Tragic Deaths in Brant Tp. Carlruhe Village in Brant Tp., is mourning to day the tragic loss of two of their respected elderly citizens, Mr and Mrs Joseph Hundt, by a tragic fire in their home early on Saturday morning last, when their charred remains were found in the ruins. Mrs Hundt was discovered lying on the springs of her bed in what was their kitchen, their bedroom being directly over it and it had evidently fallen through. It was about 11 a.m., Saturday that the charred trunk of her body was located and after a diligent search, that the second body was found, that of Mr. Hundt lying face downward on the cellar floor. A pall found under the old man's body led the searchers to believe he may have gone to the cellar for a pail of water to put out the fire as there is a tap at the furnace. The body was found where the stairs were located. In addition to the body being badly burned, the skull was crushed, probably from falling brick and the lower limbs were burned away. The couple were about 70 years of age.

I. O. D. E. will Renovate Hospital Ward

Clifford Henry Secures Contract of Caretaking Monument Grounds

Canadian Greys' Chapter, I.O.D.E., met at the home of Mrs J. F. Grant, on Tuesday evening, April 4, the Regent, Miss M. L. Hunter presiding over exercises.

The Hospital committee brought in a report of their excursions in shopping in the interests of I.O.D.E. ward in local hospital. The ward, in a new time will present a new and fresh appearance. It is to be treated with new rug, curtains, mattress, fresh chair upholstery, glass for the dresser top. The committee's report was adopted.

Voting by ballot took place for the position of monument grounds caretaker for the coming season and it went to Mr Clifford Henry. There were four other applicants.

Final arrangements were made for the annual dance of the Chapter on Easter Monday evening.

Miss Julia Weir, B. A. was appointed delegate to the Provincial Convention in Hamilton, on April 20, 21.

Following business session an interesting period was devoted to British Empire Study. Mrs Grant opened with reading an address to the National Chapter, I.O.D.E., telling of its influence and power for moulding good citizens; Mrs C. Moffat spoke on the 'British Empire' as a whole; Mrs T. Henderson, on the origin of the emblems of England, Ireland, Scotland and Wales; Mrs F. Irwin, on 'The British Isles,'—the homeland and mother country; Mrs T. M. McFadden favored with a very appropriate solo, 'Rule Britannia.'

By-law No 972 was given its several readings and passed, authorizing the borrowing of \$12,000 by issuing debentures, to meet the waterworks deficit and provide the Public Utilities Commission with working capital for improvement of system. Reeve Hunter thought \$10,000 sufficient to meet obligations, and not create any new capital costs at present, but the \$12,000 carried. Debentures will be issued for 30 years, with a 5% coupon, and will shortly be offered for sale.

The by-law to license milk and cream vendors in Durham, discussed and laid over from last meeting, was dropped for the present by unanimous consent.

The Minister of Public Welfare for Ontario, recommended that community gardens be secured for those on relief to grow vegetables. The Relief Com. was authorized to advertise for offers of vacant land for garden purposes, and seed will be provided. Those on relief without gardens will be given free use of land on motion of Duffield-Stonehouse, it was carried that no relief be provided next winter for those who have no gardens.

Mayor Kress and Reeve Hunter thought it opportune now to secure trees from the Government and have men on relief plant them in suitable places on streets or in waste places throughout the town. No definite action was taken.

Kitchener Council forwarded several resolutions to be presented to Provincial Gov't, asking the local council's ratification. Council approved of two main resolutions; that a residence of 12 months be established for relief recipients instead of 3; and that the Ont. Hydro Power Com's large reserve of power now available, be distributed to the municipalities on system, and offered at cost.

Durham hospital presented several accounts for indigents and others. Two, those of W. Ball for \$210 and N. Horn for \$127.25, for their keep and care were approved, and two others laid over. A committee of Couns. Macdonald, McNally and Stonehouse was appointed to arrange for private care of Mr. Horn at a lower cost.

Mr. John Henry asked that Council provide tile to build entrance over sidewalk to N. Palkingham's place opposite furniture factory. Council will look up some tile to build a driveway.

Mayor Kress brought up the resolution passed last month, to have a men on relief report each morning at Clerk's office and stated this was proving inconvenient for some, especially those on bush work. On motion of Hunter-Stonehouse, this was unanimously rescinded and daily reporting is now unnecessary.

