BUNESSAN

Congratulations are extended to Mr Wilfrid Browne, who was recently married to Miss Smith of Doroch. We join with this community in extending them many years of happiness and prosperity.

Mr Neil McFarlane arrived home from Sask. recently.

The Ladies' Mission Circle met on Tuesday last at Mrs J.P. McGillivray's. New business was dealt with and there was a season of 'Prayer'. The topic was taken by Mrs McGillivray and papers read by Mrs E. Traford, Miss W. Binnie, Mrs R. J. McGillivray and Miss M. McFarlane. Mrs A. Beaton read the Bible lesson and Miss W. Binnie and Mrs. James Browne sang a duet. Lunch was served by the hostess.

An enjoyable evening was spent at the school Monday, in the form of a social for the U.F.O. and Young People's Club. A splendid program was given, consisting of a short play, a "Gazette", a most interesting debate, violin selections and a report of the Convention by the U.F.O. delegate. Lunch was served by the ladies of the clubs.

Bunessan was privileged in having the first League debate in this group of the Young People's Association in our school Friday night last. The subject was 'Resolved that conditions in farming communities 50 years ago, were more conducive to happiness than they are at the present time,' and proved most interesting. Miss Alma Robinson and Mr Herb Edge upheld the affirmative side and Miss Mary Beaton and Mr Neil McArthur, championed the negative side for the home club.

Material on either side showed much thought and preparation and the delivery of all speakers was good. Rev. Mr McCormack, Priceville, was Judge. He remarked that young people of 50 years ago or those of the present day could be good losers and while one side must always lose in a debate, he congratulated all speakers on their debating ability. The judging schedule this year is 60 per cent for delivery and 40 per cent for material and the decision was given to the negative.

Messrs Alfred Wepler and R. Staples both gave pleasing numbers on violin; Miss Winnie Binnie gave a good reading on 'Christmas Shopping' and a short humorous play 'Courtship under difficulties' was given by Margaret McFarlane, Pat McMillan and Arch. McArthur. 'God Save the King' and the serving of lunch brought a pleasant evening to a close.

THE LIFE OF A TOWN

An inkling of the great significance of newspaper advertising has been discovered by the American Bankers' Magazine, a newspaper enthusiast, who recently came out with the following: "No business man in any town should allow a newspaper published in his town go without his name and business being mentioned, somewhere in its columns. This applies to all kinds of business and professional men. This does not mean you should have a whole, half or even quarter page ad. In each issue of the paper, but your name and business should be mentioned if you do not use more than a two-line space. A stranger picking up a newspaper should be able to tell what business is represented in a town by picking up a newspaper. This is the best possible town advertiser. The man who does not advertise his business does an injustice to himself and the town. The man who insists on sharing the business which comes to town, but refuses to advertise its own, is not a valuable addition to any town. The life of a town depends upon the live, wide-awake and liberal advertising business man."

BEING KILLED BY DEGREES!

One day a farmer, says a farm paper, went to the country fair and his hard-working wife remained at home to see that the farm suffered no loss during his absence. He returned about dark and coming out on the porch enquired: "I'm tired out Mary. Is the cows in the barn?"

"Yes, long since," replied his wife. "Is the horses unharnessed and fed?"

"Yes." "Fowls locked up?"

"Yes." "Wood chopped for mornin'?"

"Yes." "Be them ducks picked and dressed for market?"

"Yes." "Wagon wheel mend it an' ready to start in haulin' wood to-morrow mornin'?"

"Yes." "Well, then" he concluded, with a sigh of relief, "let me have my supper Mary, and I'll turn in. Farmin' is beginnin' to tell on me."

Dr Jamieson in St. Thomas on Mothers' Allowance work

Hon. Dr D. Jamieson is seeking every chance to acquaint the public of the conditions attached to the Mother's Allowance Commission. He has recently been the guest of the combined St. Thomas and Elgin Mothers' Allowance boards at a dinner arranged by the city board at the Empire Hotel in the latter city.

In his address following the dinner, Dr Jamieson spoke in comprehensive manner of the work being accomplished by the Mothers' Allowance Commission and various boards throughout the Province. He pointed out that it is practically impossible for a government to frame a law which will not need some amendment in its application and stated that suggestions in connection with the law covering this work are welcome.

At present assistance is not given to the mother with one child. If this were done it would add another million dollars to the two million already being expended annually in this province in this work, but the speaker did not see why in a province as wealthy as Ontario, where \$9,000,000 have been collected from succession duties, there should not be sufficient funds to administer efficiently so important a departure as the Mothers' Allowance.

