

Clubs Meet at R. R. Watson's

Friday evening last, the home of Mr and Mrs R. R. Watson, 2nd con. Normanby, was an animated scene when an open meeting of the Varney U.F.W.O. was held.

Miss Agnes Macphail, M. P., was present, and though recently leaving the hospital zone, showed no symptoms of her illness.

Mr and Mrs John Pettigrew, and Mr John Krellar, son of Con. Krellar, are camping at Robt. Lawson's grove for a few weeks.

Rev. Robert Honeyman, pastor of Dromore and Knox Presbyterian congregations, was also present with his wife, and was called upon for a few words.

For accepting these charges.

He couldn't see eye to eye with Miss Macphail on the League of Nations objective. Rather he felt they were a group of delegates who themselves were jealous of the strength and power of other countries than their own and who would not be above personal commercialism and avarice in seeking to hold their own aloft.

He also felt that Canada's vast lands would never be worth anything to anybody until they were workable, arable lands. What is not utilized, will never be valuable.

W. H. Hunter Reeve of Egremont, was chairman of proceedings, but beyond a few pleasantries, made no comment. A duet was rendered by Mrs W. Renwick and Miss Florence Patterson of Dromore.

The Ladies Aid met in Varney Church last Thursday and made arrangements for their anniversary services, which will be held on Sept. 21.

GOOD BYE, ALGEBRA AND GEOMETRY

(Vancouver Sun) "Within a short time it is predicted, algebra and geometry will vanish from school courses—and good riddance! In California the two subjects are long will not be required for entrance to state universities—and children will have more time to devote to real knowledge.

HAMPDEN

By the time that Mr Hagedorn's outfit gets this week's operations worked in, the farmers in this vicinity should be pretty well "ditched" Messrs Anderson and M. W. Byers being on the job at present.

EDITOR VENTS HIS FEELING ON TWO YEAR NORMAL COURSE

Editor Thomas of the Bracebridge Gazette once a teacher, has his opinion on the new Normal School program and opens with these pointed sentences: "Now they are talking of requiring Public School teachers to spend two years at Normal School. There can be only one reason for it—to prevent young folks becoming teachers. Not many years ago the term was half a year. Then it was raised to a year. Soon it is to be two years.

WEATHER CONTRASTS OF ONTARIO AND QUEBEC

The contrast in weather conditions during the southern and northern Ontario and in Quebec, has been of a most astonishing nature and holds more than a touch of irony for farmers generally. In the north and in Quebec the rain came in such copious quantities that crops were injured, seriously in some districts.

The fire quickly went up in flames, and two small buildings attached to the main residence of Mr. Galbraith and his wife, Mrs. Galbraith, were also destroyed. The total loss was approximately \$6000. A few were still on the street. Names were noticed and a street of volunteers were seen removing contents of barn. It was impossible to get everything out of a cutter, harness and robes of nearly \$400, also two new extractors, three tons of hay and articles were destroyed. When other buildings caught fire, citizens grew alarmed for the safety of the village and wired Ottawa for aid. With Mayor Thompson and thus unable to get authority, fire chief refused to take out of the city, especially with storm was on and it might be at home. Chatsworth then Mayor Hunter in Durham fighting equipment. With a supply there, it was futile to steam engine and the chemical, along with some men quickly dispatched from town when they arrived, they were quired, as the fire had been under control. Other buildings were on fire time to time but the heavy efforts of the fire brigade at once prevented further damage. Only \$1300 insurance was less than half the loss.