Treasurer's report showed only \$348 of last year's tax arrears paid in March. The tax roll was extended un-

til Monday, May 8th, when it will be closed. The tax collector will be on duty at once with instructions to collect all arrears possible during April. There are almost \$8000 tax arrears, from 1932 and previous years and it is urgently required. All in arrears must pay either to Treasurer or tax collector in next 30 days.

Dog Owners ask Lower tax ; Garden lots for Relief Use

While no outstanding business was transacted at Monday's session of Durham Council, the Board spent a full evening discussing relief and other town problems.

Regular accounts to the amount of \$566.29 were passed and relief accounts for \$527.75. This is \$18 more than the February total, and includes \$19.89 for transients' food and fuel.

Residents on East Garafra St., immediately south of Saddler St., including the new garage property there, desired the sidewalk raised from the corner south to Mr. Chas. McGillivray's office. Coun. McNally stated that on opposite side of street from Ford garage to creek, sidewalk should be built up at same time. It was decided to have this work let by tender, Coun. Duffield advocating that unemployed men not on relief should be engaged. Reeve Hunter suggested to call a special meeting and have ratemayers concerned there. He doubted if they would want to pay whole cost of new walk in front of their properties, when they already had paid for it once, and thought a 50-50 split in cost between town and ratemayers would be fair. On motion of Hunter-Stonehouse, the Board of Works was instructed to secure a rough estimate of building this sidewalk, both sides of street and report at a special meeting Friday evening. The Auditors' Report will also be taken up at this special meeting. Coun. Duffield had received word it was ready, but he did not wish it for Monday night, as he thought the Council could give it better attention at a special session. The report arrived Tuesday from the auditors in Owen Sound.

A petition was presented, signed by forty dog owners, asking that dog license be reduced from \$3 to \$2 annually for dogs and to \$3 for bitches. Council left it over till next meeting and will look into by-law and amend it then, if deemed advisable.

Former Pastors' Portraits Unveiled at Knox Church

Food for the body as well as food for the mind was to be had at the Olde Tyme Supper and Entertainment in Knox United Church Thursday evening last. For a 25c supper, there was both quality and quantity and the wonder is how any quantity could be had for so little. Around 140 people partook at 6:15 p.m. and adjournment was made to the auditorium until all were fed.

Rev. W. H. Smith, pastor, as the chairman of program entertainment, called on Miss M. L. Hunter to lead the audience in community singing, the enthusiastic refrains, "The more we get together," etc and "It isn't any trouble just to l-a-u-g-h." This was followed by a comic quartette, "O. P. R. A." comprising Messrs Chas. Lang and Peter Ramage and Misses W. Blyth and Alice Ramage. A dialogue "Bridget's Investment," was enacted by Misses W. Blyth, H. Gerrie, Myrtle Koch, Barbara Ritchie, Myrtle Mordley. It was the story of trickery and deception on the part of a tea agent to the maid of the home, in her keen desire to possess an organ of her own. Mr Chas Lang contributed a solo "Sunrise and Ycu" and Miss Margaret Hunter an eloquent number, showing up what salt of the earth the gentler sex are.

A feature of the evening was the unveiling of the portraits of two former ministers of the congregation.—Rev William Forest, who served from 1833 to 1886 and Rev Robert McNair, now of Lunenburg, Tasmania, from 1886 to 1891. At the time of Rev Mr Forest's resignation, there were two Presbyterian churches in town and Mr McNair's coming among them did much in healing the breach and reuniting these two churches.

The congregation has been served with four pastors since 1891, viz: Rev. A. G. Jansen, 1891 to 1899; Rev. Wm Farquharson, 1899 to 1913; Rev. S. M. Whaley, 1914 to 1920; Rev. W. H. Smith, 1920 to the present.

Of these former pastors, Rev Mr McNair and Rev. Dr. Farquharson still survive.

Mr Wm. J. Young as one who well remembers the characteristics of each of the honored ministers this night, was chosen to unveil their portraits and reminiscence on them. The kindest thoughts, he said, clung around the memories of these men of God, who did much in their day, to point the way to higher things. Rev. Mr McNair was also a keen sportsman and his presence on any such occasion, was sufficient to deter any rough elements being brought into play. Rev. Mr Smith wound up the ceremony by a thoughtful address on the part we play in moulding the lives of others, through our words.

\$36.00 were the receipts of the supper.
