The Review has received its new selection of personal greeting cards for Christmas and we consider them an extra fine selection. They are decidedly different in design and the price is also different, in that they are so reasonable. Come and see for yourself these lovely designs. They are much less than the house-to-house canvasser asks for an inferior card.

Owen Sound gets \$40,000 Grant
Owen Sound's belated application for aid from the Gov't Unemployment Relief Fund brought good results, for they were granted \$40,000, to be expended in municipal works. There are several hundred unemployed men in Owen Sound and the road work and street widening which it is planned to spend \$80,000 on, will prove a boon to the city.

Shooting Match at Dornoch
The Shooting Match arranged at Mr. Jas. Crutcheley's, Dornoch, on Thanksgiving Day, was well attended and the afternoon's sport was thoroughly enjoyed. Eighteen ducks and eight geese were shot for, by rifles and the shot gun. Some good shots were among the crowd and able to land more than one bird. Among the fancy shooters were F. R. Oliver, M. P.P. who brought low four ducks; Jack Walsh, two ducks and one goose; Ezra Schenk, 2 geese; Alister Saunders, two ducks and one goose.

Principal of Fine New Collegiate
Northern Ontario is not behind the southern section of the Province in educational matters. Recently a new \$100,000 high school or collegiate has been opened at Kirkland Lake, of which Mr. C. H. Danard, former principal of Durham High School, is the headmaster. The Northern News, in commenting upon the building, says it is perhaps "the greatest educational advance in educational circles at Kirkland Lake, with the possible exception of the first public school. The new building contains nine class rooms including the physics and chemistry laboratories and a large auditorium on the two main floors. Last year there were five teachers on the staff, which was increased to seven when school opened in September. Applications are now being received for an eighth."

All hands to the Rescue
There are many things of more or less interest to the general public happen around a printing office and one of the times when it was "more", happened the newspaper Office of the Kincardine Review Reporter. It was an unusual happening and well that it is so, or an aroma foreign to the "wood violet" variety, might penetrate the paper. A skunk fell into the opening outside the cellar window of the Review Reporter office and couldn't get out. Some cautious efforts were made to assist him. A very long plank was pushed down the hole but the skunk refused to walk the plank. Somebody dropped a pail of water out an upstairs window, and the skunk gave a faint but unmistakable warning that it wasn't his bath night. Finally a formal execution took place. The chief of police, coroner, chairman of the Board of Health, editor, Chinese laundryman and others gathered and they attached a hose to the exhaust of a car and plugged up a window and the poor skunk passed out.

Brought home full quota
The Durham hunting party at Port Loring, Parry Sound Dist., returned home Wednesday night, with their five deer allowed by law and having an ideal ten days' outing in fine weather, without even a minor accident. The party were Wm Kellar, Kenneth Wilson, J. C. Howell, P. F. McArthur, Geo. McLaughlin.

Still Wants the home Touch
Mr. J. M. McClarty, Vancouver, writes appreciatively in the following strain: "The Review is a welcome paper, which comes to us as a letter from home, so regularly. As it is now 23 years since we left the farm in Bentinck, the Review has kept us in constant touch with the people and the changes that take place from time to time. We enjoy very much the news from the various rural correspondents, especially Mulock, Crawford, Rocky Saugene and Dornoch."

Chesley has banner Attendance
Powl Suppers are as plentiful as dollars are scarce in South Grey this fall. But in reading in different exchange papers we receive, Chesley has all records beaten for attendance at these suppers. At both United and Presbyterian Church suppers recently held there, over 700 partook of the fruits of the season. If fowl suppers are any barometer of the times, Chesley is a good place to live.

