THE MISCHIEF OF DITCHES ON PROVINCIAL HIGHWAY some accident happens and some life

(Fergus News-Record) We hate to mention it at a time like this but we do think the time is coming when all our expensive main highways will have to be altered so considerably that they will practically have to be rebuilt. It's an unpleasant subject to mention at a time like this, when Wellington people are beginning to heave a sigh of relief because in two or three more years, the last payment will have been made toward paving provincial highways in this county and nobody likes the idea of having to start in

all over again. The one big weakness of the present main highways is the deep ditches, so close to the edge of the pavement. There is no need to point out

THE "REVIEW"

can probably get it for you and save you money,

the danger this presents. Every day is lost because of the deep ditches. A driver loses control for a moment and the car swerves. If the shoulder of the road was two or three times as wide the car would have come back on the road and no damage would be done. Instead of that the car turns over, and somebody is killed. Or a man is walking along the side of the road, for the simple reason there is no other place between the fences where he can walk. He can't go along the bottom of the ditch and the space between the ditch and the fence is too rough for walking, so he takes his life in his hands and walks close to the line of traffic and is killed. Such a death happened

in this county last week. Many laymen are not satisfied that such deep ditches are necessary for drainage. Not once in five years are they full of water and then only for an hour or two. The chief reason for the deep ditches seem to be that the earth is taken out of them to be used in forming the shoulder of the road, the only reason that it inck, on TUESDAY, OCT. 4th, at 1 cheaper and easier to get the earth there than farther away.

The menace of the deep ditch bad enough now. Every week deaths can be traced directly to this cause. But the danger will increase just as surely as the speed of cars increases. And speed will increase, for the simple reason that, as cars control in an instant at high speeds, they will drive at speeds that would have been considered dangerous a few years ago. But if a driver loses control for an instant at high speeds, there will be disaster so long as the deep ditch is waiting a few feet away to destroy the car and injure the passengers.

who are expecting lower road taxes, and lower license fees and gasoline taxes will be disappointed. avenues of unalloyed pleasure in af- a walnut fernery.

THE LURE OF MONEY

It is pathetic as well as serious.

the stories that appear in the

da'ly press of supposedly honest

and certainly trustworthy offic-

ials in high circles, appropriating

government and trust funds. We

would not say they started out

with the intention to defraud

but the work once started, it be-

came easier, until it got beyond

themselves. Since last issue of

the Review, arrest has been

made in Toronto of H. Lionel

Austin, a provincial secretary

bond clerk of the Prov'l Gov't,

who has absorbed approximately,

\$41,000 of good Government mon-

ey in bond coupons. The money

has been deposited during the

past nine years in a Parkdale

branch bank and all but \$1000

withdrawn. Half of these losses

will have to be met by the prov-

ince. While it was known that

Austin lived in a rather extrava-

gant manner, police state, people

were under the impression that

he received an annuity from

England. The difficulty in the

Austin case was that the audit

Dept. of the government trusted

The depleted Anglican church

funds of the Archbishop of Rup

ert's Land are not getting smal-

ler upon investigation. These

funds were in the custody of

John A. Machray, K. C., for the

Church of England and he broke

faith so badly, that last week he

was sentenced to seven years in

the penitentiary, for thefts from

the University of Manitoba. The

enviable position Machray has

built over a long period of years

posed in him, were cited by the

defense counsel on one hand as

reason for leniency and by the

Crown Counsel on the other hand

"Confidence" is the word that

has misled the audit dep't of

both institutions. If men such as

Austin and Machray, both deem-

ed infallible in doing anything

considered unworthy, are proved

guilty, what is the state of our

civilization coming to? It is a

sad commentary on our national

sense of honor when such men

go astray. The people who in-

vest their carefully saved hoard-

ings for a future day, have a

right to be better safe-guarded.

and the time is coming when

trust and confidence will hold a

position for no man. The word

position for no man.

TEACH HISTORY OF

goes on to remark that

to use. That's a pity because the

The Department of Education rec-

ognizes this, when local history .s

on the curriculum, but no attempt

is made to provide the foundations.

