"There were Thieves too, in the Good Old Days," remarks the Lucknow Sentinel, as it tells of the discovery of a robbery that may have taken place 60 years ago. Some weeks ago the Masonic Hall was destroyed by fire and last week a number of the brethren gathered to open the corner stone placed there sixty years ago with coins, papers, curios, etc., enclosed in the cavity. What was their surprise to find it empty ! Some sneak thief in the olden days had broken open the stone on one side and removed the contents, replacing the pieces so skilfully that i was not discovered. The stone was set near the ground at a corner rar ely visited by anyone, and the mean robber may, ere now, have "passed on." There will be no reward offer-

MONTREAL AND ITS HARBOR

We have received this week an 89 page book, 10 in. by 12 in, in size, setting forth the "Growth of a Great Port," that port being Montreal. It s printed in the highest style of the printing art, paper, press work, binding and illustrations. These last conyey to the reader the maryellous development that has taken place in at 12 30 p.m. the three centuries of her city's history. Harbor scenes, great bridges, ocean-going ships and freighters, mechanical contrivances, grain elevators, etc., etc., all speak of growth The story accompanying the pictures is full of a proud optimism that is justifiable. The development of the St. Lawrence waterway, much discussed at present, will make of Toronto a similar ocean port while not