Blizzard holds up Passengers
Last Friday morning, Miss Winnie Dlyt, motored to Atherly, near Orillia—to return that evening with her sister, Miss Ruby, teacher, home for the holiday. Miss Winnie found the snow much deeper in the eastern limits of the county than here, and had heavy driving. En route home, near Southampton Friday evening, a terrific wind and sleet storm arose, which made it impossible to see ahead or travel. It whirled the snow in all directions and soon there was no road to follow. The passengers were forced to abandon the car to take refuge in the nearest home, where they were given shelter for the night. After the road had been broken the next morning, they were able to continue the journey home. The residents of that section claim the storm finds its beginning in the Blue Mountains and they generally know some hours previously that a storm is brewing by the atmospheric conditions.

Men High in Church life Coming to Durham

The last Sunday in November Durham is to be honored with the visit of two men of the clerical body, who have held the highest positions in their respective churches. The least that can be done to show this honor is to have crowded churches to greet them. This fall, Trinity Church, Durham, celebrates the 80th anniversary of the founding of the church and to commemorate the occasion, Bishop Farthing of Montreal will be present. Trinity Church was the first appointment of the Bishop and he yet retains precious memories of his time here.

At the evening service Sunday, 30th November there will be a joint service of the people of Knox and Queen St. United Churches in Knox Church, to greet Rev. Dr. Endicott, the recent ex-Moderator of the United Church of Canada. As a pulpit orator he is hard to excel. His travels, incumbent with his position, have taken him into the Orient and he was a delegate to the World's religious Interdenominational Council at Jerusalem.

WIFE OF BRITISH COLUMBIA'S PREMIER IN TOWN

After an absence from her early home of forty years, Mrs. S. H. Tolmie, wife of British Columbia's premier, is in town for a few days, the guest of Miss Laura McKenzie. Mrs. Tolmie was previous to her marriage, Annie Harrup and her early home was that now occupied by Mr. Ezra Schenk. It gives Durham much satisfaction to welcome back Mrs. Tolmie, and in particular Mr. Jas. Burt, who was an old neighbor and friend of her parents.

Durham will Install Municipal Waterworks System

To take advantage of the government grant of \$12,500 for unemployment relief this winter, to be expended in some municipal undertaking, the Town Council at a special session Tuesday night, decided unanimously to construct a waterworks system this fall and winter and voted a total amount of \$50,000 for this purpose. While the great urgency in pushing the work is to secure good fire protection, it is planned to take over the Snell waterworks system for all services operating in town, and all services in connection therewith will be continued, and a number more installed.

On request of the Council, Mr. W. D. Redfern of James, Proctor and Redfern, engineers of Toronto, was present Tuesday night to furnish estimates of costs and other details. All Council members except Reeve Bell were present.

It is proposed this winter to lay mains sufficient to utilize the approved Gov't appropriation of \$25,000 only, half of which is paid to the town as a grant while work is proceeding. The water supply will be a splendid drilled well on the Stone and Sand Co. property with a proved capacity of supplying 600 gallons of chemically pure hard water per minute. The Co. has generously agreed to allow the town this source of supply, provided their own requirements are unhampered. A pump house housing gas and electric engines will be built at the well, which will pump the water through 8 inch mains to a large stand pipe 90 feet high, with a capacity of 212,000 gallons. The standpipe will be erected in Upper Town to secure maximum pressure, probably on lot north of Mrs. D. Jackson's property. Here it will be over 200 feet higher than lower town, giving a splendid pressure of 80 lbs.

The estimated costs are: The \$25,000 approved for mains, which will buy and lay about 7000 ft of 8 inch, and 6000 of 6 inch mains, 25 additional hydrants at \$100 each, 20 valves and meet engineers fees. Standpipes and foundation are estimated at \$8500, pump house and pumps at \$3000 and approximately \$17000 for the purchase of the present Snell system. Deducting the gov't appropriation, this leaves a net amount of \$38,000 or \$40,000 to be raised by the town in debentures. The debenture payments will be spread over thirty years, and it is anticipated that most or all their cost, will be derived in annual revenue from the new system.

