ABERDEEN INSTITUTE

The Aberdeen Institute met for their September meeting at the home of the President, Mrs Wm Noble, with an attendance of 16 members and 12 visitors.

Mrs C. H. McLean, a specially well-prepared paper on 'Music' was read by Miss Ada Chapman, showing the great value of musical education for children in home and school.

Mrs McQuarrie gave an interesting reading 'Grandmother's Little Letter', written over 40 years ago and containing many timely hints and good advice to the newly-wed grand-daughter.

A good contest was conducted by Miss Sara McCormack in which Mrs Davey was the winner.

The October meeting will be on the 21st prox. at Mrs T. Milligan's, when Dr J. P. Grant will address the meeting.

We ought to be out of the depression. A lot of us are just about out of everything else.

"Sandy" Somerville of London, Ont. has brought honor to his home city and Canada by winning the U. States amateur golf championship.

For a young country as Canada Sandy did well to win out at such an old game as golf is.

Bob Davis, globe-trotting New York Sun columnist, is back in his beloved British Columbia, having recently arrived from Honolulu aboard the Empress of Canada, of the Canadian Pacific fleet.

He proposes to spend some time in fishing expeditions both in the province and also in the Rockies, where he will meet Irvan S. Cobb and Courtney Riley Cooper, also famous American publicists.

Tourists spent almost one million dollars for every working day in Canada last year, a sum virtually equal to \$240,000,000, the Cunningham, Ontario, Gleaner, points out and claims that this puts it into the class of big business which should be carefully fostered.

Commenting on the same subject, the Nelson, B.C., News states that there are numbers of small towns throughout Canada which have not yet realized what the tourist business could do for them.

Evidence of the growing popularity of the Canadian Pacific Railway low rate bargain return trips, inaugurated last year, was again furnished by the success of the Quebec Province and Montreal excursion to Toronto and Niagara Falls, June 17, when no fewer than 2,500 Quebecers took the trip in four special on the Friday, returning the following Sunday night. His Honor the Mayor of Toronto issued a hearty welcome to those making the trip.

The thirty-two business and professional men and women from the British Isles now touring British Columbia under provincial government auspices found Victoria much to their liking and quite up to advance notices of being the most "English" city on this side of the Atlantic. They were particularly impressed by the beauty of the formal gardens and some of the houses they inspected and especially with the famous Butchart Gardens. They are travelling by Canadian Pacific Railway.

WINDSOR, Ont. has a "Mystery ship" on its hands, and nobody seems to know what is going to be the ultimate fate of the craft. It is the "Vedda." She has been tied up at the dock for the past two years—ever since Canadian customs officers boarded the vessel in Lake Erie and confiscated its cargo of beer, 15,000 cases. That was not long after Canada passed its liquor export ban, in June 1930. The "Vedda" is a colorful craft, a sharp-nosed little steamer that formerly was used as a mine-sweeper in the North Sea, during the World War.

Whether the Canadian Government will sell it, trade it, scrap it, remains to be seen. The "Vedda" should be of some value to somebody, for she is staunch, Clyde-built, sea-going ship; and she could easily be converted into a pleasure craft. To see her tied up at the C.P.R. docks in Windsor, month after month and year after year, causes one to wonder what it is costing the public purse to keep her there, and why Government red tape can't be cut to cut down the expense.

Rayve Dons, England's famous boat racer, and who was defeated recently on the St Clair River by Gar Wood, was married quietly at Greenwich, Conn., to a young lady of that city. Now in double harness, he may race with more effect next year.

COLLECTIONS

DO WE GET RESULTS?

A Toronto Client writes: "I must say that I am very well pleased with your work in handling my collections. I had considered them almost hopeless."

WELL DONE, HOLSTEIN

The village of Holstein this season has the proud record of two championship football teams, both the Intermediate and Juniors having won the championships of their series and the accompanying cups.

And they are both home-brew teams, all the players being recruited from the village and vicinity. Holstein has always had better than the average teams in football, but this year, with Bert Eccles' timely coaching, they have shown that extra punch which has carried them to the highest honors in the Western Football Association.

We doubt if another place as small as Holstein has ever captured two championships in one year—such progress is excellent advertising for the village. The citizens gave them a royal reception last Friday night, when the second cup was won. Let us assure Holstein, that many Durham fans and others in the County as well, were delighted to see them win and bring these honors and trophies to Grey Co. for a change.

EQUAL TO TORONTO

Talking with some of the Judges at Durham fair, Wednesday last, after their work was completed, the Officials of the Fair were pleased to hear them state that the exhibits shown here last week, were in many cases, on a par with Toronto Fair exhibits.

RELIEF COMES HEAVY

It costs a lot for relief these days. In Sturgeon Falls, hard hit by economic conditions, the town fathers received a "stunner" the other day, when a relief bill covering the August expenditures, revealed a total of \$25,000. This was about double July bill and is accounted for by the fact that approximately 1,000 school children had to be outfitted and fully-clothed to resume classes. Sturgeon Falls now has 450 families on welfare.

FARMER KEEPS RIGHT ON

A trip through the Ontario countryside these days is refreshing to the eye and spirit. It gives city folk a new sense of their obligation to the tillers of the soil. Certainly there is no sign of depression in the Ontario landscape. This is because the farmer has fought against his difficulties and has refused to surrender. There has not been in this generation so low levels in prices of farm commodities. Not only is the farmer getting less for his toll but he has greater burdens to bear than had his father or grandfather.
