Bigger and Better than ever.
R. D. Carruthers, President
H. C. McKechnie, Secretary

CARS FOR SALE

One 1923 Ford coupe, also one 1923 Ford touring, both newly painted and in A 1 running condition. Apply at the Varney store. Bargains.

PRICEVILLE

Two fine sermons were listened to by two fine audiences on Sunday at St. Columba Church by Rev. Mr. Bartlette of Kilsyth. At the a.m. service "The two ways" was the theme of God and man, citing the cleaving a sunder of the Red Sea and in more modern times the destruction of the great Spanish fleet the Armada: the storm at Moscow with Napoleon's forces and the arresting of the German army on their rush to Paris, without any apparent visible cause, and many other instances of God's guiding miracles. At the evening service he dwelt on love as the fundamental principle of life. Love was supreme: "For God so loved the world," etc was the crowning act of God's grace.

The recent heavy showers following the very warm weather—the result of the cobwebs being wiped off the face of the Sun by the eclipse!—so says one wag—has had the effect of raising rivers to overflow the roads in places considerably.

Mrs. John Baxter, Collingwood, is at present on a visit to her brother, Peter Muir and her Ruby niece, Mrs. Earl McLeod of the village.

Mrs. Kirktown of Holland Centre was a visitor at the home of her son, the prize winning section foreman a few years ago for the best and cleanest section on the O. Sound branch.

Mrs. Ernest Blodgett, Timmins, is at present on a visit to her sister, Mrs. R. J. Vollet on the 4th cm.

Mr. A. J. McVicar is installing two more gasoline tanks to supply the travelling public with the necessary motive power.

Mr. and Mrs. Jas Dunbar and daughter Margaret are home from Detroit, where they spent the winter.

Rev. Father McHugh conveyed the teacher and pupils of S. S. No. 7 to a neighboring school for a game of ball and other sports on Monday afternoon after recess.

Miss Iona Beaton is again gracing the parental home from Toronto.

The sale of the estate of the late Miss M. A. McLean took place on Saturday, realizing for the house and land adjoining \$500 and for the four acres south of the cattle yards \$100 to Mr. C. L. McLean, so we are informed. The house went to Mr. Brock.

Mr. Frank P. Reiley journeyed to Toronto Sunday to see his brother Will in the hospital there. He was accompanied by son Donald, Mr. Arch McArthur of village and Mr. Peter Muir.

The funeral of the late Mr. Teeter took place Sunday at Vandeleur cemetery, attended by a large concourse of friends and neighbors, service at the house by Rev. F. Sullivan, who delivered a fine discourse of comfort and admonition to the living. Pall bearers were Donald and Allan McLean, Angus and W. J. McMillan, Jos McKee, Wm Burnet. Flowers were beautiful and numerous. The deceased had been ailing for a long time, suffering from a hurt while working at the good road system.

FUNERAL OF LATE MRS. C. McARTHUR LARGELY ATTENDED

On a beautiful day of sunshine Saturday last, the remains of the late Mrs. Charles McArthur were conveyed to their last resting place in Saugeen cemetery, from the home of her niece, Mrs. Thos. Banks. Many friends and a large family connection were present to tender their last duty of respect to deceased. Rev. W. H. Smith conducted a comforting discourse over the dead. The pall bearers were Messrs Dan McArthur, A. B. McArthur, Angus McArthur, Colin McArthur, Dan (Tod) McArthur, J. D. McArthur, Howard Page, Arch. McArthur.

Flower bearers: Gordon McDonald, Jas. McDonald, Jno. F. McDonald, D. Ries, Kernel Ries, Arch McArthur, Neil McArthur, Dan L. McArthur, C. Anderson.

Many floral tributes spoke love and sympathy and were received from "Daughters": grandchildren: Annie Sutherland, Windsor: Niagara Falls friends: Gibson family Kitchener: Mr and Mrs Gill, Kitchener: Mr and Mrs Pernfuss, Kitchener: Robt Harrison and Chas Crabtree, Niagara Falls: Mr J. Sutherland and Archie, Stratford.

Mr and Mrs Pettis, Mr John Stephenson and Master Donald Burrell of Owen Sound were visitors the first of the week at David Hincks'.

Mrs Wright from Toronto is back again for the summer months and will live with her sister, Mrs. Kate McArthur.

Mr Clifford Hincks and sisters Ida, Gladys, Beth and Jean motored to Owen Sound on Saturday.

Miss Margaret Baxter of Caledon, spent a few days with her cousin, Miss Mae Stewart.

Mr David Hincks motored to Thornbury on Thursday last, and brought home some fine fish.

Mr and Mrs Jack McKechnie were recent visitors at Mr Wm. McEachnie's, Hopeville.

spending a couple weeks' holiday with his parents, Mr and Mrs Wm. Dingwall.

SWINTON PARK

In the Park the grass is green and the buds are coming out. But the weather is not all that could be desired for the seeding—a little dull and rainy. But progress is being made with plowing and cultivating, and all are busy.

Arbor Day was wet so the teacher and pupils did not get their job done as well as they would like but will take another while to finish it.

Mrs Robt Knox and small grandson Beverley spent last week at O. Sound visiting friends.

Mrs John Haw is at present in the city visiting her daughter, Mrs Hoover and other friends.

At Geo Haw's here on Sunday they enjoyed the company of their daughters Ruby, Mrs Garfield Anthony and babe from Toronto: Maude, Mrs H. Hamilton, husband and babe of M. Forest: Nellie and husband, Mr and Mrs McKeekin, Priceville. Also Delbert who has spent the winter profitably employed at Toronto.

It is strange that so many of our young men and maidens can go to the city in the fall of the year and can get remunerative work for the winter months while there are hundreds receiving the dole. But there is no doubt a vast difference in the appearance of those who are willing to work for a living and those who will line up and be fed by the charitable institutions of the city.

