### Holstein Wins Jr. Championship of W. F. A.

HOLSTEIN 3, ST COLUMBAN 2  
Holstein defeated St. Columban 3-2 on the latter's grounds, Friday, Aug. 11th, thereby winning the round by the score as the first game of the series was a scoreless tie and won the Junior championship of the Western Football Assoc'n for the second successive year.

Holstein outplayed in the first game on their home field were accorded little chance of winning the coveted goal for 1933, but playing on a wet field and the first part of the game in a drizzling rain, played aggressive ball, scored the first goal and were never behind although the score was tied for a short time in the first period. Facing elimination the players took the field determined to win, after their pictures had been taken by a photographer from the Toronto Telegram. The players were lined up by referee Harry Fisher of Stratford and the game was away.

Holstein forced the play for the first part of the game and were rewarded in the first five minutes when a combination play, Arnill to Taylor to Patrick ended in a snap shot to the corner giving the St. Columban goalie no chance. St. Columban came back with a quick goal from a scramble in front of the Holstein goal and the teams were on even terms. Not letting this reversal daunt their spirits, Holstein kept forcing the play, the forwards were combining on clean rushes bringing them close in for shots time after time. Holstein's second goal was on an identical play as the first, goal, Arnill swinging the ball to right wing with Taylor placing in front of the goal to let Patrick close.

At this stage of the game, Referee Fisher called time on account of the rain but in five minutes' time the rain had subsided and the game was resumed without further interference. For the last few minutes of the game play was fairly equal with St. Columban having an edge. Half time coming with Holstein having a one goal advantage. In the second period St. Columban forced the play and looked more daunt than their spirits, in Holstein but their shooting was erratic. Although on the short end of the play, Holstein were occasionally break-away and each time would close in for a shot. Gibson was close in for a wicked drive but it was stopped illegally by one of the backs. The referee missed the penalty and play continued. But shortly after Gibson passed to Patrick, who completed the hat-trick by scoring all three goals. St. Columban become desperate at this stage and hemmed Holstein in for the next ten minutes and finally scored from another scrimmage. In the meantime Holstein broke away and Patrick just missed as the ball cleared the bar. For the remaining three minutes St. Columban tried the going' act but were unsuccessful in coming even close and the game ended with Holstein holding the coveted cup for another year.

The victory was due to unselfish combination play which had the visitors defense beaten on nearly every rush. The field was wet and the ball unruly due to a falling rain. This seemed to be an advantage for Holstein, while St. Columban were missing and their plays were not clicking. We are told it was the first time they had played with a slippery ball, but these are the misfortunes of the game and Holstein were quick to take advantage. St. Columban gave Holstein a great battle and had they received the breaks might have had the Junior Cup.

The line-up: St. Columban—Holland, Williams, Eckardt, McQuaid, Holland, McQuaid, McIvor, Murray, Jenkins, Carlin, Hawkins, McIvor.

HOLSTEIN—Christie, Patrick, Fidler, Ross, Aitken, Cowan, Gibson, Alles, Patrick, Arnill, Taylor.

### Holstein won First Intermediate Semi-Final

HOLSTEIN 1—EDGAR 0  
Holstein gained a one goal lead in Home and Home games with Edgar playing the first game on the latter's grounds, Tuesday evening, Aug. 15th, and will carry the goal advantage into the second game, Tuesday evening,

August 22nd. Game called at 6 o'clock. Duration 80 minutes. Holstein was fortunate to have a goal lead for the second game as Edgar pressed the play for the greater part of the game and with any luck would have had at least two goals. Holstein's lone was scored by Geo. Patrick when he placed a hard shot, low inside the upright in the first fifteen minutes. Gibson was taken from the field in the early minutes of the second period with a wrenched ankle but hope he will be able to play the return game next week.

The game was in charge of a local man from Craighurst village and he handled the game to the entire satisfaction of both teams. The game got away at 6:30. Edgar came back for two shots but Christie cleared nicely. On Holstein's next rush Arnill shot high and after considerable centre field playing Holstein broke away. Haas passing to Patrick who scored a pretty goal. Edgar went in on the next play and the shot grazed the upright. A great shout went up from the crowd but it was a relief to the faithful few when Holstein was awarded a goal kick. Both forward lines were breaking fast on clever rushes. The Holstein defense were working overtime, and were forcing the Edgar forwards to shoot wide. At the other end Haas shot high after Gibson drove into the goalkeeper's hands from well out.