After a thorough discussion with Mr. Redfern, his firm, James, Proctor and Redfern Ltd. was engaged as engineers and the following motion carried:

W. S. Hunter—M. G. Calder: That the engineers make application to the Provincial Board of Health, for a mandatory order in the interest of public health to construct a waterworks system and that the engineers furnish such plans and information as required by the Board of Health, said mandatory order to be for an amount of \$50,000, it being expected that part of the cost will be paid as a grant from the Gov't.

The layout of the mains is not yet definitely decided, but the streets used are likely to be Albert, north to Lambton, thence west to the Furniture Co. factory; Queen from Lambton to Chester, thence east on Chester to Garafaxia and north to standpipe. Also on Durham Road east to hospital, and on Lambton east to Kincardine St.

Work is to be rushed at once and contractors are to engage all unemployed labor possible. In this issue appears an advt. calling for tenders for contracts for five separate parts of the undertaking, all tenders to be in Clerk's hands by noon, Friday, Nov. 21. Contracts will then be let work proceeded with forthwith and unless an unusually rigorous winter, the mains should be completed by end of January. All monies for unemployment relief must be expended by end of March, to receive Gov't aid.

Mr. Redfern, on Wednesday morning inspected the well and the proposed layout, and attended a second Council meeting Wednesday morning when the taking over of Mr. Snell's system was discussed with him. Not having a plan of his present water mains, Mr. Snell and the resident engineer in charge here next month, will prepare a plan, so the Council will have definite knowledge of all that is being included in the new system.

Almost a Centenarian Passes in South Glenelg

MRS THOMAS SCOTT
The death of the lady whose name is above, calls for more than usual attention. A Mother in Israel has departed after a long life, spent it may be in partial obscurity, yet leaving behind her an aroma of kindness and goodwill, that is pleasant to all who knew her. She died on Saturday, 8th November, 1930, and was born on 16th January, 1832 and thus was nearly 99 years of age. A rare record.

Her maiden name was Margaret Flett, whose parents were natives of Orkney Islands, Scotland. She was married April 20, 1854, to Thomas Scott and sailed for Canada—almost forty and could tell of being 29 days on the ocean before reaching Montreal, where they took train for Hamilton and shortly after left for Guelph, where he followed his trade of stone mason.

After a year they decided to try the "bus" and walked to Durham, taking up lots 41 and 42, con 3, Bentinck, where they lived for 20 years, he going to Guelph for a few years in summer to work at his trade. They traded farms with Gilbert McKechnie, going to lot 10 con 4, South Glenelg, where she spent her remaining years.

A family of eight children were born to them: Jas died in 1882; Wm living at Proton Station; Mary, at home; David died at two years of age; Gemina at twelve; John died in 1913, Thos. in 1916; Maria Jane, residing at Port Arthur. The survivors, 17 grand children and 13 great grandchildren, mourn her loss with loving memory.

Mrs Scott was a life-long Presbyterian and we remember her long walks to Dornoch church in early days. None of her brothers or sisters came to Canada to stay any length of time. Deceased requested that flowers be omitted at her funeral and chose a text for that event from Heb. 13:8, "Jesus Christ, the same yesterday, to-day and forever."

Funeral was held Monday, Nov. 10, to Amos Church, Rev. Mr. Honeyman, conducting appropriate services. Pall bearers were W. R. Watson, Isaac Hooper, Wm Wilson, David McKelvey, W. P. Watson, Wm Moore.

Deceased resided with her grandson Frank Scott for very many years, and has been bedfast for 2 1/2 years, and tenderly cared for. Seven weeks ago she took the flu and gradually grew weaker until her death.

We extend sympathy to the three generations who mourn her loss.

Mr Ernest McGirr B.A., of Oshawa Collegiate staff spent the holiday with his mother and sisters.

Miss Marjory Rocks of Toronto, spent Thanksgiving day with her aunt, Mrs David Leith.

Mr and Mrs Chas Kirke and the latter's sister, Miss Lavina Mortley, came home from Windsor Friday last and the former couple will spend Thanksgiving with her parents, Mr. and Mrs Chas. Mortley.

