## INTERNATIONAL PEACE GARDEN

The thought alone is lovely and if it could only become a reality. H. J. Moore, the Government speaker on so many landscape and floral topics, is striving to make it so. His plan is to have the governments of United States and Canada collect a peace offering of \$5,000,000, to purchase a tract of land suitable for an international peace garden or park, to be situated midway between the two countries. In this garden is to grow all the beautiful flowers native to the two countries and kept in condition by the two "neighbors". It is significant that such a movement could only tend to further and cement the bon entente and good will which now exists as nation to nation and as well would be another mecca for the tourist from afar and show how two bordering countries have been for a century back void of discord and bitterness. At the District meeting of S. Grey Women's Institute, recently in Durham, Mrs. Wm Dingwall of Hopeville, one of the members of the Provincial executive, gave expression to this sentiment and stated how the provincial Women's Institute are loyally behind the idea and project. She quoted the following poem which practically are the sentiments of all good Canadians on the matter:

"A Land without a Line"  
Between us run 3000 miles, a line from coast to coast,  
Where never a fort and never a gun is seen, we proudly boast:  
No bayonet with its murderous steel, no sentry anywhere,  
And we live in peace on either side, as if no line were there.  
Side by side for a hundred years, (May it be a thousand more);  
With never a word to cause us grief, Nor any to make us sore;  
We have lived and still the Union Jack and Stars and Stripes unfurled,  
Have flown together on the line, the wonder of all the world.  
Please God till earth's last sun shall set, and earth's last tears be shed,  
May we two nations still be friends, when to heaven thou callest thy dead:  
Until on that eternal morn, as its glorious sun shall shine,  
The nations kneel around Thy throne in a land without a line.

Miss Anna McVicar stepped danced and L. McKeown played for her. Gordon and Alex McCannel favored the audience with 2 or 3 songs and were heartily applauded. Good music was furnished by McKeown Bros. Cake and ice cream were served at close.

than the sterner sex.  
Lots of rain lately: crops in general are good. Haymaking last week was very catchy but a large quantity of alfalfa was housed in very good order.  
Mr and Mrs Jas Black, Oak River, Man., are at present among their many friends in Priceville and vicinity. They are especially making headquarters with Mrs B's sisters, Messrs McCannel and McPherson and Miss McLean of Lambton St. Mr Black's old home was 1 1/4 miles west of Dornoch and Mrs B's old home was on the last farm on the town line, S. Glennie and to them only a memory of the past. Both old homes are now abandoned. Mr Black is one of the prosperous farmers of Manitoba and as he tells of the many hardships endured when he entered the wild prairies when a young man of 20 the contrast to the present is marked. Now he and family are reaping the fruits of hard labor. On a footpath, he tramped to Winnipeg more than once.  
In last week's Review we saw where two choir leaders were comparing notes as to their 50 years to his credit as leader, the other 52. Now they will excuse us if we tell them we can produce a leader in the old-fashioned precentor style for 60 years. To make it a safe guess, he was for 20 years of that time, three times every Sunday present at services. As in olden times there were a large number of good old highlanders attending regularly every Sunday and generally all of them attended one service.  
Mr and Mrs Wm Leith and part of their family, Dromore, visited their friends, the McDonald's at Edge Hill one afternoon lately.  
Mr D. McDonald is back again to his own house, as he has secured a good lady as housekeeper. He spent the winter and first of the summer with nephew and niece Mr and Mrs A. McKinnon, receiving the best of care from them.

## Terrible Fire in Collingwood Township Home

Flames, caused by the ignition of coal oil with an incubator lamp (placed on a doorstep of home), caused the death by burning of Mrs Fred Thomas, con 10, Collingwood Tp. Monday morning, the actual burning taking place at 6.30 a. m. the day before.  
Mr Thomas who has a small farm on the 10th con, was filling the incubator lamp with coal oil from a big can containing same, using a funnel to pour oil into. The lamp wick of incubator lamp was burning at the time and the fumes of the coal oil became ignited and the can of oil exploded. The explosion set fire to Mrs Thomas' dress who was standing close by watching her husband fill the lamp. In no time she was a mass of flames and the husband grabbed a blanket from the adjoining room and while blotting out the flames, found his wife severely burned and charred. He rushed her in the car to Dr Moore of Clarksburg but little hope was held for recovery. She died next morning at 3 a.m. Practically every bit of her clothing was burnt, also the skin of her face and hands. Mrs Thomas was preparing to go for a motor ride, but as a result of the explosion never even got started. Mrs Thomas was a Proton Tp. girl, her maiden name previously being Thomas, marrying a cousin.

"My children almost hated me, I was so cross. Thanks to Vinol, my nervousness is all gone and we are happy again."—Mrs T. Johnstone.  
For 30 years doctors have prescribed Vinol because it contains important mineral elements of iron, calcium and cod liver oil. The very FIRST bottle brings sound sleep and a BIG appetite. Nervous, worn-out people are surprised how QUICK Vinol gives new life and pep! Tastes delicious.