In the second period Holstein strove to hold their one goal lead and were held on the defensive for the greater part of the period. Edgar missed several good chances by shooting wide. On one occasion they shot a few inches over the bar and then on the next rush they shot dead on. Christie saved but was charged before he could clear, the ball hitting an Edgar man but was cleared by Patrick. Edgar played their best football in this period and Holstein had many narrow escapes, but due to splendid defensive tactics they were able to hang on to their goal lead to the whistle.

The return game to have been played this Friday evening is being shifted to Tuesday, August 22nd, to oblige the Edgar team. Come out and cheer the boys as they strive to retain the Intermediate Cup. The winners of this series meet the winners of the Owen Sound—Cape Croker series.

### Interesting Resume of Trip through the West

Holstein, Aug. 10, 1933.

To the Editor of The Review.

Dear Sir: When we were West a friend said it would be nice if you would mention, through the columns of the Review, a few details regarding our trip. Well, I might say that on June 12th at 10 p. m., we left Toronto, accompanied by Mrs. G. Bell, our cousin from Dundalk, who went as far as Weyburn, Sask. At Weyburn we visited with our brother and sister, Mr. and Mrs. Aitken, formerly of Dundalk and after spending a couple of days there journeyed to Medicine Hat where we tried to hire a taxi to take us down to Montana to visit our brother, Archie McMillan. But the taxi driver wanted \$65 to drive 240 miles and we could not see the point, so we took the next train to Calgary, which was a pleasant trip over the prairie.

When we landed in Calgary, we phoned our brother and sister, Mr. and Mrs. G. G. Cameron, who very soon landed at the C. P. R. station and took us to their beautiful home. Their son, Jack, and daughter, Peggie, had the breakfast ready for us all. This was Sunday morning, June 18th, and after service in the United Church we went to our brother and sister's, Mr. and Mrs. James Burnett, whom we had not seen in 27 years. We were not a real welcome. The best was none too good for us. They are both enjoying a well earned rest from farming, which they carried on in the southern part of Alberta, near Champion.

While in Calgary we also visited cousin Annie, Mrs. McLachlan, and her lovely family. They sure know how to use a friend. They drove us all around the city and even took us back to the farm, 25 miles out where her sons, John and Alex are working a large farm. The crops looked fine. We, along with the Burnett family, had dinner one evening with Mr. and Mrs. Lachlan McKinnon and fine family. Another evening we all were at cousin Archie Ferguson's for dinner. He and Mrs. Ferguson and little daughter made us welcome.

Mr. and Mrs. McKinnon took us out 30 miles to the L. M. K. ranch, where their sons are looking after it. They deal in beef cattle. This year they took their cattle to the Old Country. Mr. McKinnon is one of the pioneer ranchers of that country, and is one of the Pricerville boys.

On June 22nd, Mr. and Mrs. Cameron drove us to Montana, 400 miles, to visit our brother, Archie McMillan, who is ranching in the Bear Paw Mountains. He and his men brand 101 calves the following day. He has a range of 4,500 acres, and not one half acre of level land. It is wonderful the comforts they have in those mountains. They have the Waterworks right in their house and acetylene lights in the house and barn. They seem to be just as happy there as we are in Holstein. The school is just a mile from the house and neighbors are quite near, but the post-office is 28 miles away in a town called Big Sandy. His only daughter, Doris, is teaching in the high school in Great Falls, Montana, and Archie, Jr., is going to the public school.

While at Archie's we met our cousins, Mr. and Mrs. Wm. McLean, formerly of the South Line, Ardenesia. After spending four or five days with our brother we journeyed back to Calgary by way of Great Falls. We stopped overnight in a town called Browning, where lived 3500 Indians and 500 white people. The Indian homes were very attractive.

