C mergency sessions of the League of Nations will soon be held by telephone, predicts Secretary-General. L Sic Fire Drummond. Special telephone equipment is being constructed for installation in the League headquarters (shown above) permitting Geneva to link up with Paris, London, Brussels, Berlin and Rome, and via transationtic service with Washington and Ottawa. In the event of extraordinary developments, when a speedy decision is vital, much precious time can be saved by telephone discussion

The information is of especial interest to Canada, whose representatives Senator Raoul Dandurand (No. 1 above) and Senator N. A. Belcourt (No. 3) have taken such prominent part in recent League discussions. (No. 2) Sir Hacbert Ames, formerly M. P. for the St. Antoine Division, Montreal, was for some years Financial Adviser of the League.

We ask the question because the referred to the Supreme Court the ley and attended Divine service at question whether a woman's a "per- Geneva Presbyterian church. son" as may be appointed to the Senate without enabling legislation If the Supreme Court should decide that such is necessary before a woman "person" could qualify for the Senate, then it is suggested, let us say aff. med, that the same obstacle would prevent a woman taking a seat in the Commons.

Should there be a shadow of doubt as to this elegibility, the government will of course at first opportunity, enact the necessary enabling legislation for the day is now past when the sex question can be considered in this connection.

At t he time the voting law was "person" applied only to males and when the question arose in Britain of giving women the vote enacting legislation was passed broadening the meaning of "person" to include both sexes.

South East Grey would make some noise were Miss MacPhail excluded from Parliament because she is not: "person" under the original meaning of the word! The matter will at least give extra spice to her speeches she is giving in Manitoba at the

present time.

DEATH OF MRS. BURKHOLDER standing women in the death of Mrs H. F. Burkholder of Hamilton, While her life and work has been chiefly confined to I.O.D.E. welfare, she has shown broad sympathies with everything that carried an uplift tendency. As Provincial President the Independent Order Daughters of Empire since its inception, she will be best and lovingly remembered. The writer has seen her conduct more than one meeting and her admiration for her ability in this line was always strong. Her quick wit, sympathetic understanding and inherent sense of honor was shown on these occasions. Her husband was a constant lieutenant to her at these Provincial gatherings and aided in ev ery way possible to the smoothness of the meeting. On one particular occasion he was used as a scrutin eer in counting the ballots at the reelection of officers and of course Mrs Burkholder and many other Hamilton members were returned to office This caused resentment among some of the delegates, as they thought it was too much "Hamilton" and it came to Mrs Burkholder's ears that her husband was not the proper man to act as scrutineer. "Ladies," said Mrs Burkholder, in explaining what she had heard "This is the unkindest cut of all." Her eyes filled for a few moments, as if it were possible
