Seemingly a Necessary Nuisance

Complaints have been numerous of late regarding the persistence of door-to-door peddlars who annoy the housewives and pay no taxes in Durham. Persons who sell goods produced by their own land or their own hands, are allowed to sell such goods in this manner without a license, but those who are selling manufactured articles or produce purchased from another, are liable to a fine if they are caught without a permit issued by the Town Clerk. It is part of the policeman's duty to see that peddlars do not hawk their wares in Durham without these permits.

Crash at Lamiash

At about 6.15 p.m. last Wednesday a crash occurred at the Lamiash corner in Bentinck, which will have its sequel in a police court case. John Brown and his father, Geo. Brown, were going west on the concession line and at the intersection, were crashed into by a car driven by Lenox of Sullivan Tp. who was going north. Brown's car was turned completely upside down, and the top of the glass broke. The driver and passenger were damaged and all suffered damage. Lenox's car also suffered damage to the bumper, fenders, frame and axle. Mr. George Brown sustained a deep gash in his arm and was taken to a local hospital for treatment. Constable McGeachan investigated and reported the details to the crown attorney, who is resulting. Lenox faces a charge of driving in better condition and commands higher prices than when otherwise handled.

NEW FREIGHT RATES

New freight rates on live stock with low minimum weights to meet the competition of motor trucks in Canada, Pacific and Canadian National Railways, covering movement from stations within a radius of 150 miles from Toronto, and these will be effective as from Aug. 15. The new rates are being tried out as an experiment and it is expected they will result in a very substantial increase in the rail movement of cattle, sheep and hogs.

The minimum weights applying in connection with the new rates are the regular railway livestock tariffs. On cattle, rates somewhat higher than those in the railway tariffs have been published subject to minimum weight of 12,000 lbs. and another scale of rates has been published, subject to minimum weight of 6000 lbs.

On hogs, calves, sheep and lambs there are also two scales of rates, one subject to minimum of 10,000 lbs. and another subject to minimum of 6,000 lbs.

Stop-offs in transit for completion of loads will be allowed subject to regulations under railway tariffs. In addition, these new rates are subject to all livestock regulations authorized in the railway tariffs.

The railway's rates under these new arrangements, are as low and in many cases lower than those charged by trucks, and the railways claim an additional advantage in that stock moving by rail arrives at market in better condition and commands higher prices than when otherwise handled.

ALLAN PARK U. F. W. O.

The August meeting was held at the home of Miss Mary Hopkins with a good attendance of members and visitors. Letters of thanks for sympathy expressed and for gifts of fruit, were read. The Club has arranged for a Progressive Euchre party, at home of Mr Geo Turnbull, on Aug. 23. A small admission will be charged at door for children over 12, along with adults. Lunch will be served.

Miss Hopkins gave a wonderful report of the Conference meeting in Ottawa on July 16. The program was called off owing to electric storm. Mrs Ben Cutts will have next meeting on Sept. 2nd.

The picnic held at river on Geo. Mighton's farm, in July was a real success. This is a wonderful picnic retreat and people from far and near are taking advantage of same. The afternoon sports consisted of races, scramble for young and old, horse shoe pitching, ball games. There was a duet by Rev and Mrs Galloway, a speech by F. R. Oliver, M. P. F., and enjoyed by all present. Our sympathy was extended to Mrs J. Porter, one of the members, in the loss of her mother. The cushion brought \$3.10. Mr Geo Turnbull had the lucky name, who expressed his thanks to the club and wished them success. A delicious lunch was served and a splendid time spent together.

"To remove a coffee stain, cover the spot with the yolk of an egg," says a household hint. And having done this, cover the whole mess with a plate and depart before the hostess discovers it.

SPITE FENCES

The world-wide tariff competition is rapidly reaching the phase of erecting "spite" fences. United States puts a four cent duty on copper and lumber; the British Empire appears to be determined to bar extra Empire-copper by a similar barrier. Belgian copper producers induce France to let Haut Katanga metal into that market on a preferential basis. The Belgians are after the German metal business on a similar concession. Canada, Australia, South Africa and New Zealand seek preferred marketing conditions on grain, meat and lumber in the United Kingdom. Empire countries are busy negotiating bilateral trade treaties to exclude outsiders. France reverts to the quota system, affecting imports from all countries. German regulations are changing almost daily. It is a splendid example of the folly of tariff wars.