After getting back to Calgary we stayed a couple of more days with Mr. and Mrs. J. Burnett and then took the C. P. R. across the Rocky Mountains. We got to Vancouver Saturday morning, July 1st, and phoned our brother and sister, Mr. and Mrs. R. J. McNulty, whom we had not seen for 37 years. They have five lovely children, which made the visit more pleasant. While in Vancouver we visited Mr. and Mrs. Lind, (one Ella Renton). At Mr. Lind's we met Mr. and Mrs. Grier. Mr. Grier is a son of Mrs. Grier and the late Mr. David Grier, of Holstein. We also met Mr. and Mrs. David Webster. Mr. Webster is a Scotch lassie from the Old Land. We called on the former Janet McIntyre, who is a person very pleasant to meet, and also on Mrs. George Simpson and Mrs. Duncan Simpson, formerly of Pricerville.

Mr. and Mrs. McNulty drove us to Seattle, 140 miles away, where we visited with our brother and sister, Mr. and Mrs. Neal McMillan and their nice warm-hearted family. They are running a restaurant on a large scale. We also met cousin Allan McLean and his companion. We were all over to their place one evening for dinner. We certainly had a real time while in Seattle.

On leaving there we motored back to Vancouver, where we stayed for a few more days, then back through the Mountains to Calgary.

While in Calgary this time we called on Mrs. Lester and Mr. and Mrs. (Dr.) Dixon well-known in Pricerville, and also on Mrs. John McArthur, smart as a girl of twenty. We had a chat with Mr. Frank Orr and his best-kept half and also met our old friend, Bob McLachlan and his wife. We met Mr. and Mrs. Bert Lester and many others whom we cannot think of just now. We were dinner guests one evening of Mr. and Mrs. George Campbell, where we met his brother, Neil.

The Campbell's are warm friends formerly from Swinton Park. We attended the famous Calgary Stampede and then left for Weyburn, Sask., where we met Mrs. G. Bell who accompanied us home, after we had spent a few more days in Weyburn with our brother and sister and family. While there we met Mr. Telford, formerly of Dundalk, also Mr. and Mrs. MacMurdo, formerly of Proton, and last but not least, our cousins, Mr. and Mrs. Wm. Brown, also from Proton. Crops were good around Weyburn but the grasshoppers were very numerous.

We all three left for Winnipeg, where we visited with our cousins, Mrs. Sarah McMillan and family and her brother, Donald McLean, formerly of the South Line, Ardenesia. Donald is looking after the Old People's Home there. They tried to hire a taxi to take us down to Montana to visit our brother, Archie McMillan. But the taxi driver wanted \$65 to drive 240 miles and we could not see the point, so we took the next train to Calgary, which was a pleasant trip over the prairie.

### Canadians to Visit Mysterious Bali

Photos by Burton Holmes.

Bali, that mysterious tropical island off the coast of Java where Eve would have been almost over-dressed and native boys—although they have never heard of him—look like Gandhi, will be more than a name but no less a mystery to a number of lucky Canadians by this time next year.

For Bali, literally unknown until a motion picture director took his cameras and microphones there a year or so ago, has been added to the itinerary of the Canadian Pacific liner Empress of Britain's 1934 world cruise sailing from New York January fourth.

Balinese, simple and unaffected, acted a charming love story for the screen. But they had to be taught what a kiss was. They live in a land of temples. Although education is not a strong point they can still count the few white people who have ever visited the island. They cannot count the number

of dogs they own. They save the bodies of their dead until the last member of a family dies and cremate them all together. They worship bats and have 500,000 in one sacred cave. When priests send word that devils are abroad every man, woman, child and dog must stay within doors so nothing will impede the demons' quick departure. They love to dance, and on March 9 and 10, 1934 are specially performing traditional dances for the Empress of Britain's world cruise passengers.

In addition to Bali, new world cruise calls will be made by the big, white liner at Semarang, Java, and Zambonga in the Sulu Archipelago. The cruise will visit 23 ports in 24 countries covering 30,000 miles in 130 days.

The pictures show a temple in Boeleing, a youthful humorist (top right) and a typical scene outside a native house where a cremation is about to be held.
