Flowers' appeal to us through their lovely colors and add a touch of charm to our homes. Often the color is just the tuch which is needed to complete a color scheme in the room. Just how a happy result may be ob tained is explained by Miss Gladys Gallup, extension home management specialist for the Washington State

In selecting flowers, the room in which they are to be placed is the first thing to do considered. We could not use orange California poppies in a rose-colored room, for instance, although they would be most beautiful in a room done in tans and bronze. Chinese Women

In China new ways are challenging the old, and in the consciousness of Chinese womanhood there is a shaping of new ideals partaking of the Western influence that is entering into the making of China of today," asserted Mrs. William Hung, speaking before the Women's City Club in Boston Mrs. Hung was educated at Wheaton College and Columbia University, in the Lnited States, and speaks English excellently. She is a leader among women in China and is the wife of Professor Hung, dean of Yenching University at Peiping, who is now in America spending his sabbatical year as professor of Chinese history at Harvard University, and who also is a member of the Institute of Pacific Relations and of the Harvard-Yench-"In the revolutionary changes that

British Columbian Documents Sought Victoria, B.C .- Students of the Uni-

versity of British Columbia will scour this province during their summer vacation in search of historical documents relating to early days here. They will visit old-timers in remote districts and endeavor to secure from them newspapers published in the earliest days of settlement, personal letters of interest and other relics which will be valuable to historians. The university and the Government
