On Monday night, the lower Town Hall was utilized for this annual function and on all sides, favorable comments were heard of the excellence of the baking and the liberal helpings of goose provided. A "smelling" contest in which the ladies were required to detect odors in a bottle ranging from gasoline to Florida water, provoked much amusement. Also a "Know Canada" contest on which many points of our country, unknown to the average Canadian, were discovered. Piano solos were contributed by Miss Ethel Derby and Mrs. D. C. Town; solo by Mrs. D. B. Jamieson; duet by Miss Helen Gerrie B. A. and Miss Elma Ball; humorous readings by Mrs. R. M. Sparling and the story of "The Other Wise Man" by Henry VanDyke, given by Miss Walker B.A. Light refreshments closed the afternoon. I.O.D.E. Presentation to Bride Canadian Greys' Chapter, I.O.D.E. held their monthly meeting Tuesday, at the home of Miss Margaret L. Hunter, with almost a full attendance of members present. Mrs. R. M. Sparling, regent, presided. After committee were chosen to look after the Christmas Dance on 26th inst.; the annual Christmas Cheer campaign and a "Hope Chest" contest to be put on after the New Year, the business meeting resolved itself into a social and bridge. It was given in honor of a recent bride and member of the Chapter, Mrs. H. Cross, (nee Elsie Hunter). Six tables were engaged at bridge while others enjoyed a musical program upstairs. Miss Mary McKechie proved to be the bridge prize winner, receiving a handsome pitcher. After refreshments were served, Mrs. Sparling presented Mrs. Cross with four tea plates of Crown Derby which she had as an expression of good wishes from the Chapter. Mrs. Cross fittingly responded. The evening previous, Mrs. Cross was similarly honored by the Ladies' Bridge Club with four plates of the same china and pattern.

Large Audiences Hear Bishop Farthing Sunday

The presence of Bishop Farthing of Montreal in Durham last week end, awakened interest, in Trinity Church especially. In his opening remarks at the commencement of his sermon on Sunday morning, he feelingly recalled that he had, 45 years ago, been installed as rector of this parish, of which they were to-day celebrating their 80th anniversary. It was well for us to look backwards sometimes, but it was better to look within and forward. It was a strong feature of human nature to celebrate time and to him this day was most interesting.

"Taking his text from Psalm 36: 9, 'For with Thee is the fountain of life.' Our Saviour said I come to give you life and John reminds us, 'in him was life and the life was the light of men.' This generation has a greater view of nature than any generation before. Material things pass away but Christ and his teachings remain. He comes to give us life, and life, he assures, gives unity.

We are baptized into God, not into any church. God in us, we in God, and to have fullness of life we must abide in God. If we separate ourselves from God, we separate ourselves from the greatest source of power. The world is suffering to-day by this absence from God. In spite of Peace Conferences we see the nations piling up war materials. People in churches even worshipping mammon, holding the truth but not exemplifying it in life, nor abiding in Him, who is the fountain of life. Much else of an edifying nature will recall the visit of Bishop Farthing, who is a power in his own church and in the Christian world.

THE ROLL CALL

HUGH MCKINNON

There died at Basswood, Man., on Wednesday, Nov. 24, Hugh McKinnon, in his 62nd year. The illness of two weeks' duration, developed into pneumonia and this fine life has now become a memory. For two months before his death, with sister, Miss Kate, he was welcomed into the home of his old section in Bentinck, where he was universally respected.

Deceased was the son of the late Alexander McKinnon, and born on lot 29 on S. Bentinck. This was his home until he made his first trip to the Canadian West in 1900, engaging in the carpentry trade. Since that date he has returned to early scenes at intervals. He is survived by a brother and sister at Basswood, Duncan and Kate and Donald at Leithbridge, Alta, and many cousins in the vicinity of Durham, who mourn his death.

He was a faithful member of the Baptist Church and a Liberal in political leanings.

DURHAM GETS GOOD

O. H. A. GROUPING

In the O. H. A. Intermediate Series this coming season, Durham is placed in Group No. 16, along with Walkerton, Owen Sound, and Markdale. Campbell Grant of Walkerton is convener, and the schedule is to be drawn up at Owen Sound. Both Walkerton and Owen Sound can be counted upon to furnish the stiffest of opposition, while Markdale with a year's experience, should also present a strong front. Local fans may look forward to some tense hockey battles this winter and the team finishing on top here, should travel quite a distance down the semi-finals.

Unemployed Attend Council; 5 members on Hydro Com.

Durham has its problems like that of other towns in the Unemployment Situation.—Municipal election clerks changed this year.

Unusual interest was manifested in Monday's Town Council session, when 50 or 60 of the unemployed men in town attended, to learn what steps the Council was taking towards getting them work on laying mains, etc. for the new waterworks system.

