Health of Earl

Celebrations for Lord

Harewood Dimmed

London.-Considerable anxiety was

manifested recently over the health

of the Earl of Harewood, 83-year-old

dimmed the preparation for the joint

oldest and youngest male members of

celebration of the birthdays of th

the house of Harewood.

Earl's indisposition.

"Lifer" Pomeroy As ever had was a short one around the

Advent of Pomeroy After 53 Years in Prison

ently by itself. Strange vehicles, like He said the one in which he was riding, dashthe greatest wonder of all. The party and the bulletim described him as 'Boy stopped by an open field where stood Slayer." Though he had lost the sight an outlandish contraption. It was not of one eye and the sight of the other unlike a boat in shape, but broad is dimmed, he read the bulletia, and wings extended from its sides. The asked why so much should be made machine began to roar. It rushed of so little an affair, and why the along the ground. It soared into the world persisted in calling him slayer. air and flew away. It was all strange, new, wonderful to the man who had dense cloud. Then it cleared a little never encountered such every day objects as elevated trains, steam-shovets, it was the dust raised by an airplane automobiles, giager - ale, ice cream which just landed at the Brockton aircones, and airplanes. it was frighten port. Billie Robinson slowed down to ing too, and the "Man from Mars" avoid the dust. The plane roared and longed to be back in his home of half lifted, and Pomeroy saw the big ship a century, even though that home was rise gracefully, and sail away. "I've

prisoner. He is Jesse Pomerov. America's most famous lifer, the man the world passed by, as the Minneap- Dense Smoke-Pall ofis Tribune aptly calls him. In 1876, when he was seventeen years old, he was sent to prison for life for murder. For forty years or more he was in solitary confinement. The whole span of more than half a century has been spent, save for one brief period, in the Massachusetts State Prison at Charlestown, near Boston. Recently, very Many Square Miles of Timber much against his will, he was transferred to the State prison farm at Bridgewater, because of his age. The transfer required a forty-mile automo-
