"Good-Bye Uncle Jock"

Said Vera Fleck, (left) and Lytte Teppaz, as they shook hands with Captain R. G. Latta, and left the Canadian Pacific liner Empress of Britain at Father Point, Quebec, to make an aeroplane dash to Montreal on their way to Chicago where they are contestants in the selection of a "Queen of the Century of Progress Exposition. No matter what the contest results Vera and Lytte will carry memories of a thrilling first voyage home with them. The Empress of Britain, one of the world's fastest liners, broke two records for them, and a combination of fast ship, fast plane and fast train gave the two pretty girls the distinction of making the fastest voyages from London and Paris to Chicago ever recorded.

They travelled so fast all the way that Miss Teppaz, who lunched in Paris, Friday, May 18, found herself breakfasting less than six days later in Chicago, May 25. Miss Fleck's record was from breakfast to breakfast. Canadian Pacific officials arranged every detail of their entire journey which, with the exception of two hours and fifty minutes in the air, used the facilities of that organization.

Town Lawns Damaged by Cattle running loose

All members of Durham Council except Coun. Campbell were present at Tuesday's session, but no business of outstanding importance was before the Board.

Rev. Mr. Lowen asked permission to hold gospel services for half an hour between 9 and 10 Wednesday evenings on main street. Council said such had been stopped before, as crowds around interfered with traffic and accidents might easily occur. Council was quite agreeable to holding services if they would not hinder traffic and recommended that location for service be arranged with Constable Scott on Lambton St., near main corner.

Relief accounts passed totalled \$509 for May, which includes seed for the relief gardens and medical fees. The men on relief have given the town a good deal of labor in compensation therefor.

E. A. Weppeler protested a \$5 and costs fine imposed on his brother-in-law, for failure to stop at stop street, where he didn't notice the "stop" sign. He thought the fine excessive under the circumstances but Council deemed it reasonable and upheld the decision.

The treasurer's report showed over \$1000 arrears taxes paid in May. About \$3200 of 1932 taxes is yet unpaid. Council decided to strike rates for 1933 at next regular meeting, July 3rd. This is a month earlier than usual and will allow issuing tax notices earlier.

The Bell Telephone Co. had a communication re removing pole in front of Heywood's new garage. Council left it to owner of property to deal with.

Clerk Willis reported for Board of Health. The M.O.H. and Sanitary Inspector made a tour of the town and found things very satisfactory. The dairies and slaughter houses are in best condition yet.

The Clerk asked instructions as to weights of loads of stock, whether to drop odd lbs to an even 50 or drop 1 to 9 odd lbs to even "0". Council thought first fair to the seller and advised to follow same procedure as U.F.O. scales.

The provisions of a former by-law or motion authorizing 50c hour for man and team and 25c per hour for man, for town law, were suspended and Chairman of Board of Works was authorized to pay current rates for such, now about 40c and 20c per hour.

Coun. Duffield complained that parties driving cattle through town streets, allowed them to run over lawns, which must be stopped, to give citizens who beautify their homes, some protection. Some even drove cattle over boulevards, because the animals were liable to slip and fall on pavement! Reeve Hunter, Coun. McKechnie spoke heartily in sympathy with bringing in a by-law to stop such destruction and Coun. Stonehouse stated boulevards on streets not paved should be protected also by law from being cut-up by delivery rigs or cars running over them in wet weather. The Clerk was instructed to prepare a by-law to stop this practice.

PREVALENCE OF GOITRE IN GREY CO. MOST MARKED

That Grey County appears to be the centre of the goitre belt of Ontario, is borne out by physicians who have made tests of the situation. Dr. Carefoot of Markdale, declares there is a deficiency of iodine salts in the soil of Grey County. Our soil in some places is gravelly loam and limestone and the iodine salts being soluble, are supposed to filter from the soil.

Miss Agnes Macphail, M. P., is using the daily press as a publicity agent in seeking to remedy this condition. For long it has been of deep concern to her. It means a great loss of life, earning power and health. Dr. Starr, Toronto, has a surprising number of goitre patients brought to him from Grey, far more than from other counties. Especially the townships of Glenelg, Osprey and Arthemisia are singled out by Dr. Carefoot as particularly afflicted with this disfiguring and incapacitating disease. "I've repeatedly tried to get the provincial and dominion gov't health departments to do something," said Miss Macphail. "But they do nothing to combat the disease. Grey should be made a separate county health unit, in order to especially combat this disease. I've even tried to get insurance companies to make a survey."

The medical health department of the province, Miss Macphail contends should be doing something to supply the iodine deficiency for the child between the ages of 8 and 11 years when it is most needed. Dr. Murray, M.O.H., for Owen Sound, has found by experiment that supplying iodine in small amounts twice a year, in the years between 8 and 11, remedy the deficiency among school children.

SOFTBALL

HOCKEY CLUB WON EASILY

The second town league ball contest Thursday evening saw the Hockey Club and Furniture Co. in action for the first time. It was a good contest until the 4th inning when the Hockey boys led 5-3 only, but 6 runs in 4th and 5th put the game on ice and they won by 18 to 7. The factory boys staged a last inning rally to count 4 runs, but were then out of the picture. The factory boys tried out two young pitchers, Kearns and Goodchild who show good promise, but sadly lacked control. They issued 11 "walks" and 8 of them blossomed into runs. McGirr pitched steady and speedy ball for the opener. E. McDonald with 4 hits and Glenholme with a homer and double, were leading swatters.

FURNITURE CO. 17, BACHELORS 4

For three innings a tight game was played on Tuesday and each team had made only one run. Then the Bachelors blow and when before they had retired the side, 8 Furniture Co. runners had scampered across the plate. The Factory boys pounded Lawrence hard in 2 bad innings, but his support also collapsed and thereafter the Bachelors were in it. The Furniture Co. used Royden Connor, a new pitcher and he held the single chaps well in hand.
