TRAVEL "CHAMBRETTE"

TO MONTREAL Greater comfort - more convenience and privacy-at reasonable expense.

Montreal travellers have coined a very descriptive word "Chambrette" for Canadian National's fascinating Single-room Sleeping Cars on the 10. 30 and 11 p.m. trains from Toronto to Montreal. It's primary meaning is "a little room for sleeping," but it has come to mean much more than that. Travellers know its extra comfort, its modern and varied conveniences. They are amazed to find that morning comes so soon and that they have reached their destination so fresh and full of vigor.