There is one thing about this spite fence business, people sometimes do come to a realization of the futility of it all, they tear down the fences and let the sun shine on the neighbors. No sane man would advocate free trade with tariff theory ingrained in national consciousness as it is, but at least a more reasonable attitude could be easily conceived and a more rational policy made effective the world over.

HYMENEAL

HILL - McCALMON

A wedding was solemnized at high noon, on August 10, at the home of Mrs Will J. McCalmon, of Guernsey, Sask. which their third daughter, Ethel Merle, became the bride of Dr. Van Rowley Hill of Viscount, Sask. Rev Cecil McClelland officiated.

The bride entered the living room on arm of her father to the strains of Lohengrin's wedding march, played by her sister, Mrs W. E. Turner of Cabri, Sask. She looked charming in a floor length gown of ivory satin, blossoms and carried a bouquet of sweethearts roses. Miss Irene McCalmon, as bridesmaid and sister of the bride, was lovely in a mauve silk and carried a bouquet of white and golden gladioli. The wedding was attended by R. E. Lee of Viscount.

Mrs McCalmon, mother of bride, was attired in a taupe and silver gown, with a corsage of red carnations and fern. Mrs Hill, mother of bridegroom, was dressed in black and white silk. During the signing of the register, Miss Elsie McCalmon, sister of bride, sang "Until."

Immediately following ceremony a buffet luncheon was served. The table was beautifully decorated with streamers in pink and white, centered with a 5-tiered wedding cake. Small silver vases of petunias completed the table decorations. Miss Blanche Whitmore, Lusden, presided over the tea table, assisted by Misses Elsie and Bernice Iley of Liberty.

The couple left by motor for Banff and other points west. The bride's travelling costume was a coral suit with white accessories.

Out of town guests were Mrs Wm McCalmon, Sr., grandmother of bride, Mr and Mrs C. Postlewaite, Saskatoon; C. A. Aneer and son Chester; Prince Albert; Mrs Hill, Sr., Mr and Mrs Russell Hill and Alice Blair, of Drake; Edward Iley and daughters, Elsie and Bernice, Liberty; Misses Myrtle Lang, Wilmo Orser, Grace Warren and Betty Garnet, Simpson; Misses Vicia, Vera and Irene Schapp and Lenore Pegg, Lanigan; Miss B. Whitmore, Lusden; Mr and Mrs W. P. Turner and son Wallace Verne, of Cabri.

Dr and Mrs Hill will reside in Viscount, Sask.

(The bride in above write-up is a granddaughter of Mr Edward Fee of Varney, her mother formerly being Miss Martha Fee.)

And then there is the story of the little boy who, when he didn't want to go to bed, was reminded that the chickens want to roost at sundown. "Yes," said he, "but their mamma goes to roost with them."

Enjoyable Trip to Coast

(Continued from page 1.)

here we couldn't help notice the huge cedar trees. Seattle, Wash., is a large city of 325,000 population. Then north through Everett and Bellingham, and through customs, into Canada, at Blaine. In all our dealings with customs officers, we found them to be very courteous. We called on a cousin at Cloverdale, Mrs Charbonneau, formerly Katie McCallum. We arrived at Ladner, British Columbia, on June 26th, where we visited with Messrs. Donald and Peter Morrison, brothers of Mr Morrison. Morrison brothers live 14 miles from Vancouver on the Delta, where the soil is exceptionally fertile. Here they go in mainly for dairying and poultry raising. We visited some of the largest dairy farms. We were greatly impressed with flower gardens, especially roses which one has to see to appreciate.

We went up to Vancouver, visited Messrs Campbell and Oliver Ledingham, nephews of Mrs Morrison. During our stay in Vancouver we visited Mr and Mrs John Clark, Mr and Mrs Jas McLarty, Mr and Mrs Geo W. Ledingham, Mrs Jos Henry, Mrs Adam Watson, formerly of Durham, Mr Phil's sisters, sisters of Mrs T. Saunders, Durham, called on Dr and Mrs Arch. Hunter.

From Vancouver we took the C.P.R. boat to Victoria, visited Mr and Mrs Geo. Twamley, the latter showing us round the city. Victoria is a city of beautiful homes and the Butchart Gardens are world famous. We regret we have to curtail now their description.

