D's are heavy hitters and aggressive players.

Rev. G. R. Turk, a former pastor of Central United Church, Owen Sound, and now retired from active church work, spoke in Knox United Church Sunday morning last, in the interests of the Ontario Prohibition League. Mr Turk yet sends forth a vigorous challenge to his audience, and also rendered a gospel solo with much effectiveness.

Minister Injured in Motor Accident at Allan Park

En route to Walkerton last Saturday afternoon where he was to preach on Sunday, Rev. Dr. Henry Dickie, of Elora, was the victim of a motor accident at Allan Park bridge, in which he sustained injuries necessitating several days stay in Durham Red Cross Hospital.

Rev. Mr Dickie had come to Durham by motor bus, but found there was neither bus nor train service to Walkerton that afternoon. He took the opportunity of riding over with the driver of a gravel truck, several of which are now on the highway, drawing material to Walkerton from the local Stone and Sand plant.

While the truck was going down Allan Park hill, ahead of it was a car, owned and driven by Norman Ritchie of town, who with Reg. McFadden, both of the Bank of Commerce staff, were en route to a ball game in Walkerton. Ritchie slowed up to allow an east bound car to pass him just before coming on to the bridge, but the brakes of truck coming down hill were unequal to prevent it hitting Ritchie's car, lifting up rear end, smashing left rear wheel and fender, and crowding it against side of bridge. The impact swerved the truck into the oncoming east-bound car driven by Carl Larsen of Walkerton and accompanied by Jas. Heffernan, also of that town. The crash shot Rev Mr Dickie through the windshield and he sustained severe cuts in the head, requiring thirteen stitches to close the wounds, after he was rushed back to Durham hospital.

Heffernan also suffered head cuts, and was taken to hospital, but after they were attended to, he was well enough to leave. Rev Mr Dickie's injuries were fortunately not serious, and he was able to return to his home on Tuesday afternoon. Neither the Walkerton car and truck both required considerable repairs.

Bachelors Win Two Town League Games

BACHELORS 19, FURNIT. CO. 10 The worm will turn, and the Bachelors last Friday night, came back to form with a decisive win over the factory boys, who have not so far this year, displayed the winning brand of ball which carried them into the finals last season. The Bachelors tried out a new lad as twirler, Bert Lawr and he made a good beginning. The team hit heavily behind him and were always in the lead.

Bachelors 11, Hockey Club 6 No doubt about it, the Bachelors have struck their stride. After masquerading as the winless wonders, they have now won two straight and by playing snappy ball, against the two finalists of last year. Tuesday night they were just able to get a team together, but they slammed McGirr for 13 hits including 2 homers, while the outfield gave the best fielding performance of the year. Tucker making two circus catches. The hockey boys held them on even terms till last of 3rd, but it wasn't their night.

D. D. D's DEFEATED KNOX Monday night, Durham's new team of Junior girls, known as D. D. D's, (daring, dashing, demons) lived up to their name, in winning over a team from Knox Church 27 to 9. However the Knox girls had never played together before, and hastily gathered together without any practice, could not be expected to field and bat on a par with their practiced opponents. The D. D. D's are heavy hitters and aggressive players.

He came from Markdale hospital this spring, to reside with his nephew, but it soon proved that the hospital was the most suitable place for him. He was buried from the home of his nephew in town Monday morning, in permanent taking place in Markdale R. C. cemetery.

He was a genial disposition, he was loved and respected by all who knew him. In 1898 he went to Montana where he made his home. He was married in 1906 to Christena, daughter of the late Maloolm and Christena McMillan, South Line, Artemesia, who survives him, also one brother John McLean, of Top Cliff and four sisters, Mary A. Truck Overturned, Injuring Holstein Footballers

Returning from playing football at Cape Croker Wednesday night, nineteen players and supporters of Holstein football team, all in John Leith's truck, were more or less injured when a rear tire blew out and the truck overturned in the ditch near Williamsford, about 11.30 p.m.

A local doctor was secured and rendered first aid, and Dr Sneath also sent for from Durham. Harry Cowan, whose injuries were most serious, was taken to Durham hospital. He suffered bruises and abrasions about the head but happily his wounds are not critical. George Brown had a cut in leg and other broken ribs, but after first aid was given, all except Cowan were able to return to their homes.

E. J. Garland, M. P., Speaker at Annual U.F.O. Meeting

At the annual meeting of the South East Grey United Farmers, held in Flesherston, last Saturday, every township in Grey was represented, excepting Keppel and Sarawak. The town hall was filled with an enthusiastic gathering, the drawing card being E. J. Garland, M. P., for Bow River, Alberta, who delivered a most thoughtful and well-reasoned address on 'International Finance'.

Mr Garland gave a concise summary of the causes of the present agricultural crisis. He blamed the bankers for the present depression, and urged the deflation of Canadian currency, declaring that the gold standard is a superstition, and that it is by virtue of this superstition that the banks can defraud the people. The two local members, Miss Macphail, M. P. and F. R. Oliver, M.P.P., also gave excellent addresses, but spoke more briefly, to allow the visiting speaker ample time.