Coun. Hunter stated the unemployed had made a deal set on the Board of Works on Thursday last, but he nor other members had authority to say what men should be engaged. The few at present at work digging to lay mains, had first applied to contractor and were taken on. He had seen stand pipe contractor and expected some could be employed there also. More believed in giving married men the preference.

Later in the evening, Mr. McIntyre, resident engineer for James, Proctor and Redfern, engineers, was called on, and he assured the gathering that more men would soon be engaged and probably week about, if too many desiring work, but he had nothing to say as to selection.

Reeve Bell said many were coming to him, and some doubt had been expressed as to all local labor being engaged, but it was embodied in specifications that as many local men as possible be employed. Coun. Noble mentioned that specifications allowed contractor to use a ditcher if he wishes, but opinion was expressed that local job was too small and ground not all suitable for its use.

As present, scarcely a dozen local men are at work excavating for the mains, and about a hundred are on unemployed list at Clerk's Office. After considerable discussion over the matter, a motion by Bell—Whitmore, carried, that the Board of Works, town clerk, contractor and engineer, be a committee re who should be employed. The action was evidently quite satisfactory to the audience, as they left the hall after motion was passed.

Earlier in the night the agreement with the Gov't., conditional to receiving the grant of \$12,500, was read by the Mayor, and he asked the Council to familiarize themselves with it, that they might correctly answer all enquiries. A communication was also read, which was a mandatory order for the installation of waterworks system in the interests of public health of the town.

A communication from Long and Dely, Toronto, Solicitors, re legal work in connection with preparing by-law and issuing debentures was read. The fee will be approximately \$65 and a motion by Stonehouse—Noble, that they be engaged was carried.

The C.N.R. asked in what time water supply could be provided. The Mayor stated both railways were anxious to supply as early as possible, as pumps were giving them trouble.

Accounts totalling \$5,821.35 were passed. This includes County rate of \$5130. Much of the balance was for salaries and street work. Chairman W. S. Hunter of Board of Works said they had graded up several of the unpaved streets and they were now in good shape. \$24 had been spent in improving condition of the town dump, but its value was undone in 24 hours. Some protection must be given to work here.

The Library Board were going ahead with their plan, but cold weather was now holding up the work. Engineer had advised against connecting the drain into catchbasin in front of Knox Church, as with drain from septic tank into it, odors might arise. It should be run into main sewer.

Chairman Jas Smith of Fire and Light Com., reported the Hydro Com. were scraping six lights and replacing with new fixtures. The pole in front of Hunter's store will be moved closer to main corner and all four corners will be lighted.

By-laws 915, 916 and 917 took up much time and discussion. 915 fixed nominations on Monday, Dec. 29, and 916, if any, the following Monday, with following officials in charge. The Council selecting unemployed men for the polls:

North Ward—At Library: Jos. Firth, D.R.O.; Geo. Hay, Poll clerk. East Ward, at McFarlane's shop—Ernest McDonald, D.R.O.; Roy Wiggins, Poll clerk. West Ward, at Town Hall: Howard McDonald, D.R.O.; Norman McIlraith, Poll clerk.

By-law No. 916 authorized borrowing an amount not to exceed \$37,500, to pay for waterworks installation until debentures are sold. Where to taining episode of the night. A motion was first moved and seconded by two

councillors that entire amount be borrowed from Royal Bank; an amendment by two other Councillors was that borrowing be divided 50-50 between the two banks; then the other councillors put forward an amendment to amend that entire sum be borrowed from Bank of Commerce. The last was first voted down, then the amendment was voted down, and finally the motion was voted down. With all three lost, all three motions were again introduced, whereupon to end the deadlock and save time, the movers of the one bank only motions, withdrew them, and the 50-50 borrowing plan was unanimously carried. The loan is not extended beyond Dec. 31, 1931.

The main provision of By-law 917 was the repealing of By-law 716 and the changing of the personnel of the Hydro Com. from 3 to 5 members. When this new by-law was drafted, "five" members was inserted by the Clerk, upon instructions, he stated. Coun. Noble moved word "five" be struck out. This was carried. Reeve Bell said it looked as if they "were trying to put something over." Mayor Hunter: stated it was changed to five, as now with three and one member sick, or may possibly be absent.

Once more on Friday evening, Knox United Choir assembled to honor two of their members recently wedded, Mr. and Mrs. Thomas Bell. These gatherings have been held at periodical stages in 1930 and as to what 1931 will do for the choir, is anybody's guess. Seven tables of progressive checkered were played when some of the members showed much skill and marksmanship, the prizes—boxes of candy—going to Arthur Derby and Miss Winnie Blyth. Following the play a banquet was held, at the close of which Miss Margaret Hunter, leader and organist, in a few words, spoke the feelings of the assemblage to the honored couple and to them was presented a beautiful three piece silver tea service. Accompanying the service was a handsome serving tray, the gift of Mr. and Mrs. J. A. Rowland. Both groom and bride responded appreciatively to this lovely gift. Rev. W. H.
