RYLYTH'S CORNERS

The unusually heavy rains at this season of the year is "making hay while the sun shines" very difficult. Notwithstanding a lot of hay of good quality has been housed the past week as the hay is very sappy and green and requires considerable time to cure.

A few from this locality took in the "Walk" in Hanover on Saturday last. The U.F.O. Club met at the home of D. and Mrs. McIvride on Friday night. As the season is busy, not many attended. A pleasing event of the business was the presentation of a cheque to the male members by the ladies for \$20, a half of the proceeds of the ladies' garden party at Mr and Mrs Bert Barber's home. The men were so dumbfounded by this generous gift that they even forgot to use the cheapest kind of gratitude: "thank you."

Mr Alex. McVean who has been in a feeble state of health for a few

months past is still unable to work, and quite poorly.

Going down for the last time, it is said a man will grasp at a straw, and true to this tradition is Mr. L. G. Campbell in his attack on his opponent, Miss A. MacPhail, for the stand she took on the divorce bill. Mr. Campbell, like a great many more, speaks as though we had no such thing as a divorce court in Ontario before the last session of Parliament, when as a matter of fact we had one of the rottenest divorce courts in the Dominion, under which 305 divorce cases were granted the past year. As courts and past experiences say we must, hellish as they are, then by all means let us have the very best, and Miss MacPhail has added another laurel in her career, on the courageous stand she took to improve them.

Political promises are made with the same reckless abandon as New Year's resolutions.

EDEN—In loving memory of our dear husband and father, James Eden, who died July 15, 1929.

God is good. He gives us strength To bear our heavy cross; He is the only one who knows How bitter is our loss.

We miss him at a thousand turns, Along life's weary way, For life is not the same to us, Since He was called away.

It is not the time that tears are shed That tells the heart is torn, But the passionate tears in the after years.

And remembrance silently borne. —Sadly missed by wife and family

In Passing Other Cars...Don't "Cut In"

One of the greatest dangers on the highway is the driver who insists on passing other cars when there is no space for him in the traffic line ahead. If he should meet a car coming in the opposite direction, a crash follows—with injury to persons or cars.

It's a good rule to keep in line, unless you have a clear view of the road ahead, and there is a place in the traffic line which you can reach before you meet on-coming traffic.

Don't be a nuisance by "cutting in". It is discourteous to other drivers and creates needless danger. You may have a crash... and even if you don't, you are liable to a fine under the Highway Traffic Act.
