 60th birthday of our great Dominion of Canada. In that time we have seen and enjoyed, most of the developments. From tal-low dips to electricity, or sleds to automobiles and aeroplanes, corduroy roads to the splendid highways we now travel on, also the great railroads. The crude farm tools replaced by every kind of machinery and implements: telephone, radio, and many other inventions is indeed very wonderful. We are proud of such a noble heritage and wish we could live to see what the next 60 years will produce. God bless our country.

Egremont-Toronto Picnic

This annual function—sixth of the series—came off on Saturday last in High Park, Toronto, and was pronounced a great success. Twice during the day, at noon and at 2 p.m. rain fell heavily, threatening failure, but after the last named hour, it cleared up, grass soon dried, people gathered and about 200 associated with old Egremont by birth or otherwise, spent five or six hours pleasantly in social chat or in reminiscence, recalling old times or developments up-to-date. Of course at the proper time they ate together from tables abundantly supplied with material for the inner man got together by the ladies.

Later, an active committee as usual had a series of games under way, races for young and old and other stunts, suitable for the day and occasion and all went home feeling it was good, even once a year to come together for old times' sake.

We are afraid to venture on giving names for we can't begin to remember all, but to give it coloring we may say that J. M. Findlay, wife and family were much in evidence; Robt. Isaac and brother Wm and families; Mr and Mrs Finkle (Lizzie Leslie); Mr A. J. Leslie (Bella McInnis), D. McInnis and wife; J. H. Coleridge, wife and daughter Jean and guest, C. Ramage; Thos. Binnie, Frank Hopkins and son, Mr Cameron, formerly of Holstein; Wm Sackett and family; Mrs Mitchell (Lizzie Garson); Hugh Baird and wife and some of their children; Mrs Ray, (Helen Isaac) and husband; Ethel and Jessie Campbell, daughters of Donald Campbell of Orangeville, formerly of Swinton Park and many others. A record taken on grounds was lost.

Many such groups throughout the summer in Toronto's parks tell the story of decreasing rural population being absorbed in the cities. The demand for space in the parks is so urgent that application must be made early in the year for the privilege.
