

BEATTY FORESEES BUSINESS UPTURN

C.P.R. President Points to Many Helpful Factors But Says Further Adjustment Necessary to Complete Re-establishment.

"THE after-war period of adjustment through which this country is going is still short of completion," says E. W. Beatty, K.C., in his annual review "but I would add the positive assertion that, unhappy as the past year may have been and as lacking in re-assuring factors as the immediate future may appear, 1932 has seen definite and constructive progress towards improvement.

We see on every side the effect of long drawn-out world trade depression — a process of economic deflation — grinding slowly forward and leaving behind it a wake of human unhappiness and even ruin in directions where it seemed least likely to be possible.

Mr. E. W. Beatty Chairman and President Canadian Pacific Ry.

A year ago I suggested that the movement towards economic readjustment would go further, perhaps even into public and governmental institutions. I am convinced that failure to boldly meet and satisfactorily deal with this matter may easily mean national insolvency and will certainly retard any possible return to a reasonably full measure of prosperity.

In freight car loadings which began in 1930 has continued almost uninterrupted. In 1931 up to the end of the first week of December, 558,359 less freight cars had been loaded on all Canadian Railways than for the same period of the previous year.

very much further indeed than has yet been considered by a great number of our people who, it is only fair to state, have not had even a fair opportunity of informing themselves upon the situation. For years we have been impelled towards large capital expenditures, while at the same time competitive transportation agencies, railways, highways and canals have been built up and maintained out of public funds.

I am still as great an optimist as ever on the subject of Canada's ultimate future. The inherent soundness of our country strengthens me in this opinion. I do not think that our business recovery will come with a rush, since the temptation to forget the economic lessons we have learned would be too strong.

Referring a year ago to the Royal Commission on railways, I urged that the people of Canada should meet its suggested solutions for our problem with earnest consideration of their economic values unbiased by political color or preconceived prejudices.

CARD OF THANKS

We wish to express our sincere appreciation to all those kind tokens of sympathy in our recent bereavement have proved such a source of comfort. —Mrs Isabella Hastie and family

Good Samaritans in Trouble The Elmwood correspondent of the Chesley Enterprise tells this one: "Eli Jones, one of our aged esteemed citizens, is getting quite feeble and carrying wood up to his room where he lives alone, is very exhausting. Three kindly-disposed residents of the village decided to put into practice the biblical story of 'The Good Samaritan.' When they had carried up about a dozen armful they were made aware of the fact by F. W. Fisher, who lives in the same block as Jones, that their zeal for good works had run away with their discretion and that they were taking his fuel. Now there's a real nigger in the woodpile and two prominent workers in the United Church and one in the Evangelical Church will be charged with stealing by an irate Presbyterian unless they return the wood to its owner. The trio of well-meaning citizens may restore four fold what they unwittingly took from the disciple of Knox and Calvin.

Mrs Earl Matthews was again appointed vestry clerk and a vote of thanks tendered to the organist, Mrs J C Queen. Messrs Earl Matthews and J C Queen are delegates to Synod. Mr and Mrs John Dickson of Orchard, entertained their neighbors and friends to a dance and euchre party on Tuesday evening. KEEP MANAGERS CLEAN An inspection of the mangers of stables when cows are not doing well might go a long way toward finding out the cause of trouble. Sanitation in mangers and the drinking supply is in many cases very poor. When cows don't drink, a certain amount of meal in the bottom of the mangers, the trouble may generally be laid at the door of poor sanitation. An inspection of mangers and drinking cups would probably show that the cups had become fouled with chaff and spoiled silage, and when left for even a day the water is filthy. It is reasonable that cows will not drink freely of this water. Anywhere from a quarter of an inch of hard accumulated filth can sometimes be scraped out of the manger. It has a stench which makes the animal quit eating long before it has had enough. Drinking bowls and mangers should be kept clean if the cattle are to flourish.

