

Turtle For Two.

The turtle was "in clover" when this picture was taken, and "in the soup" shortly after. The background study in black and white is provided by the Misses Marion Webster and Helena MacKay, of Montreal, on board the Canadian Pacific liner "Empress of Britain", in which they cruised around the world. The turtle, like many other rare and exotic delicacies consumed by four hundred passengers during their 30,000 mile cruise, only went part way.

EASTER

Its Significance to the Present Generation

Easter, the anniversary of our Lord's resurrection from the dead, is one of the three great festivals of the Christian year—the other two being Christmas and Whitsuntide. From the earliest period of Christianity, down to the present day, it has always been celebrated by believers with great joy and is accounted the queen of festivals. In primitive times it was usual for Christians to salute each other on the morning of this day by exclaiming "Christ is risen," to which the person addressed replied, "Christ is risen indeed" or else "And appeared unto Simon"—a custom still retained in the Greek church.

The common name of this feast in the East was the Paschal Feast, because kept at the same time as the Pascha or Jewish Passover, and in some measure succeeding to it. Our own name Easter is derived as some suppose, from Eostre, the name of a Saxon deity, whose feast was celebrated every year in the Spring about the same time as the Christian festival—the name being retained when the character of the feast was changed, or, as others suppose, from Oster, which signifies rising. If the latter supposition be correct, Easter is in name as well as reality, the feast of the resurrection.

Though there has never been any difference of opinion in the Christian Church as to why Easter is kept, there has been much as to when it should be observed. Indeed the controversy lasted for many centuries, and it was not until the Council of Nice in 325 definitely settled the matter, by decreeing the observance of Easter on the Sunday following the Jewish passover that there was any harmony on the subject. So far as we are affected thereby, was decided at Whitby, England, in 664, when the contention of Agilbert, Roman Catholic bishop of Dorchester, who upheld the custom as it was upheld at Rome, prevailed over the plea of Colman, bishop of Lindisfarne who represented the native branch of the church.

On Easter day depend all the movable ecclesiastical feasts and fasts throughout the year. The 9 Sunday, before and eight after are all dependent upon it. The nine constitute the six in Lent and Quinquagesima, Sexagesima and Septuagesima; the eight following are the five after Easter, the Sunday after Ascension Day, Whit Sunday and Trinity Sunday.

22 LESS SEATS IN NEW LEGISLATURE

In reducing the membership of the Ontario Legislature from 112 to 90 seats, the new boundaries of various ridings affected have been quite definitely decided by the government committee. North and South Grey are now to remain as at present, but Dufferin is to be eliminated and divided between West Simcoe and North Wellington. South Bruce also is cut out and divided between North Bruce and North Huron. 19 Conservative, 2 Progressive and 1 Liberal member will be forced to retire or seek new ridings.

A DOCTOR AGAIN RESIDES AT TOBERMORY

Tobermory, in its isolated position at the very tip of the Bruce peninsula and with the spring bad road condition before it, is again rejoicing in the possession of a resident doctor. Since the new year, Dr Spencely of Toronto has been established in the village ministering to the sick and entering into the affairs of the village in such a way which has made him already a very popular addition to community life. Dr Spencely is a successor to a woman physician, Dr Fisher, who left Tobermory last May, after practicing in that outlying community for several seasons. From May until January the village was served by the doctor at Lion's Head and by visiting members of the medical profession during the tourist season, but was fortunate in securing Dr Spencely as a resident doctor before winter locked the village into comparative isolation.

Dr Spencely is an ex-service man. He was a medical student of Toronto University when war broke out and gave up his prospects of a medical career for the time-being in order to enlist. Returning from active service he completed his studies and secured his degree.

Though Dr Spencely is an independent practitioner at Tobermory, unlike Dr Fisher who went to Tobermory under a subsidizing scheme of the Women's Institutes of Ontario, both St. Edmunds and Bruce County Councils have made the newcomer a grant of \$100 per year. The Women's Institute of Tobermory, which is particularly an active and public spirited branch, is also endeavoring to assist in making it feasible for Tobermory to have a resident doctor. The Women's Institute of Grey Co. was formerly a contributor to this project but this was discontinued at the last county convention.—Meaford Mirror.

GRAFT—GRAFT—GRAFT

In view of what Ontario is giving towards Mothers' Allowances the story appearing in our paper to-day, is a painful reading.

It is stated on good authority that there are not a few recipients of Old Age Pensions who deposit their money in the bank as soon as the cheque is received. It is a case of not needed.

Sturgeon Falls did in a wholesale way what is being done possibly in hundreds of other places.

If the whole history of relief distribution could be written, there would be a small army who should be in jail.

