October meeting Queen St. W.M.S.
The October meeting of the W. M. S. of Queen St. United Church, was held Thursday afternoon at the home of Mrs. Wolfe. The opening hymn, "More love to Thee" was followed by prayer from our monthly program, being repeated in unison and concluded by Mrs. Groves. The scripture reading from Psalm 46 was read by Mrs. Wiggins and all joined again in singing "My Faith looks up to Thee." Mrs. Fiddes introduced our new study book on "New Paths for Old Purposes" and gave a most interesting and earnest talk. As we study this book we shall learn that the facilities and also the difficulties of the missionary of to-day are vastly different to those of 50 years ago. Therefore it is necessary to adopt new methods or paths to accomplish best results. The cable, telegraph, auto—all assist in laying the movements of our Canadian people like an open book before the heathen of the Orient. Our individual lives must account for the success or failure in our work for Christ. The letters from the Watchtower were read, minutes of previous meeting given and approved, business dispensed with and the meeting closed by all repeating the Mizpah.

The young son of Mr. Martin Wilson of Egremont, had his tonsils removed at Durham Hospital Wednesday. Dr's Sneath and Jamieson.

A miscellaneous shower was held at the home of Mr. Harold Falconer, Eugenia, recently, in honor of Mrs. Falconer's sister, Miss Gertrude Greenaway, whose marriage took place Wednesday last to Mr. Percy Magee of that district.

Mr. C. P. Kinnee received the welcome news last week from his sister Mrs. Chas. Leavens of New Westminster, B.C., that she is making a good recovery from her recent illness. Many old Durham friends wish her completely restored health.

Mr. Jas. Burt Receives Ovation in Teeswater
At a gathering of six hundred Masonic brethren in Teeswater on Wednesday night of last week, Mr. James Burt of Durham was introduced to the audience and received a tremendous ovation. Past District Deputy Linklater of Teeswater, referred to Brother Burt as follows:
"We have with us to-night, Brother Burt of Durham, ninety years old and for fifty years a member of our Order. When you consider his record and enthusiastic spirit, there must be a great deal in Masonry." These few words were the signal for great applause and the venerable "zenial James" rose from his seat at the back of the platform and smiling from ear to ear, gave a hearty wave of his hand in acceptance of the great reception tendered him.
The large meeting was held to hear an address on "Prehistoric Masonry" by Rev. Dr. Gabriel McGuire, of Clarkburg, West Virginia. His address lasted three hours and was of such a high order, that the audience was spellbound throughout. Members of the A. F. & A. M. were present as far as Woodstock and Goderich on the south and Owen Sound to the north. Two or three carloads were present from Durham.

M. McKechnie's big Barn Burned at Threshing

One of the worst fires in this vicinity for some time

To have barn, crop and some of his stock, wiped out almost in a twinkling, was the staggering blow dealt to Mr. Malcolm McKechnie, Rocky Saugeen, four miles north of Durham, on Wednesday afternoon. Malcolm had his own threshing outfit at work in his barn, and had the threshing almost completed, only a few loads of peas and some oats being left, when shortly after 3 p. m., the engineer, Mr. Alex. McDonald, noticed a blaze in the sheep pen, which was a lean-to at the east corner of barn. It was probably caused by a spark from engine falling in straw and other readily combustible material. About 16 men were at work and first endeavored to burn to safety and some of stock, including two horses, removed, yet so quickly did the flames spread that two horses, eight pigs about 100 lbs. each, one calf and some hens could not be rescued and perished in the flames. One horse burned had been driven out, but ran back in barn. The horses burned were owned by Mr. McKechnie and one by Walter Clark. Two cars run in below the barn by two of the threshers, Earl Vessie and Herman Weber, were also destroyed, as was the hen house adjoining the barn and seed drill.

In 20 to 30 minutes the barn was a heap of ruins and at one time the house, about 150 feet to the south, was in danger.
The barn was a fine structure 40 x 85 feet with stone foundation and besides stock and implements mentioned, contained a big mow full of hay, about 250 bus. of wheat and other grain.
It is a heavy loss to Mr. McKechnie, more so just now at the outset of winter with barn and crop gone. He has some insurance but last night did not remember or look up just what amount; at any rate the loss will run up in the thousands.

