There is a sense in which God's work never ends, and to those who enter most perfectly into the mind of God, as Jesus did, all days are alike. There are tasks that may be, and should be, laid aside on the day of rest, but the work of feeding the hungry, and healing the sick, and ministering to the souls of men in spiritual things, goes on. See John 5:

ASSOCIATION

Everyone knows the power of association. All have experienced this truth, that a perfume, a flower, a strain of music, some less thing even than these, may have power to awaken a crowd of images whose connection with the trifle that has called them up can be understood by him only in whose mind they are thus reawakened. How natural and touching then, to attach a thought of heaven to that hour when daylight is at once glowing and dying that hour of twilight which brings labor's close and gives lelsure for long, sweet, perhaps dangerous reveries; Who can wonder that the evening prayer becomes & safeguard?
