IDEAL WEATHER FOR KNOX GARDEN PARTY

Knox Church, Normanby, could not have selected a better night for their annual garden party, if a date had been picked a year ahead. Wat-

here who have held their jobs for more than ten years, and there are another 100 men who have been in the service for twenty years and over.

Weston Shops cover 23 acres of land, fenced in and guarded at each entrance by an attendant. Inside the fence is a separate railroad yard containing 40 miles of trackage. One thousand cars are being shifted about continuously by three shift engines. Every day in the week from 400 to 500 cars are repaired and shunted out of its gates into the regular yards.

These shops use up \$300,000 worth of material annually and they burn 120 tons of coal each day, all Western Canadian coal.

One of the most interesting parts of this institution is an apprentice school, where 140 boys attend school in the company's time, receiving regular wages. They are learning the technical side of railroading. They study arithmetic, geometrical and mechanical drawing and enter regularly into the practical side of shop life.

A unique part of the shops is a section where all the scrap iron and metal waste from Fort William to Calgary is gathered and shipped to be re-made into iron castings. The company saves \$25,000 a year from this reclaimed metal. From these outworn wastage the shops manu-

factory all bolts and iron castings parts for the entire western lines of the company. Each month 100,000 tons of cast iron is manufactured here.

It is interesting to go through these shops and see some of the biggest engines in the service being stripped right down to their wheels and completely rebuilt. An engine can be rebuilt here in about sixteen days.

"There is an engine that went into the rock-slide in the Rockies two months ago," says the foreman. All engines can see of this engine is its frame, just steel bars on wheels. It is being re-made, boiler and everything.

Passenger and freight car wheels for western lines are also made here. The wheels must be ground while both wheels are on axle, and both must be made exact in size within a hundredth of an inch. For it, as the foreman explained, one wheel is an eighth of an inch larger than the one on the other side of the axle, that larger wheel will want to travel an eighth of an inch farther every time the other one turns over, thus wearing down the flange and spoiling the track—and causing danger to the entire train. Annually, 16,000 pairs of new wheels are made here.

And on those wheels roll the world's grain caravans.

To the average person a railroad shop is perhaps the most uninteresting institution one could possibly think of. It suggests to one's mind everything that is cold and inanimate—dry—grimy. Even the fence surrounding these stolid premises looks forbidding, like a prison wall.

But during the great Canadian grain rush from West to East there are few places in the West more interesting than the Weston Shops of the Canadian Pacific Railway, at Winnipeg, where 500 cars a day are snatched in off the main line, repaired and shot out the next day to resume their place in the big rolling movement of the world's grain caravan.

This institution, quietly situated on the western outskirts of Winnipeg, ranks among the big industrial organizations of the West. It employs eighteen hundred men the year around, and has a monthly payroll of \$200,000. Weston Shops, which last year repaired 29,515 cars, 500 coaches and 494 engines—and manufactured a million and a half dollars' worth of material—gives one the impression of being a big, self-contained corporation, instead of a minor part of a big railroad system.

AITKEN — MACEACHERN

The home of Mr and Mrs James MacEachern, 14th con., Egremont, was the scene of a joyous occasion when their oldest daughter, Ella Victoria, was united in marriage with Mr Robert Little Aitken, son of Mr Robt. Aitken and the late Mrs Aitken of Holstein.

The ceremony was performed out-of-doors in a tastefully-arranged spot under a tree, by Rev. A. J. McMullen, B. A., in the presence of about forty-five guests, relatives of the contracting parties, with a few exceptions. The bride was given away by her father and was prettily gowned in white silk lace, her only ornament being a double string of pearl beads, and she carried a lovely bouquet of red roses, lilies and baby's breath.

The young couple were unattended. The wedding march was played by Miss Sprung of Toronto, an intimate friend of the family. During the signing of the register, Mrs. McMullen sang "all joy be thine" accompanied by Miss Sprung. After congratulations, the taking of several photographs by Mr Archie MacEachern of Toronto, brother of the bride, occasioned much merriment. A sumptuous wedding repast came next, and then the gifts received attracted any admiration. These were both very beautiful and acceptable, mute testimonies to the high esteem in which the bride and groom are held. Many of these presents are worthy of comment but we mention only one here as a specimen, an exquisite counterpane of pale green and white broaded silk in lovely design and with scalloped edges. In the evening a large reception was held, with its usual accompaniment of dancing and neighborly good fellowship in which about two hundred guests took part.

The best wishes of the entire community follow the young couple to their new home on the 16th concession, Egremont. Friends in attendance from outside points were as follows: From Toronto: Mr and Mrs Tucker, Miss Willa Hockridge, Don. Bain, Mr Patterson and his daughter, also Mr Archie MacEachern; from Hamilton, Mr Alex. Munro and family.

