LETTERS TO THE EDITOR

We have before us a copy of the Farmers' Advocate containing greetings from the Minister and Deputy Minister of Agriculture, Thos. Kennedy and J. B. Fairbairn, complimenting farmers for 'steadfastness, patience and courage during the trying times' and 'appreciating the many sacrifices which have been made and the fortitude shown by them.'

They express 'unbounded faith in our Province, in our people and in the future,' and wish to extend sincere Christmas greetings and are hoping for a return of financial stability which will ensure a greater return for ability, skill and labor given.

We think this is all very well, very nice but it wouldn't go far towards feeding the cat. Could not the two mentioned, together with all other members of the Cabinet do something tangible to attain that end, by reduction of their own salaries and perquisites? and thus assist in lowering the great burden of taxation which prevails at the present time. No trace of Communism in this but it would read with better grace if these suggestions had been so stated. 'A Friend of the Farmer'

PUTTING THE DATE BACK Churchill as an actual factor in shipping for Western Canada seems to be metaphorically slipping into the sea. It is now hinted the date of its being thrown open to the public will be in the Spring of 1933. Its debut has been postponed so often that westerners are beginning to feel more concerned over its 'coming out,' lest it becomes a derelict like Port Nelson. Of course there is again a plausible excuse, i.e., the Dominion Government does not want to make it a port until all facilities are completed so that it may compete on a favorable basis with the more established trade channels. Work to be undertaken next summer includes dredging, construction of stockyards, erection of facilities for handling incoming cargoes, etc. By the Spring of 1933 the public will have become so used to trumped up postponements that it will be ready for another one. Heigho!

Children Left Alone In a little house in a back street two children are awaiting Mother and Dad's return. They are being cared for by a friendly organization but there can be no home for them until their parents come back. Where are the parents? For many months they have been struggling for best health and strength in the Toronto Hospital for Consumptives. They have benefited greatly, as so many hundreds do, from the quietness, fresh air, kindly nursing and medical attention.

Such work as this has great economic value to the community as well as opening the way from misery and despair to hundreds of greatly needed jobs. Will you please send a gift to Mr. A. E. Ames, 225 Colborne St., Toronto.

NOTICE It is proposed by the Municipal Council of the Town of Durham, to pass a by-law authorizing the election and appointment of a Public Utility Commission, to which shall be entrusted the control and management of all the public utility works owned by the Corporation of the Town of Durham.

At the annual election to be held on the 4th day of January, 1932, the electors shall be asked to vote on the following question: "Are you in favour of entrusting the control and management of all public utility works owned by the Corporation, to a Commission, to be known as the Public Utility Commission of the Town of Durham?"

H. C. Rose, Clerk J. N. Murdoch, Mayor

I hereby certify that the above is a correct statement of the question submitted for the vote of the electors and in the event of it being carried in the affirmative, the proposed by-law will be finally passed by the Municipal Council after one month from the first publication, the date of which was December 3rd.

H. C. ROSE, Clerk

CUT OUT THE INCOMPETENT AND CARELESS DRIVER

Auto killings are so common these days that they attract little attention. A real head-on collision would be a thrilling novelty when compared with the common place highway killings that are daily features and mass and attributed largely to careless and poor judgment. Unjustly the victim of some injury may be the victim of an incompetent or irresponsible and careless driver who should never have been granted a license to endanger the lives of sane people.
