A Profit-Sharing Method of Advertising

This Sale has been developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you two full size packages of high quality merchandise for the price of one, plus one cent. It costs money to get new customers, but the sacrifice in profit is justified, because we know the goods will please you.

Besides the very large list of High Quality fast-selling Medicines and Household Drugs, we are offering at the same Special Prices, China, Cut Glass, Hand-Bags, Cameras and many other Articles.

Be sure you get one of our large bills for complete list of this Greatest of all Drug Sales.

To Review Subscribers

A large number of Review subscribers are in arrears. We have endeavored to pass along from time to time, through notices in this paper, a gentle hint that we needed payment of these arrears. Some have taken the hint and have called in or

remitted to us. We are grateful to these. It is not our desire to adopt harsh measures to force collection of the small individual sums and add further expense to the indebtedness. But circumstances compel us to make an urgent appeal before other means are adopted. This is our appeal to those in arrears and require the odd 251 in arrears to pay up before Nov. 30.

BE CAREFUL, FRANKLIN

The American radio broadcasting stations these nights are full of 'bull' for the Republican and Democratic candidates for the Presidency, Herbert Hoover and Franklin Roosevelt. We heard Franklin Roosevelt over the air on Monday night from Boston and this is in part, what he said: 'The difference between me and the President, is that I will get something done'.

and evening vocational classes are one of them. There is now urgent need for curtailment in expenses. Most people can hardly supply the necessities of life and there is a strong demand that public expenses be severely curtailed. Unfortunately there has been little reduction in the cost of education in Hanover, but there is one item that may well be dropped, namely, the evening classes.

IS HONEY WORTH BUYING?

(Experimental Farm Note) Is Honey worth buying - Most decidedly, yes! And in these times of depression perhaps the best argument for buying honey, lies in its cheapness.

Honey, from the standpoint of food value, and at present price levels, is cheaper than almost any of the everyday articles of diet. As well as being Nature's choicest sweet, honey is one of Nature's most complete foods. It contains carbohydrates in the form of sugar, salts of lime, iron, magnesium and potash and a certain amount of protein, all of which are necessary for the nourishment of the body.

Honey is a food that requires no digestion. Its sugars are already inverted and available for assimilation by the body tissues: Thus honey is a quick source of energy.

Professor Hawk of Jefferson Medical College, U.S.A., a leading authority on foods, found through careful experimentation that bread eaten with honey digests as quickly as bread eaten alone although the food value is doubled. With Canadian honey selling as it is to-day, at from 6c to 10c per pound, that is a fact to be borne in mind. Honey can be used as a sweetening

MISS AGNES MacPHAIL

ADDRESSES MEN'S CLASS Miss Agnes Macphail, M. P., addressed the Men's Association of St Andrew's Church, Gathneau, Quebec, on Monday, Oct 24th, on "Social Reconstruction from the Christian Point of View." She made a strong plea that boys and girls and men and women should be placed in the centre of the economic picture—instead of plant equipment and dividends. About one hundred and fifty men were present and the feeling was unanimous that it was a most impressive and thought-provoking address.

CURTAIN EXPENSES

(Hanover Post)

We understand the Hanover High School Board has under advisement the matter of again holding evening classes. It is to be hoped the Board will respond to public opinion and decide to withdraw these classes, at least until times improve, and thus save the considerable amount of money involved, even if much of it comes from the Department of Education in grants. In times of prosperity, we have added a lot of 'frills'

agent in practically every instance where cane sugar or cheaper syrups are used. It is an excellent sweet for raw or preserved fruits, beverages, ice cream, cakes, candies and salarings. Try it—it's delicious!

Another argument in favor of buying honey lies in the value of the honey industry to Canada. In the last 8 years Canadian honey production has been practically doubled despite the annual importation into Canada of trainloads of foreign cane sugar and syrups. The honey industry is a growing one and merits the support of all Canadians.

In Miss Marley's book, "The Honey Makers", mention is made of an old Hindu legend which claims that honey brings strength, wealth, good fortune and offspring to man—what more could one ask of any food?

CAN YOU "BEET" IT?

This thrilling love letter was found in a basket of beets:

Dearest Sweet Pea: Do you carrot all for me? My heart beats for you, with your radish hair and your turnip nose: you are the apple of my eye. Give me a date. If we cantaloupe, lettuce marry, anyway. I know we would be a happy pear—Lima Bean.
