

A Woman's Privilege as Well as a Man's

There is not a reason in the world why women in business or at home should not enjoy the same banking privileges men do. In fact, they do at all branches of The Canadian Bank of Commerce.

If you open a Savings Account at this Bank, every courtesy and consideration will be extended to you; and you will find the practical business experience gained in this way extremely helpful.

A Savings Account is very convenient; and, once begun, with regular deposits and interest added, soon grows appreciable. It means greater enjoyment, comfort and confidence.

Oxford and Cambridge Skiers Hold First Meeting on British Soil

History was written in Canadian and Empire ski annals at Ste. Marguerite, Que., over the end of 1931 and the beginning of 1932, when the ski teams of the Universities of Oxford and Cambridge held their inter-variety meet on British soil for the first time. Hitherto the famous British Universities have always settled their winter sports differences in Switzerland, the recent visit to Canada having been made in the light of the "Buy British" campaign, and for the encouragement of University sports between different parts of the Empire. They also met

Canadian college teams, were entertained at Ottawa by His Excellency the Governor-General, and made the acquaintance of a number of Canadian Ski Clubs. The pictures show (Dark Sweaters) the Oxford Team; (Light Sweaters) the Cambridge, who won the British inter-variety meet; and (in group) taken immediately after the Oxford-Cambridge cross country race. Left to Right: Alexander Keiller, President of the Ski Club of Great Britain and Honorary Manager of the teams; timekeeper; W. (Bill) Thompson, Montreal, former Canadian Olympic skier, starter; F. J.

Walter, (Oxford) individual winner; W. D. Dunn, Cambridge, second; and H. Spence former British cross country ski champion and member of the technical committee of the Ski Club of Great Britain, timekeeper. Inset—a fine jump by three of the British under-graduates. All were enthusiastic about their visit to Canada and the beautiful mountain resort on the Laurentian line of the Canadian Pacific Railway. The party travelled from England in the Canadian Pacific liner "Montcalm" and returned on the "Duchess of York."

ONTARIO PAYING TOO HIGH AN INTEREST RATE

The Province of Ontario is congratulating itself for its recent great achievement in floating a provincial loan that was over-subscribed in an hour's time. Surely there is immense wealth in Ontario in ready cash, ready to pick up the plums as they fall.

The point has been raised by many "Was it necessary to float the loan in the first place?" Secondly, "Was it necessary to offer 6 per cent interest to attain the objective?" Corporations, insurance companies and wealthy citizens were simply waiting for such a loan to come along to subscribe to in large blocks. With principal and interest assured, they have only to sit pretty and draw it as it comes due. The small investor had little chance to gain from it, as a couple of days after the market quotation was up a full point. With Ontario in such an enviable financial position, as she is reputed to be, it goes without saying that the loan would have been over-subscribed in almost as quick order at 5 1/2 per cent. Much needless money from Ontario's resources, it appears, has gone out in the big interest rate given the loan.

Apart from the high rate, it is going to act as a precedent for counties and townships who also at times ask for money, to live up to. Inevitably it comes out of the poor taxpayer in the end and already he is groaning so hard, that it is doubtful if his shoulders will ever straighten with the burden he is bearing.

BLAMES LOW HOG PRICES ON RUSSIAN FIVE YEAR PLAN

Why have prices declined \$4 per hundred weight or \$8 per 200 lb hog, during the past ten weeks? This question is asked in the Barrie Examiner by Thos. Olsen, general manager of the Co-operative Packers of Ontario. It has no doubt occurred also to others, especially to farmers engaged in raising hogs. In July live hogs figured around 9c per lb f.o.b., which was a fair price in comparison with grain values. During August prices dropped from 8c to 6c or \$4 per 200 lb hog. In September conditions were worse for live hogs hit the 5c and three-quarter cent level. Even at this unfavorable price to producers packers could find no export outlet, for England, the great market, was flooded with bacon from European countries.

