-Pontiac Six offers a combination of smooth sixcylinder performance and high-speed endurance, the equal of which is found in no other car in the world selling for so low a price.

Its smooth, silent performance, combined with the beauty and luxury of its Fisher bodies, provides a measure of owner satisfaction unequalled in its field. And its tremendous endurance results in unparalleled length of life, which in turn, is expressed in consistently high resale value.

More important reasons for the selection of any car have never been found. That's why everincreasing thousands are choosing the Pontiac Six . . why Pontiac sales for 1928 are far ahead of previous records. P-11-0-206
