Hospital Cases. Miss Lillian Park, daughter of Mr. and Mrs. Arthur Penick, was operated upon at Durham Hospital for appendectomy. Mrs. Saul Fawcett of Regina, a patient of Dr. Milne, of Flesherton, is receiving treatment at the Hospital at present, as is Mrs. John Redford of Hanover, Miss Doris Pedlar, daughter of Lewis Pedlar, of Rock Mills, had her tonsils removed on Monday. Dislocated her Elbow. On Wednesday morning of this week, Miss Belle McGillivray was so unfortunate as to dislocate her right elbow. She was sitting in an easy chair on the back verandah, when one rung of the chair went through a weak plank in the flooring, throwing Miss McGillivray, who was utterly unable to save herself, completely over and falling with some force on her elbow. She was taken to the hospital for an x-ray examination of her arm and which revealed the extent of the trouble.

Harry Hugill Severely Stunned in Electric Storm. Thursday morning last a severe electric storm passed over Durham, one of the bolts of lightning falling upon Mr Harry Hugill's barn on Queen St. Mr Hugill was in the basement of the barn at the time, and cannot recall the events as they happened, for he was severely stunned by the same bolt. The barn became a prey to the flames and he came to in time to help himself out, but to-day the effects are still with him. The rain was falling heavily at the time and it is due to this, his home to the east of Durham, where for the wind was blowing in that direction and only by the good work of the firemen was the progress of the flames checked. In four or five days more his boxers and supers would have been out of barn and placed in clover fields adjacent to Durham. Thus he loses not only these bee supplies, but as a result his season's crop of honey which would have been large. There was little insurance. The town feels for Mr Hugill in his loss.

July the Month of Picnics and Gar. Parties

STRAWBERRY FESTIVAL. Trinity Church A. Y. P. A. were responsible for one of the most pleasant outdoor events of the season on Tuesday, when they entertained their friends to a Strawberry Festival on the Rectory lawn. The afternoon was fine and many took advantage of the occasion. The lawn was festively decked with a maypole in centre, from which red and white streamers were suspended from top of pole to the several small tables in circle formation surrounding same. Each table was centred with roses and over the lawn were large standards of pink and white pennants and roses. Miss S. Vollett and Mrs. Allan received the guests at entrance to grounds. The refreshments were very delectable and consisted of strawberries, cream, cake and macaroons, a record breaking attendance, over \$105 being taken in at the gate.

ROCKY SAUGEEN GARDEN PARTY. Burns' Church, Rocky Saugeen garden party, held at Donald Stewart's on 2nd con, Bentinck, Tuesday night, was favored with a fine evening and a record breaking attendance, over \$105 being taken in at the gate.

On Tuesday night the weather might have been ordered for above Garden Party—so favorable was it. Over \$200 was taken in at the gate and the large gathering enjoyed every number on the program. Rev. Mr. Graham, who preached Sunday at Priceville and Swinton Park, so acceptably, was chairman, and carried things through without dragging. Addresses were also given by his brother, Rev. G. Graham, Holstein and Rev. McDonald of Pergus. The Douglas Quartette of Toronto, rendered several numbers and they pleased the audience; Mr. Yewell, the comedian, kept the crowd in good humor. Prof's Kyle and Yake rendered bagpipe selections in traditional Highland costume; Miss Anna McVicar danced Scotch dances to their strains and Will Black, Toronto, son of Joe Black of Priceville fame, treated his audience to a Gaelic song.

PRICEVILLE PRESBYTERIAN GARDEN PARTY. On Tuesday night the weather might have been ordered for above Garden Party—so favorable was it. Over \$200 was taken in at the gate and the large gathering enjoyed every number on the program. Rev. Mr. Graham, who preached Sunday at Priceville and Swinton Park, so acceptably, was chairman, and carried things through without dragging. Addresses were also given by his brother, Rev. G. Graham, Holstein and Rev. McDonald of Pergus. The Douglas Quartette of Toronto, rendered several numbers and they pleased the audience; Mr. Yewell, the comedian, kept the crowd in good humor. KNOX CHOIR PICNIC. Knox United Choir held their annual picnic on Tuesday, July 9th, to the Park, Owen Sound and the event came off under the finest summer skies. Five carloads of vocalists and a few friends made use of the picnic facilities this Park affords. Some members of this choir are experts as well in swatting and catching the ball as in baseball. A line-up of the 'Pink Eyes' vs. the 'Blue Eyes' took place after a bountiful supper and the 'Pinks' had the edge by 10 runs. When darkness set in, the party adjourned to the Georgian Recreation Rooms where five pin bowling was enjoyed until a late hour. En route home half way between O. Sound and Chatsworth, one of the chauffeurs was so unfortunate as to have the crank shaft of his car broken. A farmer in that locality was robbed of some of his fence wire and with the assistance of another car of the party, the injured car was towed to Chatsworth. From here connection was made with the Smith garage at Durham, where after what seemed an interminable wait, the Durham garage man appeared and brought the sick car and its occupants to Durham at 3.30 a.m.

MISS MACPHAIL NOW TRAVELLING IN UNITED STATES. Miss Agnes Macphail, M. P. left Canadian shores on Tuesday, not to return until fall. She has commenced a three week engagement with the American Chautauque Company, touring United States and at the termination of this, sails on the 15th of August from New York, for Prague, Austria, to attend the Women's International League for Peace and Freedom, for which she is billed to speak the first day it is in session. Her first address came off in the States on Wednesday evening. We wish her a pleasant trip and safe return.