CAMPBELL GRANT

Reeve of Walkerton, elected Warden of Bruce County, at the January session of Bruce County Council. In a race with Reeve Munn of Ripley, the vote resulted in a 16-16 tie, but the Reeve of Brant township, as the highest assessed municipality in the County, was given an extra deciding vote, and he voted for Grant. Congratulations to this Varney boy, who, only 30 years of age, is the youngest Warden ever elected in Bruce.

Several of her friends were delighted to "listen in" last week end and hear the sweet voice of Mrs Seaman, Sr., who at the age of 77, broadcasted from Kitchener.

Annual Meeting of Trustees Of Maplewood Cemetery

The annual Trustee meeting of Maplewood cemetery was held in Varney Orange Hall, on Jan 23rd, with a good attendance. Mr Bert Watson was voted to the chair and quite capably handled the meeting. After reading of minutes and election of officers, various items were dealt with, which shows the interest the community takes in the work. Discussion was confined on the perpetual upkeep of lots, fencing, lawn mower for use of cemetery and a different system of recording burials. The Trustees' report was most favorably accepted as was also the Auditors' report, which showed a substantial balance on hand. The present officials are: J. J. Wilton, Palmer Patterson, R. J. Eden: grave digger, Bert Barber: sec'y treas, Gordon Grant.

While this may be a case of oil's well that ends well, Miss Macphail had better be careful as there are a lot of gushers in parliament who may feel somewhat jealous, says the Daily Star.

Two Goals in Overtime

(Continued from Page 1) many successful rushes and passes to the wings, but his teammates shots were invariably blocked by defence or goalie.

The first period saw the first forward-line of C. McGill, McIlraith and Rowe playing without relief most of the period, while Walkerton changed little until Durham did. In this frame Durham had the edge, and with chances available, the locals should have had 3 or 4 more goals, but the shots were usually wide, or Oberle making startling saves. After 16 min. R. McGill scored for Durham from the boards at left. Oberle got his stick on the puck but it dribbled past. That goal looked as big as a house, for neither team could score all through a gruelling second period, nor for fifteen minutes into third. Durham were anticipating a 1-0 win, and playing latterly a stout, defensive game when Dudgeon unloosed a long speedy shot from left wing, which caught the corner of the net. McDonald's view was partially blocked and he didn't see it until too late. Now it was 1-1, and anybody's game. Walkerton drew 2 penalties together, but Raybould & Co. held the fort those 2 min. and Durham lost a grand chance to clinch the match.

Walkerton had had slightly the best of it in 2nd, but in overtime Durham came back stronger. It was nip and tuck, but just 3/4 min. before first 5 min. was over, Dean came into the spotlight with a rush and reached the defence. He shot as they blocked the defence. He shot as they blocked the defence. He shot as they blocked the defence. He shot as they blocked the defence. He shot as they blocked the defence.

1st Period 1. Durham—R. McGill—16 min. Penalties: C. McGill, Walker, Murdoch, tripping.

2nd Period No score Penalty: Dudgeon (tripping) 3rd Period 2. Walkerton—Dudgeon—15 min. Penalties: C. McGill, 2 Walkerton Overtime 3. Durham—Dean—4 1/2 min. 4. Durham—Dean—9 min. Durham: goal, McDonald; defence, Wilson, Dean; centre—C. McGill; wings—Rowe, McIlraith; subs—H. McGill, Murdoch, Ries, Johnston. Walkerton: goal, Oberle; defence, Trushinski, Porrester; centre—Raybould; wings—Walker, Dudgeon; subs—Tanner, Benninger, Mullen, Pickard.

NOTES

Referee Teasdale of Brampton, handled the game well. Joe Raybould is still the pivot and all-round hockey star of the Walkerton line-up and Durham was lucky to hold him off the score sheet. The win placed Durham at the top of the district standing. If we can defeat Owen Sound here, Durham is certain of at least a tie for first place.