Mr and Mrs A. Haas and Arthur, visited over the week end with relatives at Inglewood and in company with Mr and Mrs J. H. Stith, went to Niagara Falls, passing through Grimsby fruit belt with its beauty and wealth of promising fruit. Cherry trees, many of them still laden with luscious fruit evidently not being picked. How many people would welcome the opportunity to make use of what is going to waste. Flowers there were in profusion, but chiefly calling for admiration was the riot of rambler roses decorated trellises and many fences with equal beauty. The grandeur of the Falls must be seen to be appreciated. Those who have visited them, will see again on Memory's wall the splendid sight: to those who have never been there we would say grasp the opportunity when it comes to you to see one of the wonderful sights of the world. A lady looking for the first time at the Rocky Mountains exclaimed "Only God could make that." The same remark applies to Niagara Falls.

KNOX CORNERS

We had beautiful weather for the Anniversary services Sunday and also for the garden party Monday. Rev. Mr Miller, Mt Forest, took the Sunday services and gave good messages morning and evening. The morning text was "Isaac built an altar, pitched his tent and digged a well," Isaac was not an outstanding character like Abraham his father, or Jacob his son, but from the text we find that he put first things first. The altar stands for the worship of God, the tent for home and the well for service. Does Isaac not put us to shame to-day in his faithfulness to the worship of God, the religion that cannot bear a sneer is not worth much. The services were well attended and the flowers were beautiful. The choir sang two anthems at the morning service. For the evening text, Mr Miller took, "God is a sun." As the sun shineth in his glory and changeth darkness to light in the earth so God will do the same for us in our lives and will make the crooked ways straight and the rough places plain. The choir sang an anthem at this service and another named "The New Song" by Mrs A. C. Marshall and Mrs C. McAllister and Misses Myrtle Marshall and Charlotte Patterson. Visitors were present from Dromore, Durham and Hampden.

HOLSTEIN LEADER

LOCAL AND PERSONAL Summer Camps in Holstein Now a Pleasant Memory

The Summer's camping at the Park at Holstein is drawing to a close. Already the interested citizens have seen the Girls' and Leaders' Camp gather and disperse.

The Girls' camp was a particularly happy event, featured by the pleasing personalities of Mrs Jarvis McCurdy and her leaders. Miss Margaret Robertson, who took charge of Nature Study, was well equipped to do so, as she is girls' leader in Timothy Eaton Memorial, Toronto. Miss Emily Acheson had charge of Dramatics and directed many pleasing dramatic presentations, such as "Alice in Wonderland"; Miss Jean Harding was called away, owing to her father's illness, and Miss Aleida Mitchell took her place as swimming and life saving instructor. Miss Alberta Gibson took charge of music appreciation with her violin; Miss Watson, Dundalk, helped the girls in handicraft, to make leather purses, etc.

Altogether there were 32 at the camp. Though the number was disappointing, the results were gratifying. The girls registered a desire to have a two weeks' camp next year. Mrs McCurdy pleased the congregations of both churches with eloquent addresses morning and evening.

The Leaders' camp, which is an innovation, was held over the week end. Gordon Lapp, well known in Holstein, was the director, assisted by John Hunter, Premier of Boys' Parliament. They took a regular course in leadership training in Boys' work. There were about 17 regular campers, while many visitors from Durham and Holstein came in for evening and Sunday.

The Boys' Camp is the climax of the camping year at Holstein. There are 70 boys registered and almost ten leaders in addition. It has been said that no boys' camp in Ontario has a group of leaders that can equal that of Camp Saugeen for boys. Earl Lautenslager B. A. is camp director, assisted by Gordon Lapp, Wilbur Howard, negro cabinet minister of the Boys' Parliament, takes charge of sing-songs, dramatics, and Indian lore. Alfred Hinck is leading in leather craft and wood carving; Norman Chalk of Thornbury is swimming and life-saving instructor. Eddie Sargent, middle distance runner, Owen Sound, has charge of land sports. Rev's Richards, Mercer, MacPherson and Shannon are leading devotional exercises. A fuller report will follow.

Everyone will be interested to know that the boys are planning to put on a special program in the Hall on Friday evening: special features of songs and stunts are being planned. Friday afternoon is visitors' day. Sports and athletics will be shown. On Sunday the Trail Rangers band from Thornbury will be present. Earl Lautenslager will speak at the United Church in the morning and at the Presbyterian in the evening.

While there they will draw up a schedule for the Juniors, between Milverton and Holstein. They expect to have a game in Holstein Friday night if possible. The Srs do not know as yet who they will have to come up against, but most likely to be Tavistock.
