You get "wonder" flavor and crispness in Kellogg's that imitations never equal. You get oven-freshness insured by the sealed inside WAXTITE bag, a Kellogg feature.

Remember, when substitutes are offered, it is seldom in a spirit of service. Sold by all grocers in the red-and-green package. Guaranteed by W. K. Kellogg. Made by Kellogg in London, Ontario.

Feathered Stowaway

A pigeon that found itself "in the soup" was taken care of by a butcher, but will never end up in a pie, made the front page a few days ago when the Canadian Pacific liner "Empress of Britain" arrived at Quebec from Southampton with a homing pigeon on the list as a stowaway. The pigeon, eyeing the camera with a querulous expression, is seen above in the hands of J. Gibson, Chief Butcher of the Empress liner in whose keeping all travelling pets are placed.

Battered by storms after fighting heavy head winds for a number of hours the pigeon, which had been released some 250 miles west of Land's End in fog from the steam trawler "Ocean Lux", fluttered to rest on the tennis deck of the Empress of Britain. It carried a message showing time and place of release, and date of its last feeding. On the return of the big liner to England next week the feathered stowaway, after its two way crossing of the Atlantic will be thrown into the air to find its way home, with a message from Capt. Latta tied to its leg, in authentication of the strange story it will have to tell.

HOCKEY CLUB 10, BACHELORS 9

The Hockey Club jumped from tail enders to league leaders in two games, the second of which was on Tuesday night, when they took a tight contest from the Bachelors. Up to the 5th, the Bachelors were coasting along with a 6-3 lead, but in 5th Lawrence developed a wild streak, issued 3 walks, Wilson and McElraith singled, and Schutz drove out a triple, which resulted in 6 runs for the hockeyists. The Bachelors came back with 3 runs in 6th to tie it up. Matthews singled, and got a hit on an error, Ritchie tripled and McKechnie singled, driving in 3 runners. Elvidge batted for McEachnie to open 7th, drew a walk, Schutz and McElraith fanned, R. McGirr also walked and Elvidge scored on Matthews' fumble of Murdock's drive. The Bachelors almost tied it up in their half. Black flew out, Tucker singled and stole around to 3rd, but Matthews and McComb both went out on flies, leaving Tucker stranded. Ritchie, Matthews and McComb hit triples for the Bachelors. Each team got 8 hits, but Lawrence lacked his usual good control and issued 8 bases on balls, 5 of which were turned into runs.

DURHAM GIRLS DEFEATED WAWANEKAS OF OWEN SOUND

In Owen Sound last Saturday, Durham girls won their third game this season, defeating Wawanekas 16 to 14 in a lively slugfest. Durham got 9 hits, including a home run by Rowe and Wawas 13, including 2 homers. Owen Sound used 4 pitchers, Proctor, Focbes, Breen and Parke and all were wild, issuing 13 "walks" while Jean Rowe pitched a steady game for Durham. Durham's regular catcher, L. Collinson, was absent, and Jean Murdoch and Mona McDonald took her place. Wawas used several intermediate players and under these circumstances, Durham team was quite elated to win out.

Our destination was Lake Erie, but we first took a direct route to Dundas and Hamilton, reaching Woodlawn Beach at midnight hours, Friday. We simply could go no further for fear of our peaceful Erie. It was quiet that night and the waves lapped the shore's edge so soothingly that you could do nothing else but sleep.

Woodlawn Beach is in Haldimand County, 14 miles east of Port Dover. It has a colony of summer homes that are both comfortable and spacious. A short distance to the west Woodlawn is Peacock Point, where a larger colony summer. At Peacock, the beach embankment runs high and the storm's ravages in the past have so played upon it to leave sharp inundations in the shore line. Also the one side of the tall trees along the shore, are stripped of foliage and arriving at a slow death, due to the cold spray in early spring and late fall forming icicles on the branches. All the cottages have nice green swards before which comes the beach proper. The Canadian side of Lake Erie is much better for beach and bathing purposes and at Woodlawn is a fine graduating stretch of water.

Every other morning the fishermen are out early and bring in their catch of pickered and perch and from here the fish are shipped to various Ontario points.

Hi ho! Cottage life is the ideal life for the warm summer days. In front of our particular cottage were several sturdy oak trees and when stagnant elsewhere, a breeze could always be found among the oaks. Then, too, these cottages are fortunate in having the natural gas piped into their rooms for cooking and lighting purposes at a mere nominal cost to the householder. In fact, all of southern Ontario has this great boon and in front of every home can be seen the familiar little dog kennel, which covers the metre that controls their gas supply.

Haying was in process all along the line and appeared a good yield. It is noticeable too, how Ontario is the poorer for the non-occupation of many farms. For many miles there would apparently be very little settlement, though with good homes and buildings on them. With the revival of farm prices, perhaps the trek to the land will become more popular. However on occupied farms, it is hard to see the thumb marks of any of this depression they talk so much about.

We dined well and thoroughly enjoyed a few days respite from the snail of the print shop and when our business will allow us the time, combined with the estate that will have to be settled, we will put in a large plank for a cottage at Woodlawn Beach.

A report of the Society for the past 24 years was read by the Sec'y, and there are three members on roll to-day who were on 24 years ago: Mrs D C McKechnie, Mrs Vessie is a member for 23 years, Mrs Laidler of Durham, rendered a pleasing solo. At close, lunch was served and a birthday cake with 24 candles was admired by all. Prayer was offered by Rev Robertson Miller, Mt Forest, in the absence of Rev Mr Armstrong.
