Robinson Family Reunion at Owen Sound

Harrison Park, Owen Sound, was on fête on Saturday, July 6, when the first reunion or picnic was celebrated of the Robinson clan, dating from the days of the late Jonathan Robinson, a Normanby Tp. pioneer.

Mr. Robinson, Mich. Detroit, Mont real, Kingston, Toronto, Aytun, Durham, Chesley, Park Head Hepworth, and O. Sound and under the band stand at 12.30 all sat down to two long tables where all did ample justice to the banquet before them.

A light drizzling rain checked the outdoor sports, but no check was put upon the spirits of the gathering and an interesting program was carried out with Mr David Robinson of Edge Hill, as chairman. A hearty vote of thanks was tendered the promoters of the reunion and the decision was made to hold a similar gathering each year. Mr and Mrs D. Robinson, Edge Hill and Mr and Mrs S. Robinson, O. Sound, are chiefly responsible for the success of the day.

An interesting feature was the presence of the oldest and youngest members of the Robinson family—Mr. Young and Mrs. Chesley, who is approaching his 75th birthday and little Miss Ruth Moffat, the fourth month old daughter of Mr and Mrs Cecil Moffat of Edge Hill (Myrtle Robinson).

Lunch was served and farewells made and by 7 p. m. all had departed, and looking forward to the reunion of 1930.

BACHELORS HAVE GOOD LEAD IN SOFTBALL LEAGUE

Last Friday the Bachelors beat 1, O.O.F. 15-6, in their second clash. The Oddfellows got away to a five run start in 1st, but couldn't do much at the bat thereafter.

The boys of the High School, short a couple regulars, defeated the Bachelors 7-5. The married men were minus three or four of their regular lineup.

The present standing is:

Table with 4 columns: W, L, T, P. Bachelors 5 0 2 1000, High School 4 2 2 667, Benedicts 3 3 2 500, I. O. O. F. 2 4 2 333, Holstein 0 5 3 000

A CENT'S WORTH OF TRANSPORTATION

The old "copper" has fallen far in buying power in the present scheme of things. Even the children have very little regard for its value.

Yet a one cent stamp for which the Government returns remarkable service and the coin can be used in some of the old-fashioned slot machines. But if one wants to see an important consideration in relation to public service one has only to turn to some of the statistics issued by the big railway companies.

For one cent the modern railroad in America moves a ton of coal nearly a mile: it moves a ton of grain for considerably over a mile. And if the analysis is carried further to apply to water transportation inland or on the high seas, the service rendered for the humble cent is even greater.

As the cent goes farther in moving freight at sea than in any other way it can be spent.

Transportation and distribution are two important factors in the cost of living, but statistics indicate that so far as the railroad and steamship companies are concerned they are giving maximum service for minimum price.

Division Court met in Durham Tuesday

The chief case on Tuesday last before His Honor, Judge Sutherland, was a claim of \$100 made by Frank McElraith, against Eddred A. Watts, of Allison for damages to his car in a mix-up near Fleshtown last year.

Mr McElraith was questioned at length and made a good witness. Mr. Culp, Good Roads Traffic Officer, was also sworn and gave expert evidence of what he had seen and knew of the affair. Judgment was given for Plaintiff \$100 and costs, the latter being heavy as Culp came 70 miles and McElraith 100 miles. There was also included a counsel fee of \$15 for Solicitor Grant of Walkerton if the Defendant does not bring his counter claim to trial.

Calder Est. vs. H. Phipps was a claim for coal supplied Deft. Defendant did not appear and Mrs Calder presented her business books as evidence. The claim was \$44.47 and judgment was given for the plaintiff \$40.25 and costs.

Everett Hunt vs. Trustees of S. S. No 15, Normanby, was a suit for rate of certain non resident school taxes paid by plaintiff. Judgment was reserved. Mr Moon of Clark & Moon for plaintiff, Mr McKay for Deft.

Two judgment summons cases were settled out of court.

Paving Problems Before Town Council

Continued from Page 1

ton and Bruce were being mainly used as detour streets and with so much more traffic on them, oiling was imperative. Mr Stonehouse also stated a sewer was necessary to carry off water if Bruce St. was paved, but not so many property owners would care to pay for it. Messrs W. Laidlaw and J. P. Hunter who were present, said a sewer was not thought of.

Con. Whitmore enquired, how take water away without a sewer? Mr. Glass stated there was little water on street after rainfall, but council could see no ready solution of drainage problem, and Mr Laidlaw advised it best to find out how going to dispose of water before planning to have pavement.

Further Paving Discussions

The County having planned for Lambton St. East precipitated another discussion. Reeve Bell stated it was now being advertised and pavement widths mentioned were 40 ft in first block, 34 ft in second block in front of Presbyterian and Baptist churches, and 20 ft with 4 ft shoulder further east. Some thought this should be asphalt pavement which said Con. Noble would cost approximately \$1200 more. This the town would have to pave as Reeve Bell stated the County paid for concrete only.

Con. McLean thought a 26 ft pavement sufficiently wide, not 40, while Con. Hunter thought it should be 23 or 30 ft. Con Whitmore said it should be over 25 ft anyway as that width already laid uptown was narrow enough. Reeve Bell thought it would look queer less than 40 ft, right next main corner in the town and urged it be at least that. The upshot was that the Council was named as interview property owners interested and get their views re width.

There was further discussion as to whether all paving specifications were being fulfilled, and Mr. Proctor, head engineer, is to be here this week, the Council will take up with him any irregularities or complaints.

Anniversary Services of Amos Church, Whitmore will be held Sunday, Aug. 4th, with garden party, on Monday Aug. 5th. Remember the dates.

Dundalk will Celebrate July 12th Dundalk and County of East Grey, will celebrate the Battle of the Boyne in Dundalk. Parade in the afternoon, with Orangeville Band. There will be sports, games, with dance at night in the Town Hall. Good accommodation for meals.
