STANDARD BANK AND BANK OF COMMERCE UNITE THEIR FORCES

It was a little startling last week to learn that the Bank of Commerce and the Standard Bank had amalgamated and the action had met the approval of the Minister of Finance. These are two of the oldest banks in Canada and we are promised will secure for the customers of both increased facilities for their business. The Bank of Commerce assets are nearly \$600,000,000, the Standard over \$100,000,000 which is satisfactory so far as security is concerned. The United Bank will have about 750 branches and depositors will lose nothing for they are on a 50-50 basis. We hope the union will live up to its promises.

The amalgamation has yet to be ratified by the shareholders of both banks, and it will probably be three or four months before the actual taking over. In the meantime, all branches of both banks will be continued as usual. As far as the Durham Branch of the Standard is concerned, no change will probably be noticeable for some time, and then only a change of name and office forms.

PRESIDENT ELECT OF MEXICO ASSASSINATED

President-elect Obregon of Mexico, just recently elected President, was being honored by a banquet got up by his friends, when a cartoonist seized liberty to show some sketches he was making. He was allowed, but with a revolver under their suddenly fired five shots into Obregon's body who fell lifeless. The crowd was restrained from tearing him to pieces, and of course he was jailed and will likely die. Obregon was a statesman, and served as President for 4 years. Unhappy Mexico. Are you not glad you live in Canada?

THE OSHAWA DAILY TIMES

A copy of this paper from the progressive town—no—city? has reached our office and is a marvel in its way. It is a 38 page affair, a special number, detailing not only the progress of the Times but of the city and community it serves. It is finely illustrated and shows the founder of the 'Reformer' in 1871 and their successors as editors or owners through several changes right up to date.

The present owners are the 'Mundy Printing Co. Ltd.' The daily paper sprung from a tri-weekly in 1925, and its growth was so phenomenal that the fine building erected in 1914 proved inadequate and in 1927 decision was reached to expand into an enlarged building, the completion of which is celebrated by this special number. It surely is "A Growing Paper in a Growing City."

CANADA YEAR BOOK

The publication of the Canada Year Book for 1927-'28 is announced. The present issue extends to 1100 pages and is a storehouse of information of everything entering into Canadian life, business, education, trade, labor and wages, prices, population, etc. A new feature is an article by Sir Fred Stupart on the Climate of Canada. Stupart it is who gives the predictions from Toronto. The book is filled with interesting matter under a score of headings and can be had for \$2, covering cost paper and binding only, by sending to "King's Printer, Ottawa."

Get a big bundle of old papers at the Review Office, only 5c. Two bundles or more at the same rate. Suitable for several purposes.

Instead of writing that weekly letter to distant friends, who do not have the Review tell them the news of the district. Save yourself the trouble of worrying over what to say each week for \$2.00 for a whole year.

Nothing in the Paper

Frequently you pick a paper and after glancing at the headlines wearily thrust it aside, remarking, "Nothing in the paper today." Did you ever stop to think what the phrase, "Nothing in the paper today" means? It means that in the day or week just passed, that no misfortune has befallen anyone in our town; that no fire has wiped out your neighbor's worldly goods; that the grim angel of death has crossed no threshold of a friend; that no man, driven by liquor, hatred, fear, or desire of unearned gain, has taken the life of a fellow man; that no poor devil, haunted by the past or misdeeds of home other, has crossed the great divide by taking his own life; that no careless or drunken auto driver has run into another car and injured or killed an innocent family; that tornado, earthquake or flood has not wiped out a whole community. So the next time you are prompted to protest "Nothing in the paper today" just return thanks instead of grumbling because there is no news.

Can't Stop the Clerks

CLERKS 12, HOLSTEIN 3
It was a great game in Holstein Friday for three innings, when Holstein led 1-0, but the Clerks then found their batting eyes, and sent 4 runs across in each of the next three innings. Royden Burnett pitched the first game for Clerks and held the home team well in hand, though two of Holstein's strongest players—Lucas and McDougall, were absent.

CLERKS 17, BANKERS 8

Holstein not being able to come to meet the Bankers in their scheduled game Tuesday, it was postponed, and the Clerks, with three regulars absent, played their game scheduled 3 weeks ahead. No team can now beat the Clerks out of 1st place, though the H. S. may tie them by winning all their games, including 2 with Clerks. As the Furniture Co. has defaulted, the present standing is:

Team	Won	Lost	Tied	to play
Clerks	7	0	1	2
High School	4	2	0	4
Stone & Sand	3	2	1	4
Holstein	4	3	0	3
Bankers	3	4	0	3

Games Next Week
Friday, July 20—Clerks at High Sch.
Wed, July 25—Stone Pl. at Bankers

TENDERS WANTED

Marked Tenders addressed to the undersigned, will be received up to Friday, August 3rd, at 6 p.m. for the whole contract or separate trades involved for the building of an addition to Durham Red Cross Memorial Hospital. Plans and specifications may be seen at the residence of the Secretary, J. A. Graham, or Ed. Kress, Durham, at any time. The erection of this addition is dependent on the vote of July 30.