What's to be done in the matter? People have to be taught the first principles in honesty, that it is just as great a crime to rob from Ontario or the Municipality as it is to steal from their neighbor and more care must be taken before anyone is recommended for an Old Age Pension or for the Mothers' Allowance.—Pembroke Standard.

BUTTER AND SUGAR CONTROLLING FACTOR?

The Bennett government are popularly supposed to have slid into power on butter and from the present outlook will slide out on sugar.

ALL ONTARIO TOWNS NOT GONE OVER TO BRIDGE

Are all the towns gone to bridge? This question was put up a few days ago, says the Collingwood Bulletin. Negatively the query can be well answered. From the mail to our own desk we can find proof that in different, in many, of the smaller towns, other things occupy the time and attention of the people. There is Prince Edward County, town of Picton, where there has been carried on since 1902, a Tennyson Club, intermingling with the social, side, literature, including poetry, history, science, the drama, music and other kindred subjects, evidently with the approval and assistance of the leading citizens, the membership of the past winter numbering upwards of one hundred. In Orillia, a Canadian Club has been in continuous operation for more than a score of years, the business men there taking time off once a week to hear an "other fellow" in the same town a ladies' club occupies the attention of the many women who, though active in many other organizations, seldom let an opportunity pass of meeting and hearing notable visitors to Orillia. In Barrie the women carry on a highly successful Canadian Club, and each season hear speakers with a message. The men find their pleasure in Kiwanis and Lions' Clubs, both of which enjoy a goodly membership. And so the story might go on and on of the Musical Club which flourished in Owen Sound for many years, the Macaulay Club in Chatham, and the Literary and Scientific Club which has for over thirty years been continued in the rural village of Clarksburg. And these are but a few. The recital might go on and on, but sufficient has been presented and said, to fully answer the question, "Are all the towns gone to bridge?" They have not.

Radio licenses were due on Saturday last. The Bruce Times says the government caught to hand out a jigsaw puzzle with each one. They might get rid of them a lot faster than they are likely to otherwise.

The Progressives were damaged politically by the Drury government's so-called "hundred dollar coal scuttle." And now the Progressive leader has found that Premier Henry ordered three antique tables installed at Parliament Buildings at a cost of \$650. That's turning the tables sure enough.—Daily Star.

CRAWFORD

Miss Florence McCaslin, Hanover, spent the week end at her home. Mr Jas Stinson returned home from Toronto Saturday after a couple of weeks with his sister, Miss Nellie, who was a patient in the General Hospital here. We are pleased to say that Nellie is at present convalescing at the home of her cousin in the city.

A great number from this vicinity attended the funeral of the late Jessie Fiddis in Chesley on Friday. Miss Fiddis who was a sister of Mrs Edgar Boyce, was well known in this neighborhood and during her visits endeared herself to all who came in contact with her by her winsome manner and lovable disposition. Our heartfelt sympathy is, at this time, extended to the bereaved brothers and sisters.

W. M. S. The W. M. S. held their April meeting at home of Mrs Geo Fisher. The Pres. occupied the chair. During the business it was decided to invite Mrs Murray, Pres. of the Grey Presbyterial, to speak at the Easter Thankoffering, which will be held sometime in April. Papers on the early Missions of the different churches in Canada, were given by several of the members. Mrs Kline McCaslin read an excellent paper prepared by Miss Mildred Henderson on the Missions of Canada 50 years ago. A pleasing solo was sung by Miss Nancy Boyd. At the close of meeting a social hour was spent, at which Mrs Fisher and Miss Lyne served a dainty lunch.

During the absence of the President, Mrs McKechnie, owing to sickness, the vice pres. Mrs Allan Boyd filled the chair. After opening exercises, Mrs Gillen Boyd read the scripture lesson from Matt. 28. After much business was discussed, a motion was brought up by Miss Ada Banks, re the making of the cake for the anniversary of the church in June. The Society has been organized for 26 years, the four

oldest members being Mrs D. C. McKechnie, Mrs Vessie, Mrs McQuarrie and Mrs Gillen Boyd. These ladies will make the cake at the latter's home.

One member on each line was appointed to get the ingredients for this cake. For Bentinck, Mrs McQuarrie; Highway, Mrs Mal. McKechnie; for Glenog, Mae Bell. All the material for the cake has to be in the next meeting.

The quilt blocks for quilt bales were brought in. The collection amounting to 85c. Papers were given by Mae Bell on "Resurrection." Another paper was given by Mrs A. Boyd on "The first Easter morn." Prayer was offered by Mrs G. Boyd and Mrs John Lachlan.

At close the hostess served light refreshments, assisted by Lena Ellison and Mrs Dan McKechnie. The next meeting the roll call will be answered by a verse bearing "Mother."