Mr. Olsen explains that the Danish farmers, who supply 65 per cent of England's bacon requirements, are not feeling very happy about the situation as the prices they are realizing for bacon to-day are the lowest in the history of England's bacon market. They are, however, carrying on their hog production to full capacity, buying feed from Russia at prices representing about one-fourth the cost of production. This is also true in other European bacon exporting countries. "It can therefore be readily seen that our low hog prices can justly be blamed on the Russian situation," Mr. Olsen concluded.

"There are only two remedies for this unfavorable situation, either the downfall of Russia's five year plan, or all European countries, as well as the U.S.A., must take the same stand that Canada has done, no trade with Russia."

CHINA-JAPAN WAR

The trouble in the far East does not grow less with the passing days. Both parties have won victories, but Japan seems the better of the two. The caution and advice that come from the European powers seem to make Japan just do as she likes.

Britain and United States are working together to better things if possible, but no decisive victory on either side has given them a chance to interfere. Meanwhile Japan is landing more troops and China is calling for wonderful man-power, and decision will be reached shortly, with Japan firmly seated in Manchuria likely.

It will be well if some untimely mishap to European powers should not be the signal for bringing them into action. Meanwhile war has not been declared!

Japan has a mind of her own, not easily influenced by the League of Nations.

BRUCE COUNTY THROWING OUT SCHOOL FAIRS IN 1932

(Walkerton Times)

Rural School Fairs in Bruce County which have been the big attraction each fall for the children of the Township Schools, appear to be out of the question for 1932.

The County Council at its session here last week passed a resolution dispensing with the School Fairs this year, due to the advice from Mr. Fred Forsyth, Dist. Agric. Representative, that there would be no free meat distribution from the Government forthcoming this year and also that the Department, in its economic program, was dispensing with the furnishing of judges for these fairs.

This was removing the two safeguards, Mr. Forsyth maintained, against those juvenile delinquents who showed something that their elders produced and tried to put it across as their own handwork and production. That many parents co-operated with the kiddies in this faking ordinance in order to get the awards was the most surprising and regrettable feature of the affair, was in substance the statement of the speaker, whose experience with rural school fairs was large and varied and who claims to have seen a lot of crooked work attempted at these fairs in his time.

The kiddies would get one kind of seed, he claimed and later many of them would show the yield of a different variety and try to get away with it.

Registering of the seed furnished was one of the principal helps against this faking process, while supplying of expert judges by the Dept. who were competent to make the fair play to the honest exhibitor.

The removal of these two safeguards was to take away the virtues and leave the devilry in the fairs, was the drift of the speaker in this regard.

Outside of this sinister element, these fairs since inaugurated, have been a source of education and entertainment to many young, as well as old, through out the county and Walkerton's reeve, Campbell Grant, strongly opposed their abolition even for a year, on the ground that the patty sum saved wouldn't compensate for the interest the youngsters would lose in the calling of the farm and which wasn't in line with the slogan "Keep the young people on the farm."

However the Council decided to forego the school fair this year in Bruce, and a motion to that effect passed without a division at the Board.

WILL BE ON THE BREADLINE: The reduction of ten per cent in the salaries of M. P.'s, cabinet ministers, etc. means the dropping of \$1700 from Premier Bennett's indemnity. Chances are he will have to file in on the breadline in Ottawa!

Third Durham Institute group Give Radio Program

The Durham branch Women's Institute held one of their novel and pleasing afternoons at the home of Miss Annie Weir on Thursday last.

The program was in charge of Group III of the Institute ladies and as was kept a secret by the group, speculation was rife as to what form the entertainment would assume.

After the business period, conducted by the President, Miss McGill, Mrs. F. W. Moon took charge of the meeting. Mrs. Moon announced that in these modern days we take modern methods for hearing entertainment, and turn on the radio, Mrs. Moon and her group then entered the studio and the announcer, Kate Smith (Mrs. Helen Kinney), announced the program from DEWI, broadcasting from the Palace Hotel on Bruce St., Durham.

