BURNS HARD OR SOFT COAL, COKE OR WOOD The Gilson Magic burns any fuel equally well. It heats three times faster. The one-piece, heavy steel plate body, special cone-shaped grates, booster flues electrically arc welded joints, which permanently prevent gas and dust from leaking, all contribute to make the Gilson 'Magic' the most satisfactory and economical furnace.

REGULATION 17 MAY YET CAUSE TROUBLE

This famous Regulation, supposed in some way to protect the Protestant majority in this Province, was lately abolished by Premier Ferguson and by so doing, has aroused adverse comment in the ranks of the Orange Order. He is being blamed for taking this action before submitting it to the Legislature and there may be some hot words when that body meets or when Orangemen assemble in Convention.

POSSIBLE ELECTION IN JANUARY IN SOUTH BRUCE

A probability of a provincial bye-election being held in the South Bruce riding in the near future, has had the effect of arousing enthusiasm among members of the various political parties. The Progressives, encouraged by the success of the appeal of M. McCallum, are preparing to put a candidate in the field. The Liberals and Conservatives are also preparing and from present indications there will be a three cornered fight in the campaign.

Those O.A.C. students at Guelph, who so shamefully 'hazed' a 1st year student by roping him, dragging him through pig wallow, and publicly ridiculing him in front of a down town theatre in that city, all because this student was accused of squealing to the authorities on some minor matter that likely should have been told, should have severe punishment meted out to them.

New Inspector Appointed for East Grey School's

The vacancy caused by the resignation of Inspector Samuel Huff of East Grey, was filled by County Council last week, by the appointment of Mr S. A. Morrison of Exeter High School, and who was formerly Principal of Markdale High School. There were no fewer than eight applicants, but it was found out that five of these had not the necessary qualifications. The three who were qualified were: Mr Morrison, R. A. McConnell of Sudbury and H. J. Prenter of Victoria Public School, Toronto. All three addressed the Council, each making a good impression and it was evident the county would have been well served by the appointment of either one. The position carries a salary of \$3600 a year with quite a few perquisites for travelling expenses, postage, office rent, etc.

A condensed report of Mr Morrison's address from the Sun Times, appears below: "Mr Morrison briefly informed the Council of his qualifications, reciting in detail the early history of his educational course, which was quite extensive, receiving honors in a number of subjects prior to taking up High School work at Markdale and then at Exeter, where he is at present located. He also referred to the importance of the position and the part he expected to play in the life of the community and his duties in regard to the teachers throughout the Inspectorate, remarking that such a position as a Public School Inspector was to be prized and seriously considered, and if appointed he hoped to be of real benefit to the boys and girls."

LESSON No. 17 Question: Why is emulsified cod-liver oil so efficient a food for young children? Answer: Rickets or weak bones are evidences of lime-deficiency. Emulsified vitamin-rich cod-liver oil helps Nature supply this deficiency. Pure, pleasantly flavored, nothing quite surpasses SCOTT'S EMULSION

(Arrived too late for last week. The children of the United Church S.S. have begun to practise for the annual Christmas entertainment and which will be held Dec. 20th. Reeve D. J. McDonald is in Owen Sound attending the sessions of Grey Co. Council.

Miss E. Allan spent over the week end at her home near Chesley. We heartily congratulate Mr. Dugald Hastie on being one of the prize-winners to attend the Winter Fair in Toronto. While away these young men will be entertained at four banquets by the T. Eaton Co., the Robt. Simpson Co., Massey Harris Co. and packing company. They also receive a free ticket, lodging and board, while there. This doubtless will be a very educational outing and it is to be hoped the boys learn something, which will be of real value in their chosen profession.

Miss Jessie Twamley spent over Sunday as the guest of Mrs. Alex. McDonald. We are sorry to learn of the illness of little Bobby Hastie who has been in bed with an attack of tonsillitis. Thursday of last week the Lamash Y.P.S. were entertained by the members of the C.Y.P.S. The Lamash young people provided the program while our society entertained and served lunch.

An address of welcome was given by the visitors by the President, Mr. H. Bierworth. Mr. Thompson Boyd then presided over the remainder of the program which was a splendid one. The musical numbers consisted of pleasing solos by little Miss Wilda Redford and Misses Nancy Boyd and Elsie Boyce and a duet by Miss Nancy and Mr. Thompson Boyd. Recitations were given by Miss Jessie Twamley and Mr. W. Owens. A splendid talk was given by Mr. Carl Schmidt who chose as his topic, "Charity." Dr. Morrow followed with a most inspiring and interesting address on "Optimism." The entire program was listened to with rapt attention.

At the close of this part, the audience were divided into groups and contests were enjoyed by all. Roy Mr. Young spoke on behalf of the C. Y.P.S. and thanked the visitors for the splendid program and said it was a fine way for the young people of the two communities to get together to spend a social evening. At the close of the program lunch was served to over eighty.
