

PRICEVILLE AND VICINITY

Is this true of your town?

Just as there are farmers who make very good money by intensively cultivating a few acres, so there are merchants in small towns who do a surprisingly large business.

Of course, they too cultivate their territory intensively. They don't wait for their customers to come to them—they go to their customers with frequent offers of what they know will tempt them. And they seem to sell everybody.

So regularly do they keep in touch with their customers that their offers of merchandise are eagerly awaited, and are read as if they were news—which they are.

These merchants use Long Distance frequently, to order goods for prompt shipment or to fill in sizes—and they find it good business to call important customers by Long Distance to advise them of opportunities.

Here and There

Forty-five years of faithful service to the Canadian Pacific Railway were honored recently when George A. Fowler, former lumber agent of the company, was presented by George Stephen, freight traffic manager, with a purse of gold, contributed by Mr. Fowler's colleagues in the railway's freight traffic offices east of Chicago in the United States and east of Fort William in Canada.

Fergus.—A special train of 35 cars left for Vancouver and points en route the other day with over 11,000 consignments of washing machines and barn equipment. This trainload, the largest of its kind ever to originate in Canada, is from the neighborhood of 600 settlers of a Fergus firm and was handled by the Canadian Pacific Railway as a special train, stopping at Fort William, Winnipeg, Saskatoon, Calgary, Edmonton and other centres. Nearly all the consignments were for rural communities.

Immigrants are beginning to pour through the port of Saint John and Montreal en route to Ontario and the West. With the arrival of Canadian Pacific liners Montclare and Montclair recently, in the neighborhood of 600 settlers of the best type have been distributed. Among these were British farm laborers going to selected farms under the scheme of the Canada Colonization Association, and many more will be coming in during the next few months.

Toronto.—In accordance with his promise to Western Ontario tobacco growers, Hon. W. R. Motherwell has appointed a commission to investigate all phases of the tobacco-growing industry, for which two of the commissioners have already been named. The probe will extend to every phase of the industry, from seeding to marketing, and one of the most important features will be the effort to ascertain the best method of operating a proposed co-operative marketing pool.

Port Arthur.—Eventually Canada will produce a 1,000,000,000 bushel crop of wheat and will have no difficulty in finding a market for it, predicted Hon. T. A. Crerar, President and General Manager of the United Grain Growers Limited, and formerly Minister of Agriculture for the Dominion. Referring to the development of Western Canada, Mr. Crerar said there was no country in the world where so great a development had taken place in the past few years and there was no country having such great possibilities.

In order to meet the increasing popularity of the Canadian Rockies among tourists, and also to aid in developing trans-continental travel, the Canadian Pacific Railway will run a quintette of trains across the Dominion from Montreal, Toronto and Chicago to the Rockies, Vancouver and Victoria this coming summer. These trains will be "The Trans-Canada Limited", "The Imperial", "The Toronto-Vancouver Express", and "The Mountaineer" and "Soo-Pacific Express" from Chicago. The Trans-Canada and the Mountaineer will be all-sleeping-car trains.

IN DAYS OF YORE

25 YEARS AGO

From Review file, March 26, 1903 The westward movement to the West this year is about as great as ever. Amongst the number going this week are Mr and Mrs Geo. Morrison to Rouleau, Assa.; Mr and Mrs Geo. Matthews to Bagot, Man.; Mr John Deaton to Arrowhead, B.C.; Mr Dun-cannon McKinnon to Basswood, Man.; R. W. Hutton to Antler, Man.; Wm. Watson (son of Peter in town) to Winnipeg; Wm. Alexander to same place.

W. D. Mills has moved into his new residence, lately the McRae property, while Mr A. Binnie and his mother follow Mr Horsburg.

Mr and Mrs McIlraith moved to town last week and are domiciled in Mr. Scott's residence. Mr McIlraith has opened his shoe store in the old Haley store.

Amongst the sidelights thrown on the Gamey charges in the Provincial House, not the least interesting is the attitude of Mr David McNichol, as appears from the following in last week's Chesley Enterprise: "David McNichol of Bentinck Tp., who was elected member for South Grey by the Patrons of Industry, in 1894 by a majority of 929, is very indignant over the Gamey charges. He says that the member for Mantoulin, who is a son of the late Patron member for East Grey, approached him and offered him a consideration to support Mr Whitney. Mr McNichol should be summoned to appear at the investigation to tell what he knew of Gamey before he got into the Legislature."

Scotchtown: Miss Mary Stewart of Proton and Mr Alexander Murchison were married in Priceville on March 19th.

Scotchtown: A great deal has been said of the good Scotchmen of Bentinck and O. Sound, but if the Scotchmen of Glenelg formed a regiment in the Glenelg Centre, they would secure the stalwart kind.

Mr Thos. Greenwood is hustling things at his new farm near the famous bridge He is cutting quite a pile of wood and intends doing a lot of fencing in the early spring.—Zion.

15 YEARS AGO

From Review file, March 27, 1913 Good Friday of 1913 will long be remembered as the day of the greatest windstorm this district has ever experienced. And not this district alone but the whole continent seems to have been in aerial convulsion. From 60 to 100 fatalities occurred in the States and a few in Canada and in the wide area we have named the damage will run into the millions.

Mr Donald McCormack, Bunesan, has left for the West. He has done this before but this time he is leaving for good, having disposed of his interests here.

Mr Chas. Arnett, long a well-known citizen of Glenelg, is among the number leaving for Edmonton this week. He intends to build a home this summer and will be joined by Mrs Arnett in about three months.

It seems a tragical parody that a man with the name of "Love" should so far have forgotten the Divine principle as to blot out the life he vowed at the altar to love, cherish and obey. There seems to have been no doubt in the minds of Judge, or Jury or spectators, that Henry Love of Ceylon, was found guilty of the murder of his wife.

Holstein: A meeting of Saugeen Presbytery was held in Mt Forest on Tuesday to consider the resignation of Rev. Mr Malcolm.

Much sympathy is felt for Mr and Mrs Wm Wakefield in the loss of their little son, Wm. Howard.

Mr Thos. McFadden has been appointed by the Dom. Government as Canadian Gov't Employment Agent for the vicinity surrounding Durham. A rather unique incident as happening to a son of Arch. Wilson of Aberdeen. The barn doors had been blown off and he told his son to sit on one while he went for the hammer to replace it. However the wind lifted door and boy and he thus experienced an aerial sail as they were wafted and landed safely in the next field.
