Cully Roeker, night policeman of Listowel, about 11.45 p.m. on Tuesday, noticed a man getting away from the office of J. C. Baker and Son, coal merchants and gave chase. Falling to stop his man, Roeker fired several shots but the man got away in the darkness. On examining the office, it was found that the safe, which was open, had been rifled and some silver taken. So far no clue has been secured to identify the thief.

ALYTH'S CORNERS

Miss Ida Hoefin, her niece Miss Florence Mellivide, and Miss Esther Petty left on Saturday last on an extended trip to the Pacific coast. They anticipated having a high old time, as no doubt they will.

Messrs John and Robb's McVain have completed moving their fox ranch to the Wm. Stewart farm purchased in the Spring. It must have been a considerable job as their ranch occupies about an acre all in wire cages. They have about five silver grey foxes. In moving one of the foxes escaped and after roving about a couple of days, Mr Alb. Mearns caught it in a trap and restored it to the owners.

The large congregation in Knox United Church on Sunday morning last must have been greatly enthused and inspired by the patriotic sermon delivered by Rev. Mr Smith with a fervor and eloquence surely seldom surpassed, if equaled, by any. If the constructive policy so ably advocated by the Rev. gentleman is put into aggressive action; "Loyalty to Christ and obedience to His will", Canada is bound to go forward with rapid strides in becoming the leading nation of the countries of the world. Righteousness (and not great statesmen, God-given as they are) exalteth a nation.

We were very pleased to have a call on Monday last from Mr and Mrs Lochie McKinnon of Calgary, Alberta. Lochie is standing it well, and in addition to being a rancher on a big scale, owning 1200 head of cattle, 50 brood mares, etc., he owns 3000 acres of land and had last year 51,000 bushels of wheat, besides thousands of bushels of oats and barley. On account of the unfavorable weather last fall, the most of the oats and barley were threshed in the Spring and apart from a small waste from mice, etc., it was in good shape when threshed.

Words of Appreciation

The following words of appreciation were read by Mr E. D. McClocklin to Mrs Farewell and daughter, and the Regent, Mrs G.S. Kearney, on behalf of the I. O. D.E. at the close of the brilliant Jubilee Pageant last week. We regret that space limitations prevented us from publishing them last week:

To Mrs (Dr.) Farewell Madam:—

The members of Canadian Greys Chapter, I.O.D.E. and their friends who have assisted in this evening's entertainment desire to convey to you their appreciation of your untiring efforts on their behalf.

Your wonderful creative genius which enabled you to vision and arrange this Pageant, your energetic enthusiasm in its preparation and the patience with which you have endured our shortcomings, has instilled in us a sense of obligation which we feel constrained to express publicly.

We ask you to accept this testimony of our regard and these symbols of beauty and joy as tokens of our esteem and good wishes. Signed on behalf of the Pageant Co.

To Miss Helene Farewell Miss Farewell:—

The members of the Pageant Co. wish to express to you their gratitude and pleasure in having yourself numbered among them. Your histrionic and interpretive abilities have excited their warmest admiration and will be an inspiration to the amateur entertainers of Durham for years to come.

We wish you to accept these tokens with the best wishes of the Pageant Company.

To Mrs Kearney Madam:—

To you belongs the thrilling satisfaction of having set yourself an arduous task, and having performed it well.

The multifarious duties that devolved upon yourself in connection with this Pageant, were attended to in a manner admirable and commendable. We trust that the splendid success of this evening's entertainment will overshadow the memory of your trials and troubles during its preparation.

FINAL STANDING OF GROUP No 1

Table with 5 columns: Team Name, Won, Lost, Points, Total Points. Rows include Owen Sound, Holstein, Sw. Park, Aytton.

HOLSTEIN I, SWINTON PARK 1

Before the largest crowd of the season the last game of the group was played at the Athletic Grounds here on Monday evening and it proved to be one of the most keenly contested and exciting games so far. The teams were evenly matched Holstein winning second place by holding their opponents to a tie.

Sw. Park won the toss and Holstein lined up against the sun which was a disadvantage. In the opening minutes the defense of both teams was very strong and neither team was breaking through for shots on goal. Holstein opened the scoring after 10 min. play when Eccles shot through a mass of legs after receiving a nice pass from Calder. Holstein played their best in the first period and held the ball mostly in both territories. McKenzie net having a shot to stop. McMillan at the other end made some nice saves on hard shots, the first half ending with Holstein by 1 goal.

From the face off in the 2nd half, S. Park forced the play and in this period had the edge of play tho' Holstein made some dangerous rushes and were unlucky not to score. McLeod was in close but shot wide. A few minutes later McKenzie came out and made a nice save. Eccles and Clements made a nice rush but Clements missed the pass and Pinder shot wide. Clements trapped a shot from Calder and shot a wicked one but hit one of his backs. Holstein were now forcing the play but could not score. The play was becoming faster, Swinton shot, McKenzie saved, but Knox scored on the rebound only to be called back for a foul and the goal disallowed.

They were not to be denied and in the closing minutes Delbert Haw scored for Swinton on a pretty shot, close to the upright, which McKenzie's foot just grazed. The play in the closing minutes was at fever heat, each team striving for the winning goal but the game ended without any score.

Hockey was carried from the field in the closing minutes of the first half with a wrenched knee but Pinder came on and finished the game, tho' it could be seen he was playing

under a handicap and could not play the clever game he was capable of.

Calder on right wing, played one of the best games on the field and put in some beautiful passes. Gibson and Blyth were very reliable on the defence and made up some dangerous rushes. The forward line played nice combination and broke through for more shots than their opponents.

Discarded Mail makes Untidiness

During the past week, says the Fergus News Record, there was another deluge of discarded posters on the floor of the Post Office and in the scrap box, the latter being practically full at noon, the day of distribution.

The people have got rather fed up with having this class of material fill their post office box and throw it aside with disdain. The postmaster is not to blame for placing these in the boxes as it is a part of his duties, the postage being paid on them in bulk. Neither is he accountable for the way the people use these from the other side of the wicket. The only solution to the wastage is the use of the newspaper for advertising. In this way the purchasing public is reached and results obtained.