Lowest or any tender not necessarily accepted.
J. A. Graham, Sec'y

CRAWFORD

Last week's items

The Hastie Re union

The annual re-union of the well-known Hastie family was held at the home of David Hastie, at whose home his father, T. R. Hastie resides. About 75 relatives enjoyed a pleasant afternoon renewing acquaintances and a baseball game was played with much vim during the afternoon's program. Lunch was then served. A hearty vote of thanks was tendered Mr and Mrs Hastie for their kind hospitality. Those from a distance attending the reunion were Mr and Mrs And, Hastie, Miss Jean Hastie and Mr and Mrs Jas Copp, all of Detroit.

Miss Violet Watson, Toronto and a former Mulock teacher was the guest of Mrs And, Hastie for a couple of days last week.

Miss Violet McDonald and brother Charlie, Durham, visited Sunday with Mr and Mrs Frank Twanley, former remaining over for a holiday. Congratulations to Dougald Hastie who won 5th place in judging competition at Markdale. This is the second time Dougald has won the honor. He won 10th place last year and the free trip to the Royal Winter Fair. One who had the trip is not eligible for it a second time. We hope he may be on the judging team next year.

Mr and Mrs And, Hastie, Dougald, Mrs Brown and sons J. D. and Alexander attended church services at Burns' Pres. Church and visited at homes of L. A. and Neil McLean.

This Week's Budget

Mrs And, Hastie is this week the guest of Miss I. Dobie, O. Sound.

Misses Myrtle McDonald and Blanch Boyce attended the Grey Co. Summer School at Presque Isle last week. Mrs Wesley White and children, Toronto, are spending some time with Mr and Mrs John White, while Mr W. is absent in Chicago.

The barn on Geo. Fischer's farm, was totally destroyed by fire last Friday a.m. The origin of blaze is unknown. The farm is worked by Mr Walter McGregor who is left in bad shape without a barn to store his hay and crop. A young colt and some pigs were rescued from the burning building. There was considerable old hay and straw lost.

Mr and Mrs Geo. Fischer, Mrs Oppenheimer and children, Detroit, are visitors in this vicinity.

Congratulations to Misses Florence McCaslin and Alma Anderson on passing their Entrance exams with honors, also to their teacher Miss E. Allan.

HAMPDEN

Where, oh where did the Hampden news go last week?—shrivelled up with heat maybe.

Mr Douglas Anderson, London, is spending his holidays at the home of his uncle, Wilfrid Anderson.

Mr Jno. Sharp, wife and family, attended the Orange celebration in O. Sound on the 12th.

Miss Audrey Byers is being shown and with congratulations these days having passed her Entrance with honors.

Messrs Hamilton, Hanover, are assisting Mr John Cooper with the season's work.

E. A. and Mrs Miller and family of Toronto, spent over the week end with Mr and Mrs M. Byers. Mr Miller, who is a member of the Harmony Glee Club, favored St. Andrews Church, Hanover, Sunday a.m., with a solo.

Miss Myrtle Sharp is spending her vacation with friends at Holstein.

Mr and Mrs Thos Derby visited with friends near Paisley recently.

Messrs Chas Rudolph and Jno. Burriel of Hanover spent a day with friends here lately.

Miss Davidson and sister, Mrs and children, London, are the guests of Alex and Mrs McLean.

Mr and Mrs Lincoln Becker and Mr and Mrs Jno. Becker, Aytun, visited with Mr and Mrs C. Seim lately.

Mr and Mrs Wm Frits and family, visited recently with Mr and Mrs A. Hartman, near Aytun.

Mrs Nichol and daughter Ruth, of Durham, visited friends in this locality last week.

Mr and Mrs H. Haas, Mr and Mrs Clarence Meyer, Mr and Mrs Fred Floto, Mr and Mrs Carl Natrusa and Mr and Mrs H. Frey, all of Elmira, Mr and Mrs Dave Schenk and family of Aytun and Mr and Mrs Noah Metzger of Neustadt, were the guests of Wm and Mrs Seim recently.

Mrs Wilson of Medicine Hat, Alta., is visiting with Mrs A. Anderson this week.

Mr Bert and Miss Nettie Byers accompanied Mr and Mrs E. Miller to Grant recently when they were the guests of Mr and Mrs Spence Nesbit.

The farmers are getting their supply of binder twine in good time for the beautiful harvest, through the U. F. O. Club at Allan Park.

We are sorry to learn that little Nellie Byers was unfortunate in having her arm broken last Friday by falling off an apple tree.

Wedding Stationery in various styles

is ready at the Review Office for Aug. & Sept. brides. We are at your service at reasonable prices.

What About THAT BOY — OR — THAT GIRL ?

THE problem of what school work will be taken up in the future by that boy or girl, is the one that confronts many parents. The capabilities, the desires, education and circumstances are so varied that we have only space to refer to a few of them.

