INTRODUCTION—The church at Thessalonica is one of great interest, since Main Business it is quite likely that Christian literature began with the letters which Paul wrote to this community of sufering believers. This was about the middle of the first century, at a time when Paul had come to Corinth, and was so distressed about the affairs of hind, that he dispatched Timothy with a letter, in which he tells them of his great love for them, of his anxiety; and of his core that they will remain steadlast. It was out of such circum-
