WILL FARM TAXES BE REDUCED THIS YEAR

In another column will be found a "straight from the shoulder" plea for our legislators in Township and County Councils to act at the coming sessions for a reduction of road expenditure and a further reduction on anything that will lighten the load of the taxpayer. There is no doubt that the world in general and the farmer in particular are passing through stiff experiences and it does not make it any lighter for them to see prices on other commodities remain the same while produce prices and everything a farmer sells, take a "shoot the chutes" to the bottom of the ladder. There are so many underlying causes that turn prosperity into depression that it would take a ream of paper to enumerate them. But we can at least by the public moneys, materially assist in keeping down the steadily mounting taxation bore. Mr John A. Ferguson's article is a very timely one. May all the legislators play the cannot Sect this year and think twice before they act.

W. D. Henry, K. C. Appointed Crown Attorney

Congratulations to Walter Henry, K. C. of Markdale, Ontario, who on June 1, takes over the duties of Crown Attorney for Grey Co., succeeding C. S. Cameron, K. C., who resigned. It is an appointment that honors the man and one whom the man will honor. Mr Henry, who received his early education at Orangeville public and high schools, took his degree in Arts at Trinity University at the age of 19. After being called to the bar he practiced in Ottawa for 4 years in partnership with Judge Burdige's son, who is now Magistrate at Hamilton. He returned to Orangeville, where he practiced for ten years and then continued his legal career for eighteen months at Markdale with Hon. I. B. Lucas. He is now 55 years of age and was created a K. C. two years ago. A number of years ago he acted as Crown Attorney of Dufferin Co. for two years during the illness of W. L. Mackay. He admitted to the Globe he had ambitions for parliamentary life and had been optimistic concerning his chances at the next Dominion election to contest South Grey. "I was going to give 'Aggie' a run for it," he remarked. A keen fisherman and hunter, Mr Henry also won an enviable reputation as a lacrosse player in his youth. For five or six years he played along with his brothers in the old Dufferin team, which won a number of championships. The brothers who played along with him are the late Dr. Tom, Henry, J. C., Oscar and Charles E.

KNOX CORNERS

Our pastor gave a good message on Sunday on 'Fruivolly' and spoke of the New Testament incident, where those who had been invited to the feast, made excuses and did not go. Jesus is daily giving an invitation to all who will accept Him. There are two kinds of fish—the swimmers and the drifters. To which class can we compare ourselves? Are we in the first, against sin and temptation, or simply following the crowd? In closing, our pastor's invitation was given to the young people and all who had not accepted Jesus as their personal Saviour to do so, as life is uncertain and we know not what a day or an hour may bring to us. Mr and Mrs Scullion of Toronto, visited on Monday with Mr and Mrs John Thompson and family. Miss Dinah Thompson accompanied them and Miss Maud returned with them after a couple of weeks spent at her home here. Mrs Gadd and children of Holstein along with relatives from Hamilton, attended service at Knox Sunday. The Community Club spent Tuesday evening of last week at the home of Mr and Mrs Carlyle Smith, Conn. and presented them with a family rocking chair. Mr and Mrs Ed. Smith and Gordon of Toronto, visited the first of the week at the Wallace home. Miss Eleanor Marshall accompanied them for a short visit with her parents. Quite a number from our line attended the reception given for Mr and Mrs Donald Elder at the home of Mr and Mrs James Webber on Friday evening of last week. Mr and Mrs Murray Wells of Egremont, and Mrs Hay, were visitors Sunday with Mr and Mrs Alex Smith.

McLean and two daughters, Esther and Catherine, were visitors this week with friends at Priceville and Flesherton. Crutchley, Durham and Mr and Mrs Farquhar Oliver, Priceville, were recent visitors with Mr and Mrs James Crutchley.