The studio artists opened the program with a chorus. A piano solo "Love's a Dream" was by Kathleen Stokes (Leah McComb). The Royal York orchestra (Mrs. Ralph Canton playing harmonica and piano) rendered "Old Time Tunes. Weather reports, correct time and coming events were announced. Jessie Reid (Mrs. J. Mathe) gave something of interest to women. Ann Adam (Mrs. R. H. Leddingham) advertised a certain brand of flour and gave recipes: Anthony Wand (Mrs. J. C. Hamilton) read from Tony's scrap book: Mrs. Blake (Mrs. J. A. McGillivray) gave a talk on radio, beginning with Marconi, the inventor of wireless and took her unseen audience to a radio factory, which was a very interesting talk. Two guest artists, Miss Dragonette (Mrs. Knechtel) and Miss Field (Mrs. J. F. Giles) each rendered solos. "When R. E. N. Red Breast sings Home Sweet Home" "Look on the sunny side" and "When Irish eyes are smiling." The radio artists gave two numbers, "Carolina Moon" and "Springtime in the Rockies." The Pond Sisters, Misses Glass and McComb, rendered a piano duet "Farwell to Thee." The Funny-bones (Mrs. W. Hargrave) supplied the jokes.

It is 30 years since the inception of Durham Branch Women's Institute and plans are being made to mark the event. \$5 was voted to be sent to the Teberritory doctor fund. Nine quilts have been made by the Institute members and friends and seven of these have gone to the West and two used locally. The group members served a supper of scalloped potatoes, devilled eggs, salad, bread and butter, tart.

HAMPDEN

This unusual winter we are having is still producing some changeable weather with very high winds, while all sorts of vehicles are travelling on the roadways.

The Messrs. Hickling, Fulton and Byers, were among the number who attended the "Father and Son" banquet in St. Andrew's Church, Hanover last Friday evening and report a splendid outing.

Miss Muriel Henderson, Hanover, visited at her home here over the week end.

Some of our young sports attended a box social in Allan Park Friday night.

The local W.M.S. are holding their day of prayer at the home of Miss Isabel Fulton on Friday of this week.

Mrs Gardner Organized 3rd W. Institute Br. in Canada

Owen Sound has lost an outstanding woman by death, in the death of Mrs. James Gardner, which took place on Friday last. Besides her qualities of a devoted wife and mother, she was an ardent church woman, a hospital worker and for other causes that needed support. But it was for her unique connection with the organization of the Women's Institute in Grey Co. that her name and work stand out prominently.

Mrs. Gardner organized the third Women's Institute branch in the world, in her home village, Kemble. She was one of the first women, so says the Sun-Times, to see the possibilities of this organization and the great good it could bring to rural women. She was called upon to organize the Owen Sound branch, which she later served as president over a term of ten years, as well as organizing numerous other branches over the county. She also organized the County W. Institute and was the first president of the county convention ever to be held. She enjoyed the highest esteem and co-operation of the Provincial government during the many years she was leader in W. I. circles.

Seven children survive, of whom one is Mrs. (Rev.) A. N. Cooper of Hanover.

ALL BRANCHES OF DORNOCH CHURCH WENT OVER THE TOP

The annual meeting of Latona Presbyterian Church, Dornoch, was held in its Sunday School on Feb. 2nd, the pastor, Rev. J. R. Greig acting as chairman. Excellent reports were heard from all departments of the congregation's work. The Sunday School practically doubled on last year's work. The musical part of the program consisted of a quartette by male voices and a duet by Miss Lyne Fisher and Mrs D. J. Macdonald. The topic "What did Jesus teach about man?" was discussed by Mrs Jas McDougall. In a very interesting manner she referred to some of the outstanding teachings of Jesus in which He emphasized the value of personality, regardless of race, creed or national boundaries, and His boundless sympathy with the suffering and down-trodden. Messrs Gordon Krauter and Eric Ashton also contributed very fine readings along similar lines. The meeting closed with hymn and prayer.