Further particulars will be given later. The Chapter will sell poppies as usual this week, the proceeds going to the invalid veterans of the Great War.

Re-organized for Hockey
Quite an enthusiastic gathering of hockey fans met in the Hahn House Tuesday night to organize for the coming season. Last year's officers were re-elected in a body as follows: Hon. Pres., H. A. Hunter; President, Harvey Wilson; Vice Pres., J. N. Murdoch; Sec'y Treas., M. Seinacher; Managing Com.: Allan Bell, S. Pinder, F. McElraith and Jim McLachlan, in place of H. Elvidge, removed. Lance McGirr, Jim McLachlan, Allan Bell were appointed a committee to meet the Durham Amusement Co. officers at annual meeting to arrange to have two hockey rooms upstairs in rink for teams, with direct access to ice and a heating system by which team can get a shower bath.

The entries were left to the management. Just what teams will represent Durham is not certain, but most probably an Int. O. H. A. and Sr. Northern and either Jr. Northern or Jr. O. H. A. will be entered. The Sr. team is intact from last year, when they were Sr. Northern finalists, while the Juniors have some excellent material as well.

Girls Won E. V. P. U. Debate
At the regular meeting of the E. V. P. U. in the Baptist Church Monday evening, a debate "Resolved that men have been of greater service to the world than women" was well handled by four young people of the Society. Seaman Havens and Wm. Erwin upheld the affirmative, while Misses Mary Beaton and Thelma Bell supported the women's side of the argument. All interestingly, and at times, humorously, presented their case, quoting many prominent men and women in various spheres who contributed to the world's betterment. The girls proved slightly more convincing talkers, and won a close decision from the judges. Misses Margaret McGirr, Mary Morion and Mr. Peter Ramage, the President, Miss E. Schaffer presided. Following the debate contests and luncheon closed an entertaining evening.

Addresses Large Masonic Gathering at Dryon

Rev. W. H. Smith in his address Provides much food for Thought

On Tuesday evening of this week, Rev. W. H. Smith, B.A., was invited to Dryon to a big Masonic gathering, on the occasion of a visit of the D. D. G. M., Mr. T. Wardley of Elora. After the work at the lodge room, the members and their wives were taken to the banquet hall of the local hotel where a magnificent soup supper was served all. After the usual toasts, which were suitably responded to, our own Rev. W. H. Smith gave the address of the evening. We regret we can give but a mere synopsis of a wonderful address which took forty minutes to deliver.

After congratulating the members upon the occasion and the audience, and his own appreciation at being invited to speak, he went on to speak of the early guilds and crafts of their organization, privileges and ideals and suggested that there were several important lessons we might learn from them with reference to the conditions we face in Canada. First of all he emphasized that an apprentice had an ambition to do good work. To that end he put himself absolutely in the hands of some master craftsman. He watched him working and learned how to do by doing—the only way we can learn. He spoke about the old Jewish custom of teaching every boy a trade by which he might make his living and quoted the fact that skilled mechanics are freer from temptation and more certain of steady work and success than others.

The most successful men in the world emphasize that the secret of success is hard work. This is our jubilee year and we have been boasting about our forefather's strength, skill and success. Are our boys of the same calibre as their grandfathers? We have enormous resources and only by good work can the future prosperity of Canada be guaranteed.

These men were not only taught how to work but to do beautiful work. There is more joy in making beautiful things. Carl Hiltz says: "No social problems would exist if all worked faithfully." The secret of beautiful work is to do the one thing—the thing you love to do. One thing done better than any other is genius.

These men also learned how to work together. Working together is the beginning of community life. They met on the bench as equals. They were free men.
Democracy may be said to have been born in the old Guilds. Here was found the aristocracy of brains. Working together is the secret of:
1. Lodge success
2. Business prosperity
3. Community welfare
4. National Progress
and of international peace.

Today the challenge of the League of Nations and the Kingdom of God is to work together. These men worked together to build a temple for worship and other structures for government and community life. They worked for God and man. Their ideal toward the brotherhood of all men and the idea of the ideal in our modern life to do good work, working together for the highest service of mankind and for the glory of God.
Mr. J. A. Rowland was also present from Durham lodge and responded to the toast of "Our visiting brethren."