President Carruthers, Ephraisa, retired through ill health and Harold McKechnie relinquished the Secretaryship. The new slate of officers elected is: President, Robt. Lawson, Bentinck; Vice Pres., W. H. Hunter, Egremont; Secy Treasurer, Wilfrid Graham, of Markdale.

Co-Operative Co. Directors: R. I. Aitchison, Mrs Robt Lawson, Joseph Crutcher. Municipality Representatives: Sullivan, J. Lembeke; Bentinck, D. J. MacDonald; Normanby, Don. McElvride; Holland, Phil. McKay; Glenelg, Geo Campbell; Egremont, W. H. Hunter; Ephraisa, A. E. Ellis; Art. Russell; Osprey, Geo. Boss.

The meeting unanimously passed a resolution to be forwarded to County Council opposing further road building. Much enthusiasm was displayed over the big farmers' delegation, which goes to Ottawa July 16 to interview Premier Bennett. It is planned to have five from each Township go, and it is anticipated that South-Grey will send her full quota.

I. O. D. E. BIRTHDAY TEA GAVE A FLORAL WELCOME Friday last, in the Town Hall, Can. Greys' Chapter, I.O.D.E., arranged a delightful afternoon for those who took advantage of same, on the occasion of the Chapter's annual Birthday Tea.

The Hall breathed fragrance from many beautiful sheaves and standards of flowers placed around; in fact, it was the epitome of June herself. The long tea table, presided over by Mrs S. F. Robbins and Miss A. Renwick, was a picture in having for its centerpiece, the red tulip, the white spirea and the blue iris, a happy combination of our national colors.

The guest speaker of the afternoon was Mrs Alice Roger Collins, Walkerton, who entertained the gathering for over an hour with a resume of the national songs of various countries, and illustrating each one on the piano. Our own National Anthem is in many cases abused with never a thought of the intent of the words behind the melody. In fact, it is frequently made the occasion to prepare for home, when rather it should be observed in the light of a prayer. Also the poetical version of 'O Canada' was rudely marred by our interpretation of it. Mrs Collins also told something of the history of each of the National Anthems selected in her address and told of the stress of which they were born. It was a fitting address for a patriotic Chapter, and also rendered a prelude from Mendelssohn and the second 'Love Song' of Liszt.

Dainty light refreshments were served later by members of the Chapter. The attendance was not as large as has been.

Monoxide Gas Poisoning Nearly Proves Fatal

Mr John Sharp, con 18, Normanby, will always have reason to thank John Aitken, Normanby's auto tuner, for calling him on the telephone at 6.30 Saturday morning last, for it was the saving of his life. A few minutes later might have been too late.

John rose at a quarter to five that morning and at 5.30 went off to his garage to get his car started (for the first time this season), with a view to going on a ground-hog hunt. He started his car with little trouble and then proceeded to remove the jacks and props from under the rear end of his machine. That is all John remembers and when his wife came to the garage at 6.30, to bring him to the phone for Mr Aitken, she found him prostrate and unconscious on the floor. It is judged position on this way for an hour. The car had continued to run until it ran itself out of gas. All this time he was receiving the deadly monoxide fumes.

Dr Easton, Aytton, was quickly summoned and was most persistent in his effort to revive his patient and eight and a half hours after was rewarded by returning consciousness. He is not yet out of danger, but has rallied considerably, and is now talking it easy around the house. It was a close call.

MANY TEACHERS: FEW VACANCIES

Durham High School Board are busy this week receiving personal applications for the vacant position on Durham High School staff, not to say of the many applications waiting to be opened, received through His Majesty's mails, by Secretary Grant. The College of Education this past season, housed 500 embryo teachers and providing the majority are successful at their exams, as they generally are, it is going to take some time to get the surplus of the newly fledged "B. A.'s" to tell the various Boards how well they are qualified for their particular position.

The vacancies are fewer than usual, as in many cases Collegiates and High Schools throughout the Province are eliminating an extra teacher and teachers remaining doubling up on subjects too are content to "hide away" and not make a change this year, much as they would like to. There will be many excellent teachers who will find it necessary to seek other channels of service this coming season and their theories and practices thrown into the discard for the time being.

The teaching market is glutted. Mrs W. Dargavel of Arnprior, is a visitor with her mother, Mrs H. McDonald, Upper Town.

Mr and Mrs Charles G. Watson, of London, were week end guests of his cousin, R. R. Watson and family, of North East Normanby. Charles G. is an authority on ornithology and on many occasions has arisen at 3 a.m. and tramped many miles to get the call of a certain bird.

W. Jackson, Westmeath, Ont. and Wilbert Beaton Greenwood, son of Mrs John O. Greenwood, formerly of Zion. The ceremony was conducted by Rev. A. Atter. The bride, given in marriage by her father, wore a gown of medium blue georgette, with matching hat, carrying Ophelia roses.