That Boy Who Has Passed the Entrance

Has perhaps finished his public school course and does not want to take up the long years of study required for one of the professions. He has not enough education for his life work in the office, shop or factory. It would be a serious handicap on him to be without the education necessary to advance to the highest positions in the calling he chooses. A few months in the Northern Business College would certainly be a great advantage to him.

That Boy Who Needs a Second Chance

Who, for some reason has been backward in school and has outgrown the other pupils in the public school. What about him, when he declines to go back to school next Fall? You do not intend him to go through life without another chance. He needs special care and help by patient teachers who will sit down at his desk and help him over his difficulties that he is unable to solve himself. We have had many boys do well, who were formerly classed as indifferent or stupid. Why? Because the studies were practical and useful, and the teachers gave them the personal help needed.

That Girl of Well-to-do Parents

Who does not need to earn her living because present circumstances do not require it. The girl who perhaps has had a splendid literary or musical education. What about her? There is no person who can foretell what this girl's needs may be in the future. If she inherits large wealth she needs a business training to enable her to take care of it. A change in a parent's circumstances may leave her penniless. Investments may fail and she may not yet have to depend on her own exertion for her daily bread. In a few months at the Northern Business College she may get such practical training that she will never lose no matter what investments may fail, an education that will make her independent regardless of circumstances.

That Ambitious Business Boy

Sharp, bright and intelligent, who is looking forward to a business career. His case is very simple indeed. A Business Course or a Shorthand and Typewriting Course, or better, both of them, is just what he needs. Such a training not only fits him to enter the business office or bank, but it puts him in a position to advance very rapidly.

That Girl Who Did Not Pass

Who failed in her Entrance Examinations or who for any other reason is discouraged at school, or who has outgrown her class and does not want to return to school. What is she to do? Whether she wants to go into office work or not, a few months in the Business Department of the Northern Business College would do her much good. The personal help given by our teachers at the student's desk frequently gives her a new start and she "makes good." If she wishes to earn her living at office work immediately after completing her course, or at some future time, she has the education that fits her not only to take a position but to advance as opportunity offers.

The Girl or Boy Who Has Advanced Education

Who has had the advantage of one, two or three years' training at High School or Collegiate Institute, and who is looking forward to a business career. What is his or her particular need? A few months' practical training at the Northern Business College, where we specialize in such work. We have a splendid equipment of typewriters, adding machines, book keeping machines, calculators, letter files and cabinets of all kinds, card indexes, duplicating apparatus, etc., so that we can give him or her thorough instruction in the up-to-date methods used in the large business offices.

That Boy Who Did Not Pass

Who failed in his Entrance Examinations and is discouraged. He feels that it would be a year almost lost to go all over the same studies again, and he wants to go to work. You know he would be much better prepared for his life work if he had a few months' good practical training in the NORTHERN BUSINESS COLLEGE. The boys like it because it is an education that they know is useful.

That Girl Who Has Passed the Entrance

Who has finished her public school education and has no desire to become a teacher, but who wishes to earn her living at office work. What is she to do? The present day need for office work is a thorough practical course in business subjects, such as, book-keeping, banking, arithmetic, letter writing, penmanship, commercial law, etc., or a special course in Shorthand and Typewriting. The Northern Business College has specialized on this work for over 40 years and has prepared thousands of young people for office work. What this College has done for others it can do for your girl.

That Discouraged Boy

Who has got on the wrong side of things generally—has not got on with his teachers on account of work poorly done or neglected, perhaps not all his fault; may be, he was slow or late in mental development. We have had many such boys, who, with personal work at their own desks and sympathy from teachers have made a fresh start and have obtained the education that was necessary for their life work, so that they were relieved of the necessity of doing the hardest work for the poorest pay. If you have such a boy that you feel should have another chance write to us or call at the NORTHERN BUSINESS COLLEGE and let us talk over his case with you.

Fall Term Opens September 3rd
There are no Entrance Examinations. Students are Admitted Any Time.
Write or telephone for information About Courses of Study, Fees, Board, Etc.

Northern Business College

Performance Style Luxury Quality

at Low Cost

If you could have exactly the kind of car you wanted, what are the features you would demand?

You would want Performance... stamina to stand long, trying trips.

You would want Style, of course,—the latest trend in body design—long, low, racy lines,—the newest and most modish colorings. You would want the distinction of Body by Fisher.

And you would like a Luxurious car... one with wide, deep cushions that invited rest... with rich and beautiful upholstery and fine interior appointments... one with snug protection against the weather with ease and smoothness of riding.

Last, but by no means least, you would demand Quality... substantial construction... refinements such as Four-Wheel Brakes, Air-Cleaner, Oil Filter, Crankcase Breather, Vacuum-Feed Fuel Supply, Safety Gasoline Tank in rear and so forth... dependability at all times and under all conditions!

These are the things everyone would like to have in a car... and that everyone CAN have, for the first time in automobile history, at the low cost of the "Bigger and Better" Chevrolet. c-16-7-28

The G.M.A.C., General Motors' own deferred payment plan offers the most convenient and economical way of buying your Chevrolet on time.

Standard	... \$625.00	Imperial Sedan	... \$800.00