New High School Addition is up
The new addition to the north side of Durham High School will soon be ready for installing seats and other equipment. The brick work contractor, Fritz Bros. of Clifford, completed their work last week, laying 200,000 brick in five weeks time. Woods of Mt. Forest, who had the contract for concrete work was first through. All the timber required was brought from British Columbia. The carpenter work on roof was completed last week also and this week the roofers finished their job. Mr. J. H. Harding who has contract for plumbing and electrical work, is now busily engaged. Mr. Henderson, the general contractor, was delighted to have fine open weather all October, which has enabled him to lose little time and have walls and roof enclosed before the heavy rains and snow arrive.

Mr. Will Buchan, Dunnville, came to Durham last week end with a truck and returned on Monday with between 30 and 40 bags of potatoes. Mrs. Wm. Philp and daughter, Mrs. Alex. Nicholson, Egremont, visited on Thursday with Mrs. Thos. Atchison. Mrs. John Thompson has returned to her home on the 2nd con., Normanby, after two months spent with her son Wellington and family at Disley, Sask. Miss Elizabeth Allan, Chesley, a former teacher at Zion, has been engaged to teach Crawford School for the coming season.

Mr. Munro Sutherland, Toronto, is in Durham at present, on inspection duties in connection with the Standard Bank. It is a rather curious incident that he is now inspecting in the very bank where he first entered as a Junior clerk. Mrs. Sutherland accompanied him and both are visiting at Mr. W. B. Vollett's.

Dr. and Mrs. David Jamieson left the first of the week for Toronto, where they will be in residence for the winter.

HYMENEAL

KRESS — McCRAE
An interesting Autumn wedding was solemnized at the home of Mr. and Mrs. Hugh McCrae, Durham, on Saturday afternoon, October 29th, when their elder daughter, Stella, was united in marriage to Mr. Harry Kress, son of Mr. and Mrs. Edward Kress of Durham. The ceremony was conducted by Rev. H. S. Fiddes of Queen St. United Church, in front of a bank of roses, mums and ferns. The bride, who was given away by her father, wore a period frock of yellow georgette. She wore a bandeau of pearls and rhinestones and carried a shower bouquet of Ophelia roses and lilies of the valley. The wedding music was played by Mrs. Earl McDonald.

After a dainty buffet luncheon, Mr. and Mrs. Kress left on a motor trip to northern points. The bride's travelling costume was a dress of blue satin-faced crepe trimmed with flesh, blue coat trimmed with mole and small blue hat. On their return they will reside in Durham.
The young couple were the recipients of many beautiful and costly gifts.

DARGAVEL — MacDONALD
The sun shone as a special favor on Wednesday of this week to honor the nuptials of Mr. William Herbert Dargavel of Vancouver, son of Mrs. E. Dargavel of Dorchester, and Miss Sadie Florence Macdonald, youngest daughter of Mr. and Mrs. Hugh Macdonald of Durham. The ceremony took place at 2 p. m. at Knox Church, where the bride's pastor, Rev. W. H. Smith, B.A., officiating. The bride was brought in on the arm of her father, and stood before an embankment of Autumn foliage, mums and roses. She was unattended. She wore attractively attired in a gown of navy georgette with golden background and wore a corsage bouquet of small yellow roses, also the gift of the groom, a rope of pearls. Mrs. W. H. Smith played the bridal music.

The ceremony was of the quietest possible nature, only immediate relatives of contracting parties being present. Following the ceremony, good wishes were extended to the newly weds. After light refreshments were served, the happy couple left on the 3:30 C.P.R. for their honeymoon to Toronto. They will return to Durham to spend the intervening time with friends and relatives here before leaving for Vancouver after the New Year where the groom is a successful contractor. The bride for some years has been a successful teacher on Durham Public School staff and the many pupils that have come under her care as well as their parents and many other friends, will wish for her as successful an experience in the school of married life.

The Review also takes this opportunity to publicly extend their good wishes on these happy culminations.