It appears that short histories of

each town should be compiled by

persons interested, and distributed

in the schools, or at least made a-

vailable to the teachers. The diffi-

culty is to get someone who loves

the task and is willing to under-

# Here and There

Maintaining her position among world nations as a producer of minerals, Canada led the world in the production of nickel and asbestos in 1931, came second in gold, platinum metals and cobalt. third in silver and fourth in refined zinc.

Mystery cruises, so popular out of New York, Southampton and Montreal, have come to the Pacific Coast, being ushered in there by the trim little coastal liner "Princess Patricia," of the Canadian Pacific service, which took the first of these cruises recently. The ship had a full sailing list.

The Canadian Open Golf Championship, third of the ace contests figuring yearly in the Royal and Ancient game, will be staged on the course of the Royal York Hotel, Toronto, next year, word to that effect having been received by the secretary of the links from the Royal Canadian Golf Association.

Seventy-seven per cent. of wheat and 63 per cent. of oats and barley in the three western provinces were harvested by September 3, according to the report issued on that date from the general agricultural department, Canadian Pacific Railway, Winnipeg. This result was reached in spite of the halt in harvesting operations due to heavy rains in wide sections of the Prairie Provinces.

All records for the story of the "big one that got away" were broken recently when a wellknown fisherman hooked a beaver in Vermillion Lakes and played it for five minutes after which the tradition was fulfilled with loss of fly and leader. The hero the exploit was S. C. Bennett, of Toronto, a guest at the Banff Springs Hotel.

Canadians got a thrill recently when Captain J. A. Mollison, intrepid trans-Atlantic solo flyer, spoke over the air, which he has conquered, from the Mayfair Lounge of the Canadian Pacific liner Empress of Britain. Captain Mollison was heard on 34 radio stations from Halifax to Victoria over a network arranged by the Canadian Pacific Department of Communications. Loud speakers distributed the broadcast to 60,000 visitors at the big exhibition at Toronto.

Though the "Princess Royal," veteran of the Canadian Pacific Railway B. C. Coast steamship fleet has been scrapped and is now in the limbo of departed ships, her forecastle bell remains on the air at Ocean Falls, B.C., where it has been installed at the Ocean Falls United Church mission, which ministers to the spiritual welfare of Japanese children. Official and unofficial delegates

to the Imperial Economic Conference went sightseeing from August 12th to the 14th. Two tours from Ottawa were arranged, both leaving the capital in special Canadian Pacific trains late Friday night, August 12. Shawinigan Falls and Three Rivers were visited by one party, while the other members were cruising down the St. Lawrence from Kingston to Montreal and spending Saturday evening in the metropolis. None of the United Kingdom, Canadian, Australian, New Zealand or Newfoundland or Irish government ministers were able to absent themselves from Conference deliberations, but their delegations were well-represented. Ministers enjoying the trips were Hon. N. C. Havenga and Hon. A. P. J. Fourie, South Africa, and Hon. H. W. Moffatt, Southern Rhodesia. The Canadian Government was represented by Hon. Arthur Sauve and Hon. Maurice Dupre, with the Shawinigan party, and Hon. Alfred Duranieau and Hon. H. A. Stewart, with the other party.

# THE BANKRUPTCY ACT

IN THE MATTER OF THE ESTATE of PETER JAMES MCLEAN. Authorized Assignor

TAKE NOTICE that Peter James McLean, blacksmith, lately carrying on business in the town of Durham, in the County of Grey, did on the 16th day of September, 1932, make an authorized assignment of all his property for the benefit of his creditors, and that T. J. Rutherford, Official Receiver, has appointed me to be custodian of the estate of the said Peter James McLean, until the creditors at their first meeting shall appoint a trustee.

AND TAKE NOTICE that the first meeting of creditors will be held at the office of the official receiver, at the Court House, Owen Sound, on Wednesday, the 5th day of October at the hour of 2.30 o'clock in the afternoon.

AND TAKE NOTICE that proof of claims against the estate of the said Peter James McLean must be filed with me not later than the 21st day of October, 1932. Dated this 24th day of September,

R. Burnett, Durham, Ontario Custodian By Roy M. Grant, Mount Forest, His solicitor herein