It was suggested there might be a flat rate given under the Mothers' Allowance for what is known as the metropolitan districts. There had also been an agitation for a flat rate for the whole province, which would mean the same rate for city and country. At present on account of higher living cost in the city, the rate for the latter is greater than that for the country as a result of which it has been found that many are moving from the country to the city. Ottawa has also found cause for complaint in the fact that mothers residing in Hull, Quebec, in which province there is no Mothers' Allowance, have been moving to Ottawa and qualifying for assistance under the act in this province.

Dr. Jamieson also pointed out that there is nothing in the act at present to cover the case of a family where the mother is dead, the father in prison and a foster mother supporting the children. There are many things that are discouraging in the work and considerable room for development and improvement as it progresses, but Dr Jamieson pointed out that there also many encouraging features. He was most pleased with all the boards he had visited and the work they were accomplishing. Tribute was paid to the perambulating schools in Northern Ontario for which the Mothers' Allowance is in no way responsible, which has helped very greatly many of the mothers the latter is assisting, by bringing educational facilities to the isolated districts of the province.

Dr. Jamieson was introduced by F. Harding, chairman of that city's Mothers' Allowance Board, who spoke of the great interest of the work being accomplished and of its value in the community. He also referred to the fact that the requirements of the act for a family to qualify for assistance from the board was not well enough understood by the people in general. Assistance can be given only to a widow or to the wife of a man who is a British subject by birth or naturalization and who is totally disabled. The family must have been resident in Ontario for 2 years and in the municipality for 1 year and there must be two or more children under 16 years of age.

IN DAYS OF YORE

25 YEARS AGO

From Review file, Jan. 15, 1903

The home of Mr Geo. Campbell, of Aberdeen, was gay with youth and beauty on Dec. 31st, the occasion being the marriage of his daughter Belle to Wm Ledingham of Doroch.

Married, in Egremont on Dec 31st, at the residence of the bride's father by Rev. John Little, Alfred Haas, to Miss Lizzie Sim, eldest daughter of Mr Robt. Sim.

The fine new Baptist Church, erected by the Baptist congregation of this town, will be opened for Divine worship on the 25th inst.

Messrs John H. Hunter and Wm. Calder went to Owen Sound election day to imbibe some of the excitement attending on Mr McKay's election.

Mr Andrew Hunter of Egremont, has bought the Adams farm, near Holstein, for \$3900 and will be moving there in the Spring.

Messrs Donald McFayden and sons have purchased a thoroughbred Hereford bull from Jas. P. Hunter, for which they paid a good price.

Miss E. Scott of Durham takes charge of S.S. No. 5, Normanby, in 1903, while Miss Nellie Moran is in charge of the Junior room of the Ayton Public School.

Boothville: Mr Jas Marshall has begun his new duties carrying the mail from Boothville, Swinton Park, Birdell to Proton Station. Mr Martin has carried the mail for 18 years and at all times was prompt and obliging. The contract for the new school house has been given to Mr David Runciman and son Fred and we are sure satisfaction will be given Mr. John Weir was re-elected trustee.

15 YEARS AGO

From Review file, Jan. 16, 1913

Mr A. C. Maitland, O. Sound, formerly Secy of the N. P. Cement Co. here, has been appointed Clerk of the 1st Div. Court of the Co. of Grey. He has been for some years filling the position of Secy of the Imperial Cement Co., O. Sound.

Mr Thos. Banks, Edge Hill, is moving this week to the former McLean residence in Upper Town and which he purchased from Mr George Finlay.

Mr Wm Kearney left last week for Montana to join his wife. He has a good opening there and will probably reside permanently.

Mr Calder for himself and for his town, is a candidate for the Wardenship in the County Council which will meet in Owen Sound next week. He has been reeve for four years continuously at the present time and in the past served several terms as Mayor and in the Council as well. Not for 40 years, we believe, has Durham had the honor of the Wardenship.

Dromore: What might have been a serious accident happened to Robt. Isaac lately, while taking off a load of tile he had just brought home from Proton Station. In some unaccountable manner the tile fell, pinning him beneath but freeing himself, proceeded to the house where medical aid was secured. He is now nursing a bruised leg.

Publishers are now having (to use a slang phrase) a whale of a time, at present, adjusting their mailing sheets to the new post office conditions and the end is not yet. From Holstein and Varney now relate rural mail routes and the effect is to wipe out several of the smaller post offices and later more will go. Boothville, Tartan, Thistle will be merely memories as far as the Post Office is concerned, and we'll have to tell our friends that we live at "So and So, R. R. No. 1."