Entrance Results Throughout South Grey

The announcement of Entrance results last Saturday was welcome news to many young folks throughout South Grey, as a large proportion of students writing were successful. In Durham Centre, 48 out of 49 are through, 8 of these with honors. For another year, Durham school came through with flying colors. Of the 20 sent up by Principal J. A. Graham, 20 have been successful, 5 of them taking honors. A 100 per cent record is very difficult to surpass. Mr. Graham, however, modestly points out that all credits bestowed upon the staff for this fine record, must be equally shared by Miss Firth, Miss McCrae, and other teachers in the Junior rooms, who have so faithfully and well laid the groundwork. There is much in this, for in building an educational structure, as in any other, substantial foundations are the first essential.

Many of the rural schools also have made a most creditable showing. Miss Hazel Beaton, Edge Hill, passed both pupils writing, one with honors. Miss Islay McKechnie, Rockport Saugeen, passed all three; Miss Donalds Nichol, 5 out of 7 at No. 9, Glenelg and 3 out of 4 are through from No. 5, Glenelg. Congratulations to all teachers and pupils.

Paving Problems Before Town Council

There was a full board at Monday's Council session, but no new business of importance was before the council. S. Hunter & Co. asked permission to install another gas tank and a new visible pump in front of store. Coun. Noble stated Council has no authority to refuse or allow this. Accounts totalling \$752.62, including \$60 for new rubber boots and \$20 for the fire brigade, were passed.

Durham hill now completed. Accounts were presented by the engineers for local paving, James Proctor & Redfern, of \$847.85 for their own fees and \$16,957 for Standard Paving Co. for work completed to end of June. The total value of work done was \$22,571.75. \$5,369 was cost of paving Durham hill which is now completed. By-laws to borrow funds from the local banks to meet paving costs in the meantime, were passed at a special Council meeting this week.

Penalty for non payment poll tax. A motion by Stonehouse Hunter, was made that poll tax by-law be revised, with penalty added for non-payment and constable instructed to collect same. The Mayor stated the town solicitor now had this by-law in hand for revision.

Tree Trims to be Trimmed. The Hydro Com. requested permission to trim trees throughout town, as most of their recent troubles have been caused by tree interference. Council granted same under supervision of Board of Works.

Car went up in flames on Durham Road. Friday night last, Messrs George Hahn, Herman and Jack Carpenter, (step sons of Rev. E. Hayes) were cut for a spin between Hanover and Chesley in Jack Carpenter's Hudson car. To be sociable they had three young ladies from Hanover and Chesley with them. While bowling along at a good clip, they struck some loose gravel and before George (who was driving), could adjust matters, the car rolled over on its side. We are informed that one of the young ladies had her jaw broken and they all received a severe shake up. The car was put on the road again and coming home the next morning approaching Durham from Hanover and Chesley, in front of Reeve H. Hunt's home, the car commenced to sputter flames. They quickly got out but could see no reason for this fresh accident other than it might possibly have been a short circuit, brought about by the turn-over. The car was towed to the Durham Police station and the car was left to burn and the boys walked to town.

COLLISION NEAR BRAMPTON. Mr and Mrs Colin McArthur, 10th con, Glenelg, son Colin and daughter Merrin, were motoring to Toronto Sunday evening last, when the former was to have an x-ray examination on his diaphragm, which has been causing him trouble for some time. Nearing Brampton they met one of these irresponsible drivers and despite their best efforts to avoid the inevitable collision, it could not be done and a head-on resulted. Mr and Mrs McArthur were both cut and shaken up, the latter requiring 11 double stitches in her head. They were removed to Hospital. Miss Merrin also had the ligaments of her leg strained, but was able to carry on. Mr McArthur's son Archie of Owen Sound, was communicated with and that same evening motored to scene of accident and brought his brother and sister home. It is since learned that the offender has twice had his driving license taken away for careless driving and is now under arrest to await further action.

Talcum Powder Healthful

Scientists have discovered that Talcum Powder has a beneficial effect upon the skin, particularly when properly borated. It is antiseptic, soothing and healing to sunburned or chafed skin and is an excellent protection to the face and exposed portions of the body. It is recommended that Talcum should be used freely by motorists and others who expose themselves to the sun, and as an application to the entire body after the bath, to prevent chafing, prickly heat, etc. We recommend Nyal Talcum Powders because we know them to be absolutely pure, well borated and delightfully perfumed. We have them in a great variety of odors. Prices 25c, 35c and 50c.

In London, Ont., on Thursday and Friday last, the tenth annual Convention of the Canadian Weekly Newspaper Association was held. One feature was a contest between a dozen weekly papers for possession of the coveted Mason trophy. In this contest every detail of newspaper making was taken into consideration by competent judges and first prize and the trophy was won by an old Durham boy, Wm. S. Harris, now publisher of the Vernon News, B. C. We heartily congratulate our young friend on this recognition. A few weeks ago we had a letter from him in which he assured us he was entering the contest and modestly said, "if we do not win first place we are going to learn something." His assurance has been justified and his friends are greatly pleased. "Will," as we knew him and know him, first set type in the Review Office about 30 years ago and we remember him as a faithful employee and an ambitious learner of the 'Art Preservative.' He has made good in several positions and as Editor and Publisher of the Vernon 'News' has been very successful. Good boy Will.