HAMPDEN

Victoria Day has just passed for 1931, and with its passing, no doubt many a fish has been lured from its native waters. As yet, we have heard no fish story but we presume the Saugeen is pretty well cleared of anything in the line of fish as the busy anglers were early on the job and not till the sun was commencing to sink in the West, did the line of motorists leave the enticing river bank. Messrs Muriel and Evelyn Henderson, Hanover and Allan Park spent the week end with their parents. A number from this part attended the funeral of the late Clarence Baetz last Friday in Hanover. Clarence was a lad of pleasing personality and had won many friends while in the employ of Alex Sharpe the past two years. He will be sadly missed in the sporting circle as he took an active part in the softball team. Mr Jacob Hoff and friend, Preston, motored up over the holiday to renew reminiscences of boyhood days around the old home, now owned by Andrew Fulton and visited his father's fishing hole. He also called on his old neighbors. Mr Calvin and Willie Smith spent the holiday with their uncle, Alex Sharpe. The farmers are busy with the root ground. Some are at potatoes, while others have had them in for some time. The white frosts that have visited us lately, we hope have not damaged the fruit crop.

WOULD YOU HAVE A UNIFORM DRESS FOR H' SCHOOL GIRLS?

The Midland Board of Education took up the question of uniform for the girls attending the High School in that town, upon the receipt of a letter from one of the mothers. It was thought by the majority of the Board, that the idea was a good one, and the mothers of the girls are receiving a questionnaire to be answered in the affirmative or negative. The matter of dress has become a serious question in the High Schools and in these days of depression many parents are finding it difficult to dress their children in the way they demand these days. The Midland Bd. will suggest the middie and blue skirt or the combination of school colors. It was felt that the idea could not be enforced but by suggestion and aid of the parents it should be possible. The result of the Midland move will be watched with interest by other towns, where the same idea prevails in the High Schools—that the pupils must dress to the limit to keep up with the crowd.

The Census of Canada 1931

In the opening weeks of June every family and every home in Canada will be visited by a representative of the Government for the great national purpose of taking the seventh census of Canada.

The census is really a stocktaking. That is, it provides the information to enable the Government and others interested in the development of the country to formulate progressive policies for the happiness, comfort and prosperity of our people.

All the information supplied is strictly confidential, and the officers of the Government are subject to severe penalty if they disclose any of the information which is given to them by residents in the country, to any other than the Government.

Furthermore, it has nothing whatever to do with taxation, or military service, or compulsory school attendance, or immigration, or any such matter; and the Government itself cannot use it except for statistical totals.

The Government representative will put the same questions to all, and it is your duty as a resident of this country to answer promptly and truthfully. The Government is very anxious to avoid forcing anyone to answer these questions, but it is empowered to do so in the few cases where individuals may refuse.

"WHATEVER WILL I DO?"

Evening rates on "Any-one" (station-to-station) calls begin at 7 p.m. Night rates begin at 8.30 p.m. Just give "Long Distance" the number you want—it speeds up the service.

Jimmy had been ailing for a couple of days... but she didn't think it was serious—till this afternoon... she called the doctor... hospital tomorrow... just a minor operation, but it couldn't wait.

Whatever would she do? She must be with Jimmy... but there was the baby too. If mother were only there... but a letter couldn't reach mother till late tomorrow.

Then she thought of the telephone. In two minutes she was speaking to her mother. Yes, she could catch the evening train—would be there at 8 in the morning.

What a relief! Now she could go about her preparations for the morrow. The telephone had made everything easy. And the cost of the call had been less than a dollar.

Have you enough Life Insurance?

No matter how large or how small your estate, it will suffer heavy deductions before it reaches your wife or family. Doctors, nurses, hospitals, undertakers, lawyers, etc., not to mention succession duties, if the estate be considerable, will reduce the net amount payable to your heirs by anything from 10% to 25%. Take your pencil and try a simple sum in arithmetic, using an actual case as an example:

Table comparing Typical Case and My Case. Typical Case: Total face value of all my life insurance policies \$5,000, Estimated value of my real estate, securities and other assets \$2,000, Total \$7,000, Less 15% as indicated above \$1,050, Total estate (net) \$5,950. My Case: Total face value of all my life insurance policies \$297.50.

IS IT ENOUGH?
