Peach Jam—Delicious
Use slightly underripe fruit. Scald and peel. Put in preserving bottle and stew until soft.

Elderberry and Crabapple Jelly
Use double the quantity of elderberries than crabapple. Wash and prepare fruit, add whatever water is necessary.

Left-Overs
There comes a time toward the end of the season when markets and gardens are filled with odds and ends of the summer's crop.

To Add to Meat Stock
An excellent soup mixture to add to meat stock in the winter is made by filling a sterilized jar with layers of all the vegetables at hand.

Salad Mixtures
Salad mixtures are canned in slightly sweetened vinegar. The vegetables are fresh and delicious tasting when served in the winter with a plain French dressing or mayonnaise dressing.

Piquant Sauces Make Plain Meals Tasty
Because flagging appetites are whetted by novel flavors, the piquant sauce makes a definite contribution to the well balanced menu.

24-Cent Gas Tax
Perhaps Austria is where the term "taxoline" came from. At any rate, taxes on gasoline amounting to 24 cents a gallon plus other fees, has resulted in 16,500 Austrian automobile owners turning in their license plates in three months.

LESSON II.—October 8. SAUL IN DAMOSCUS—Acts 9:1-31. GOLDEN TEXT.—Wherefore if any man is in Christ, he is a new creature, the old things are passed away; behold all things are become new.—2 Cor. 5:17.

TIME.—Saul's conversion, A.D. 35. Saul in Arabia, A.D. 36. Saul escapes from Damascus, A.D. 37. Saul preaches in Jerusalem, and returns to Tarsus, A.D. 38.

PLACE.—Damascus. Somewhere in Arabia (Sina?). Jerusalem. Tarsus.

But Saul, yet breathing threatening and slaughter against the disciples of the Lord. It must have increased Saul's rage to hear that those whom he had been instrumental in driving from Jerusalem were so successful in preaching the religion he was so eager to root out.

And he was journeyed. It came to pass that he drew nigh unto Damascus. It was at midday (Acts 26: 13).

And he was journeyed. It came to pass that he drew nigh unto Damascus. It was at midday (Acts 26: 13).

admission into the Christian community. "The Lord, even Jesus, "Who appeared unto thee in the way which thou camest." Here was confirmation to Saul of the reality of his vision; it had not been a dream, but was a glorious reality.

And he took food and was strengthened. Immediately, in accord with Saul's downright temperament, Saul used his new strength and his marvellously obtained faith in preaching Christ in the synagogues of Damascus, proclaiming Jesus as the Messiah, the Son of God.

Will Rogers' Daughter Abandons Film Career
Hollywood—Mary Rogers pretty 15-year-old daughter of Will Rogers, has abandoned a film career for the present at least.

Woman Doctor Peace River District

Dr. Margaret Owens, of Notikewin, Alta., in the northern Peace River district, one of the staff of the Alberta provincial department of health, has been visiting Winnipeg while on furlough.

For four years, Dr. Owens has been in the north and took over her present post last spring. Her territory comprises some 2,500 square miles, including the three Battle rivers. She is the only physician in this vast district. Her home station is 400 miles north of Edmonton, and her "beat" extends north to Fort Vermilion.

Running far to the north is a single telephone line, following the old Yukon trail, and over this wire the mounted policeman stationed at Notikewin receives the call for Dr. Owens' services.

Any method of travel satisfies the woman physician on her merciful duty. Lumber wagons and democrats in summer, sleighs in winter, and occasionally the luxury of a lift in an auto mobile help her to reach her patients.

"Obstetrical work, the chief reason for assigning me to duty in the district, gives me the most frequent calls," Dr. Owens said, as she minimized the difficulties of her work. "My greatest trouble is in getting seriously stricken patients to hospital."

"In May this year, just as the roads were breaking up, and in their worst condition, I was forced to take to hospital in Peace River, 90 miles south, a patient suffering from a ruptured gastric ulcer. We were fortunate enough to get an automobile to make the trip, but it took us from 11 o'clock at night until eight o'clock next morning. That was not a pleasant experience for the patient."

"The wonder is that they stand up under it so well. That particular man made a quick recovery. More than 2,000 families, driven out of the drought-stricken areas of southern Saskatchewan and Alberta, have settled in the northern Peace River district during the last three years. Crops this year in the far north, Dr. Owens said, are better than any she has seen on her trip to Winnipeg. It has fallen almost daily this summer in the Notikewin country.

Dr. Owens is a graduate in medicine of the University of Toronto, and did post graduate work at Royal Victoria Hospital here before entering the Alberta Government service.