Choir held a gala Night
On Thursday evening last Knox Church Choir and a number of friends were entertained at the home of Mr. and Mrs Bryson Morlock when a social evening was enjoyed by all.

The occasion was made to do honor to a member of the choir who recently joined the ranks of the benedictines, and his bride, Mr and Mrs Clifford Buschlen. In a few words, Mr Chas. Lang voiced the good wishes of the choir on his recent union, and Mrs. Morlock presented them with a silver cake basket. The groom responded appreciatively in a few words. Games and contests filled in the evening's program, previous to the serving of refreshments. At the close a vote of appreciation was tendered to Mr and Mrs Morlock for their hospitality in opening their home for this event.

Baptist Mission Circle
The Mission Circle was held at the home of Mrs Thos. McComb on Nov. 5th. The President Mrs Knisley was in the chair and opened the meeting with hymn "Take the name of Jesus with you", followed by prayer by Mrs Clark. Minutes of previous meeting were read by Secretary and roll call answered with the key-word "Peace". The ladies of Glenelg Centre Baptist Mission Circle were guests of the Durham Circle and the entire program was put on by the visiting ladies, Mrs R. McGillivray presiding. The scripture reading given by Mrs. Jas. McGillivray followed. A hearty vote of thanks was tendered the Glenelg ladies for their splendid program. Hymn Praise Him, Jesus our Blessed Redeemer was sung and the repeating of the Lord's Prayer brought an enjoyable meeting to a close. The hostess and com. in charge served a dainty lunch.

BOOK OF REMINISCENCES OF FARQUHARSON CLAN

We were greatly pleased to receive to-day, Wednesday, from Rev. Wm. Farquharson, D. D., an attractive book of 213 pages, entitled "Reminiscences of Clomar and Canada" by Donald R. Farquharson of Chatham, Ont. and a brother of Rev. William.

Clomar was the early Farquharson home in Scotland, and around it and from it grew up an abundance of folk lore, which is admirably narrated in this book. We promise ourselves some happy hours in reading it, and as Secretary of our Public Library, thank Dr. Wm. Farquharson for the gift, which will be perused with interest by his many friends here.

JUDGE SUTHERLAND OBSERVES TWO MINUTE SILENCE TUESDAY

Division Court Tuesday was slim as to business. Only one case, Noble vs. Noble, was heard, with verdict in favor of the plaintiff. Two or three Judgment Summons cases were either settled or postponed until January court.

A rare thing happened in the midst of business at 11 a.m. This being Armistice Day, the Judge ruled that all present should observe the two minutes of silence, with the rest of the Empire. Accordingly for that brief period thoughts of law gave place to thoughts of loyalty to a stormy and painful past.

The Review is unavoidably late this week, due to the non arrival of the paper supply, which we located at Owen Sound. It has caused much inconvenience to us and which we hope will not happen again for many moons.

Mr. Priest presided and the other three town pastors took part in the devotional exercises.

ANNUAL MEETING OF AMUSEMENT COMPANY

The annual meeting of Durham Amusement Co. meeting was held in J. N. Murdoch's office, Friday, Nov. 7th, with the usual attendance. The treasurer's report showed increased receipts the past season for both skating and hockey games, \$505 being the skating revenue and \$540 the rink's share of hockey games. About \$250 was made above current expenses, but as a new roof on the rink is imperative soon, this year's surplus is only a small start to this end.

Officers for the ensuing year were elected as follows: President—George Smith; Vice Pres., J. A. Rowland; Secretary—W. S. Hunter; Treasurer—P. Ramage; Managing Com.—Jno. McGowan, J. N. Murdoch, T. Henderson, J. A. McLachlan, W. J. McFadden, R. Whitmore.

The ice manager will be appointed by the board shortly. In fact the meeting was held a little earlier to permit of everything being in readiness to have ice when the first cold snap comes.