Next day returned to Vancouver, went on ferry to North Vancouver to Capilano Canyon. We crossed over a two suspension foot bridge, one 450 ft long and 200 ft high, the other 200 ft long and 45 ft high.

Before returning to Ladner, we called on Miss McDougall, Mr John Turnbull and daughter Isabel, Mr Theo. Binnie and daughter Mrs McLean, Mr and Mrs Jas Vasey, formerly of Durand, all in New Westminster. We also took in the farmers' market there. There was so much produce, one would wonder just where it all came from. Came back to Ladner, calling on Mr and Mrs Dowling, Mrs Dowling was formerly of Cassio, Philadelphia.

On July 1st we had a picnic in Stanley Park, Vancouver. On that day, the new Burrard bridge was officially opened. It is the best lighted bridge on the continent. Mr George Ledingham making and putting in all light standards. Mr Ledingham is a brother to James A. Ledingham of Durham.

July 15th, we left for home. For east: returned road to Bonner's Ferry, Idaho; then north to Creston, B. C., Yakh (dove gasoline, Nest Pass, Fernie, McLeod, to Gull Lake, Sask., south to Inshaw and visited Mr Neil McLean (a brother to Miss McLean of our party), then east to Mr Malcolm McLean's (another brother.) Here the crops look good but very much in need of rain. From here we went by Swift Current up to Biggar and east to Saskatoon where we visited Mr and Mrs Peter Campbell (a brother of Mrs Morrison). While here took in Saskatoon Fair, also visited Mr and Mrs McCormack (formerly Zeff Crawford) Mr and Mrs Fred Smith, Mr and Mrs Wm G. Christ, Miss Jean Collinson, Mr and Mrs John Wilkie and Mrs Jas. Hamilton. Met Mr Tom Priel and sister, also Mr Will Brodie, formerly of Glenelg.

Left Saskatoon, Monday, Aug. 1st, called on Mr and Mrs Geo. W. Ledingham at Hawarden, Sask.; went by Moose Jaw calling on Mr and Mrs Jos. Boyle, met Mr and Mrs Robt. Ledingham of near Moose Jaw, Mr and Mrs Wm Ledingham and family, of Brandon, Mrs Walter Ledingham of Colgate, Sask. White at Moose Jaw, went east to Regina, Moosemain, calling on Mrs Jona sister of Mrs Wm Ritchie, Durham, called at Rev. and Mrs John Bell's, but sorry they were not at home.

Manitoba crops looked good. At Oakville, Man., we visited Mrs Dugald Morrison and family for a day, then left for Winnipeg, down to Emerson into North Dakota. We called on Mr John McCallum at Humboldt, Minn., on to Crookston, Bemidji and from there retraced our road to Port Huron and arrived home Aug. 10.

On the whole, we found the roads exceptionally good. There were long stretches of pavement in U. S. and mostly good gravel road in Western Provinces. We travelled 8622 miles in all, using 378 gallons of gasoline. We had very little car trouble and met so many kind, hospitable people. Hope many others are privileged to take such a trip as we had.

The monthly meeting of Rocky Saugeen U.F.W.O. Club met at the home of Mrs J. W. McKechnie. The roll call was responded to by a picnic recipe. The Sec'y read the literature from head office which brought up much discussion. Mrs N. Melosh and Mrs T. Turnbull each read good papers; Mrs H. Lawson gave a humorous reading; Mrs Arthur Edge a nice solo. Miss Islay McKechnie put on an interesting contest, the prize being won by Mrs A. Edge. The next meeting will be at home of Mrs T. Miligan.

Big Sports Day in Durham last Thursday

Continued from page 1

Earl Long also danced creditably and Mayor Murdoch finished off with an exhibition. There were two entrants in old time fiddlers' contests and prizes were divided between Pat Macleane and J. Tester.

Messrs Robertson & McCormack provided excellent bag pipe music during the afternoon.

The big match of the day was lacrosse between Camp Borden's crack team and Durham team. Camp Borden's team are stalwart and aggressive and held the lead throughout. They won a well-played game by 4 to 3. Durham was going strong at the finish and twice almost tied it up. Cecil McLean, a former Durham boy, played a strong game on defence for the visitors. Two of Hanover's best players, Reis and Boettger, strengthened the Durham line-up.

