NOTE AND COMMENT

Regarding the claim that a passenger pigeon was recently seen near Walkerton, a contemporary quotes the Encyclopedia Britannica as saying that this pigeon is still found in many parts of the United States and Canada, though never in the old numbers. But that edition of the Britannica was prepared many years ago. To-day, so far as ornithologists know the passenger pigeon is extinct and large rewards are offered for a specimen.

Large Fish in Meaford Bay.

Mr Geo. L. Duncan, Owen Sound, caught recently the largest fish in Meaford Bay ever landed by troll. The monster weighed 3 3/4 lbs and measured 44 inches long. It leads by a wide margin for the fishing trophy offered by the Meaford Board of Trade, for the largest trout caught each season.

The contract was signed in the office of G. A. Albany, Meaford, whereby the village Trustees of Clarksburg, purchased the transmission equipment of the electrical system of Mr Newall Clendenan for the sum of \$5000. The final step in the transaction will be the ratification of the contract in a vote to be taken by the village ratepayers on Aug. 26th.

I am sure that religion can do itself no greater injury than to enter into competition with popular amusements. —Archbishop of York.

YEOVIL

On Sunday evening, Mrs J. Sinclair and Stella went to the former's son, who intends taking them to Guelph this week. After visiting relatives there (one an aunt, being 99 years old) they commence their home ward trip to Denver, via the Missouri Valley. Their friends here have enjoyed seeing them again and hope they will return ere many years elapse. Former neighbors of Mrs T. Bunston and Miss Alma, will be interested in knowing they are visiting Earl in Vancouver, B. C. When coming down stairs in her daughter's home in Owen Sound, Mrs J. Reid had the misfortune to make a mis-step, severely hurting her ankle. But her friends hope it will be soon quite normal again. Messrs and Mesdames Groat and children, Mt Forest, Mrs. (Nancy Gallaway), Detroit, Mr and Mrs J. Lane and children, Swinton Park, were recent guests in W J Reid's home. Mrs H. DAMAGES BY BARBERY

Stayner Sun: If any further proof was needed to show that the barber's shrub was a cause of rust in crop, a case was met this week in a farm adjoining Bradford where a prominent farmer lost a 10 acre field of promising wheat through rust. A neighbor discovered a barber's shrub in the adjoining woods close to the field. Suspecting it to be the cause, they cut it down and burned it up, root and branch, and have never been troubled with rust in that field since.

Mr Arthur Kerr of Toronto, spent the week end with his sister, Mrs. Buller. Mr Fred Matthews of Toronto, spent the week end with Mr and Mrs George Brown of Warton. Holstein has been rather a busy place for some time. Gangs of telephone men have been working off and on most of the summer, fixing up the damage done by a storm, and the flood, and now a bridge gang is tearing down the old bridge making ready to build a new one. We should not grumble about the inconvenience but live in anticipation of how much better the village will look when it is all fixed up. Mr James Reid left via C. N. R. for a trip to the West. He expects to be away between 2 and 3 months. Mr and Mrs Geo. Brown of Chicago, Mrs Wm. Allan and daughter of Toronto, and Mr and Mrs Elmer Ross of Toronto, were week end visitors to Mr and Mrs Garson. Misses Bena and Catherine Haas of Mt. Forest, are visiting Mr and Mrs E. Haas. Bilton (nee Lorena Kellar) and three children, are spending a few weeks with her parents. Mr and Mrs Thos Moore and children, Egremont, recently visited with Varney friends. Varney Garden Party The weather man was unkind to Varney for their annual garden party this year. The rain came down in torrents at the worst time on Tuesday night and the ladies' aid society wisely decided to adjourn to the church, which was nicely fitted. However there was nothing damp about the program, every number being enjoyable. Dr Grant braved the elements to occupy the chair and gave a thoughtful little address on a 'minute' and how much and how little it means to some people. We should all value our 'minutes' and 'seconds' for in the end, they grow into the hours and days of life. It was much enjoyed. Mr and Mrs Jas. Allan spoke on South Africa—Mr A. on his trip and the scenes and Mrs A. a solo in the Zulu language and wanted the audience to join in the chorus. But even the chairman could not join in. Rev. Mr Purnell was present and gave a short address on the famous picture 'Hope.' There was a solo by Miss Winnie Blyth; duet by Miss F. Kerr and Mrs And. Marshall; recitation by Miss Mary Metcalfe; selections by Ritchie orch-

estra and three choruses by Varney choir. Lunch was served to all at the close. The proceeds were over \$10. A baseball game was first staged between Edge Hill and Varney, only a few innings being played before the rain came. At closing time it stood 8-6 in Varney's favor.

KNOX CORNERS

Glad to have our church service again Sunday. Mr Purnell spoke of the experience of Moses and the children of Israel as they went out of Egypt with Pharaoh and his hosts behind them and the Red Sea in front. He took for his text "Stand still and see the salvation of God." He compared it to many of our own lives, how in our difficulties and sorrows and when we have come to the end of our resources, God has a way planned for us and oftentimes so wonderful that we learn to trust Him fully. Visitors at Knox Sunday were Mr. and Mrs Thos Reid (nee Maggie Grant) of Moosomin, also Mr and Mrs W J Ritchie. Mrs McNeice visited Friday with Mrs And. Marshall. Mr and Mrs D. Marshall expect to leave Friday for two month's visit with numerous Western relatives. We wish for them a pleasant trip and safe return. About 100 of the children and older people from Knox and Amos congregations motored to Owen Sound on Thursday afternoon last to Harrison Park, a most beautiful spot and a favorite picnic resort—there being 3 there that day. Though the clouds were threatening and a few drops fell, it cleared and the afternoon was fine. The children enjoyed the swings and the young people a game of base ball, and races for all who cared to take part in them, and all had a share of the nuts, candies and oranges. About five o'clock all were seated and a bountiful lunch was served, and later all returned home, feeling that a most pleasant afternoon had been spent. Rev. Wallace Johnston, formerly of Holstein, will take the service here next Sunday. Miss Dinah Thomson, who is home for her vacation from Toronto Isolation hospital, visited part of last week with Miss T. E. Byers. Last Week's Budget Quite a number from here attended Anniversary services at Amos Sunday and also the garden party on Tuesday evening. Mr and Mrs Elmer Watson and family, Toronto, were recent visitors with Mr and Mrs Chas. Watson. The latter is spending a few days with her uncle and aunt, Mr John and Miss Maggie Scott. Around 80 of Amos Sunday School scholars, parents and friends, along with a goodly number from Knox, motored to Owen Sound to Harrison Park on Thursday last for a picnic. It is an ideal place for an outing. Everyone enjoyed themselves in games and social chat until six o'clock when all sat down to a sumptuous lunch, after which candy and nuts were served as dessert. All left around 7 p.m. for home, hoping some time to pay Owen Sound another visit, when they can leave early in the morning and spend all day in the County town. A number of the farmers around this vicinity were dipping their sheep to-day, Monday. Around 185 went through the tank. Mrs John Kerr, Varney, spent a few days with her daughter, Mrs F. Hopkins.