We were sorry to learn that Mr. Jas Hay suffered from a slight stroke of paralysis last week and is in bed. Mr Hay has been in poor health all winter but lately has been able to be out a little on fine days. Dr. Sneath is in attendance. Also that Russel Haw, second son of Mrs Elizabeth and the late Herbert Haw, is in Durham hospital where he underwent an operation for appendicitis Tuesday last week but is doing very well. We all hope for restored health in both cases.

We noticed in last week's Review a request for the opinion of the readers of Review regarding daylight saving for the Town of Durham or any other place. We are decidedly of the opinion that daylight saving is not possible. It was not given us to save but to use to the best advantage. There is abundance of it and it will last while the world standeth. We should use it wisely and save a part at least of what we may gain by the proper use thereof. It seems to us that summer daylight saving, Saturday afternoon off and winter unemployment are half brothers as those long idle evenings and afternoons are mainly used for joy riding and general extravagance, both of health and of the day's wage. Hence the bread line in the winter months. It would be safe to say that if every able bodied man worked 12 hours a day until Dec. 1st, there would not be so many cars stolen and no bread line would be seen next winter as they would not have time to spend their money.

It at least twice a year). They can help you overhaul your machine and discover a little knock in your engine before you even hear it.

Put a self-starter on your flesh and blood vehicle—that is, remember the main facts about putting pep into your motor every day.

Ishbel Hastie, Holstein, Wins First Place in Oratory Contest

Flesherton High School was the centre of Scene Saturday Last

The finals in the Oratory contest for the High Schools of South East Grey, sponsored by Miss Agnes Macphail, M.P., were held in the auditorium of Flesheron High School on Saturday, May 3rd. The subject was the 'League of Nations, its origin, objects and chief accomplishments.' Fifteen contestants took part, representing eight schools. The speaking was of high order and the Judge, Dr. O. J. Stevenson, head of the English Department of the Ontario Agricultural College, Guelph, had difficulty in selecting the five prize winners. The first prize went to Ishbel Hastie of Holstein Continuation School, daughter of Mr and Mrs Walter Hastie: the second prize to Milton Shoullice, Chatsworth Continuation School: the third to Will Somers, Feversham Continuation School: the fourth to Alex. J. Sim, Holstein Continuation School and the fifth to W. J. Musgrove, Hanover High School.

The orchestra of the Hanover High School delighted the audience with several numbers. Ten dollars worth of books on the League of Nations and kindred subjects will be presented to the Library of Holstein Continuation School.

I.O.D.E. Met Tuesday for last time until Fall

The regular business meeting of Can. Greys, I.O.D.E., met at the home of Miss Margaret Hunter on Tuesday. Much business was disposed of but chiefly relating to Chapter work and interests. A couple of badly diseased tonsil cases in the school is receiving the consideration of the Chapter and with the co-interest of the Women's Institute, these young students will shortly have these offending members removed. Another case re the Chapter taking interest in the removal of a birth-mark from another school child, was tabled for the time. This work of the Chapter comes under the Child Welfare Dept.

A dance is advertised this week by Can. Greys, to be held on the 13th inst. for the Town Hall Improvement Fund, while the annual Birthday Tea has been arranged for the King's Birthday, June 3rd. Special features are being planned for.

Mrs R. M. Sparling, Regent, gave an interesting and racy resume of the going of the Prov'l Chapter sessions, at Hamilton, which she attended with Mrs S. McIntyre.

It was decided that this be the last regular meeting till Fall and any business which may have to go through, an executive meeting will be called.

Here and There

(519)
With a prepared acreage greater by 31 per cent. than that of 1929, a better moisture situation and other indications presaging general good conditions for the year, the Canadian West is now busy seeding, according to the latest report of the agricultural department of the Canadian Pacific Railway.

Nearly \$28,000,000 was voted by the Ontario Legislature recently for hydro-electric development work to be undertaken this year in the province for the Ontario Hydro Electric Commission, a provincial government organization. Over \$18,000,000 is to be spent on the extension of the Niagara hydro system, upon which many millions have already been spent to provide cheap electric power over a wide area of rural and urban territory.

"There is a very large amount of capital in England ready for investment and it is felt in that country that it should go to Canada," said Major L. A. Jones, economic editor of the London Morning Post, who landed recently at Saint John from S.E. Duchess of Atholl, on a trip to Canada for the purpose of fostering better economic relations between the Dominion and the Motherland.

MAN CAN'T SLEEP, GETS NERVOUS, HATES PEOPLE
"I could not sleep and got so nervous I hated everybody. Since taking Vinol, I can sleep 10 hours and feel full of pep all day."—Julius Bender.

For 30 years doctors have prescribed Vinol because it contains important mineral elements of iron, calcium and cod liver phosphate. The very first bottle brings sound sleep and a BIG appetite. Nervous, wornout people, are surprised how QUICK Vinol gives new life and pep! Tastes delicious. McFadden's Drug Store.

NEW LAWS FOR DRIVERS OF HUMAN MOTORS

Pull your machine up alongside a filling station regularly three times a day and put into it high-test fuel, such as leafy green vegetables, fresh fruit, milk, dark bread and real butter. Do not use substitutes—you wouldn't do it with a limousine. This high test fuel is remarkable in that it builds your automobile as well as puts pep in your motor.

Run your human automobile into the garage each night for eight hours of rest. Remember to turn on the fan by opening windows and getting plenty of fresh air. This will prevent flat tires.

Run your automobile into the wash rack daily.

Keep the chewing apparatus clean. Brush it morning and night.

Give your human car plenty of water to prevent a dry radiator. Visit expert mechanics regularly, (the doctor once a year and the den-