The game was played in a circumscribed area in the open, the Dept. of Highways kindly loaning snow fences to enclose the field. Durham line-up: Goal—E. McEachnie; defence—Reis, S. Rowe; centre—Fred Murlock; rover—N. Dean; home—H. Boettger, E. McDonald; sub—A. Graham, E. Snider, A. Snell, H. Kress.

Durham's newly organized band provided good music, both on main street before and after sports at grounds and did much to entertain the day.

The Concert and Dance in evening, the Town Hall was filled to hear the concert presented by the McQuinn family of Meaford. They are a versatile company and delighted the audience with their bright program. Dad McQuinn is a first rate comedian, while the sisters and brothers are all accomplished musicians and vocalists and Mrs McQuinn acts as accompanist.

The dance afterwards in lower hall was also well attended and all enjoyed a few hours of the snappy music of the McQuinn's dance orchestra. The Sotball Committee are about \$50 ahead on the day and hope to stage the big day annually. A part of the proceeds will go to the local relief fund.

KNOX CHURCH W.M.S.

The monthly meeting of the W. M. S. of Knox United Church, met in the schoolroom Wednesday, Aug. 10, with Mrs Mather presiding. Meeting opened with hymn 94 and the Lord's Prayer in unison. Mrs Mather took the Bible reading from John 1, and after hymn 592 was sung, Miss McGirr offered prayer. The roll call was answered by a favorite text from the Proverbs of Solomon. Mrs J. J. Smith read the Dev. Leaflet entitled "Jesus the Perfect Type." The topic was on "The Missionary Messenger," and the following membership took part: Mrs W. J. Ritchie, Mrs T. E. Brown, Miss Belle MacKenzie, Mrs R. Ledingham, Mrs Jno. Smith, Miss V. McGirr.

Mrs Alder gave a helpful reading on the Budget and the meeting was closed with hymn 74 and prayer by Mrs Mather.

NEWSPAPER MAN HEADS CONFERENCE

(London Free Press)

Lorne W. Eedy, the new president of the Lay Association of the United Church of Canada, and a former editor of the Walkerton Telescope, is an example of the modern newspaper man who realizes the significance of religion in community life. Mr Eedy is editor and publisher of St Marys Journal-Argus, a past president of the Canadian Weekly Newspapers Association, and a man actively concerned in all movements for the betterment of his community and his craft. For two generations the Eedy's, father and son have been engaged in church municipal and professional affairs, and their journalism has been effective in its appeal. At the Lay Association meeting Mr Eedy was swept into office unopposed. He is not a novice at the work and his vigor of thought will match his power of expression.

A COUNTRY GARDEN

Hollyhocks and larkspur, Color everywhere. Warm and still and fragrant. Breezes the sunny air. Pinks and tiger-lilies, Yellow marigold, Candytuft and coxcomb, Roses manifold. Hollyhocks and larkspur. Scarlet, crimson, blue. Sunshine all around, dear, Butterflies,—and you!

WOULD YOU LIKE TO BE BLIND?

IMAGINE yourself to be blind and being asked to buy a motor car, or silverware, or clothing, or a pair of shoes, or a clock, or a toaster, or a suite of furniture. Imagine yourself to be seated down in a main office with stores on both sides of it, and being bidden to purchase the thing or things on your shopping list.

Being blind, you would not know what store or stores to enter; or even if you do find yourself in the right class of stores, you wouldn't be able to select intelligently what you were bidden to buy. You wouldn't know anything about values.

It would be cruel to send a blind person to do selective buying.

You would be like a blind person, when you start out to buy something, if there were no advertisements in the newspapers and magazines which you read.

Advertisements are like radio-visions: They enable you to see in your home what is in stores, what stores have, what you plan to buy; also, they give descriptions, tell you prices and answer many of your questions.

Pre-informed—in your home—about goods of desire, you can go shopping confidently—to know places of supply and you know how to examine the wanted article, and what to pay for it.

Advertisements save your time and safeguard you against the danger of mischoice. What is advertised regularly, is trustworthy, and is good value.

BE guided by advertisements when you plan to spend money for things to wear, eat, to give your home easements and comforts to save your time, to increase the output of your own labor, or of your soil or flocks or herds or orchards; or to protect your life, your health, your property or money.

WHAT advertisers do and spend in this and in other newspapers to get your attention and savor should have your warm approval, for what may be expense to them represents economy for you.
