PRICEVILLE AND VICINITY

PRICEVILLE

Mrs. Allie Muir is visiting friends in Toronto. Mr. Colin McLean spent the week-end with friends in Toronto. Mr. and Mrs. A. Hincks of Toronto motored up and spent the week-end in these parts here and at Durham.

Messrs. Robt. Vause, Jno. Haw and Andrew Dow are busy finishing up Mr. Tom. Currie's house. Mr. and Mrs. Bramston of Toronto are guests of her brother and sister, Elford and Beatrice Walters. On Friday night about 75 friends and neighbors met at the home of Mrs. Archie McLean to spend a social evening with her daughter, Miss Alma before she leaves for Mimico. The evening was spent in music and dancing. Good music was supplied by L. McKeown, Innis McLean and others. At an appropriate time Miss Alma was called forward when an address was read by Mrs. Wilfred Watson and the presentation of a lovely pearl and amber manicure set was made by Mrs. Jack McMeekin. Alma thanked all in a few well chosen words for their thoughtfulness and kindness. Lunch was served at midnight. Following is the address: Dear Alma: Having heard of your intentions of leaving our midst to follow your chosen profession, we, your friends, have gathered together to spend a social time with you. You have taken an active part in the social life of our village and have taken part with us in different lines of sport. You have al-

ways been a helper in your Church and have been a kind and genial friend and we all surely miss you. We feel that your cheery disposition will be a balm to many a suffering patient. We wish you the very best success in your noble profession. We wish you now to accept this gift not for its intrinsic value but as a token of our appreciation of you. We hope it may serve as a reminder of the pleasant times we have had together. Signed on behalf of your friends, Mrs. John McMeekin, Mrs. Wilf. Watson, Anna Shortreed

Keep in mind the Valentine Social on Wednesday, Feb. 14th., in the basement of the Church under the auspices of the Willing Helpers Society. A good program will be given. Refreshments will be served.

The annual meeting of St. Columba was held on Monday of this week, where fine reports of all branches of church work were presented in each case. Eight new members were added during the year, now bringing the total number to 150 members. Two new trustees were elected in place of two deceased. Managers and ushers are as they were. Wm. McKechnie was elected envelope secretary and W. W. Ramage, treasurer. Rev. J. A. Mair occupied the chair.

The interesting story of Robinson Crusoe was portrayed on the screen in moving pictures by Mr. T. Stewart Cooper. Agricultural Representative for Grey. This, with many other views sometimes given would be increasingly interesting had the story been read before by many in the audience.

The Bee on Saturday by the young men of St. Columba resulted in a fine lot of buzz saw wood being added to the already large piles. Communion services will be held on Feb. 14th in St. Columba United.

Mrs. W. Alcorn is confined to her room through a severe cold. Mrs. H. B. McLean is up and improving nicely. Quite a few are suffering from colds, prevailing here.

SWINTON PARK

Again the weather man handed out something of a shock over the week-end; to wake up Monday morning about 2 o'clock and find a little icicle at the end of your nose, caused some quick action. We crawled to the old stove, and with faithful endeavor and good wood, we controlled the temperature from that on. But it is getting milder; the half of the winter is gone and from now on we will be having more sunshine. Nevertheless we hope that everyone has half of their supply of fuel also that farmers have the better half of fodder for stock; as the days grow longer the young stock will require more feed, but they will also grow quicker with the lengthening days.

Colds are very common at present, but we think, not much serious sick-

PRICEVILLE AND VICINITY

ness. The cold weather will help clear up many disagreeable colds caused by the dampness and fog. Not many people were out to church on Sunday, on account of cold and storm, but Mr. McDonald can always make it without complaint. We had the annual meeting on the 19th in the church. A very fair turnout of people, and the various reports given were encouraging; if not what they might have been, yet they showed improvement from last year, so we with the government can look forward to better things.

The Orange 'At Home' was held in the Hall last Friday night, a good crowd present. It took the form of a dance. Haw's orchestra supplied the music; Neil Phillips and Alec Richardson did the calling off. Young and old hopped to it and had a pleasant time. John Lawrence of Stratford has been a guest at Hardy's for the past ten days. Miss Campbell, Miss McCannell and brother, Gordon, of Boothville, were visitors at J. Aldcorn's over the week-end.

We were sorry to hear that some of the children were frost-bitten coming to school Monday morning.

ZION

Mr. and Mrs. W. J. Cook spent the week-end at the home of their daughter, Mrs. W. J. McFadden, Grand Valley.

Mr. and Mrs. Thos. Timmins spent the week-end with Mr. and Mrs. Jas. Ewens, Bentinck.

Mr. and Mrs. George Peart returned home after spending a few weeks with their daughter, Mrs. Henry Beaton, Bunessan.

Miss May Anderson, Edge Hill, spent the week-end at the home of Mr. and Mrs. E. R. Peart.

Miss Lavina Paylor is at present in Durham Hospital where she underwent an operation last Saturday.

The annual congregational meeting of Zion Church was held on Monday evening. Owing to the cold weather, there were not many present. The officers for the church, Sunday school and Y. P. S. were all re-elected. A lunch was served at the close.

The W. I. will meet next Thursday, February 8th, at the home of Mrs. W. J. Cook. This meeting is to be taken by the Grandmothers.

Littie Ruth McNally, daughter of Mr. and Mrs. Albert McNally, was removed to Markdale Hospital last Saturday.

ZION UNITED CHURCH HOLD ANNUAL MEETING MONDAY

Rev. W. C. Almack presided over the annual meeting of Zion United Church, on Monday evening. Mr. R. T. Edwards gave a resume of the year's work. While each branch had active response to the calls made upon them, there has been a falling down in receipts, both in the General Fund and in Missions.

The following officers for the year were appointed: Stewards, R. T. Edwards, W. R. Jack, W. A. Robinson; ushers, Clifford Cook, James Peart, Oren Peart, Joseph Edwards; organist, Mrs. R. T. Cook.

Officers in the Y. P. S.: Chas. Robson, president; Emerson Peart, secretary-treasurer. Sunday school officers: Superintendent, Miss Mima Edwards; secretary-treasurer, Cameron Robson; librarians, Mrs. Hugh McArthur; W. A. Scherers, Mrs. J. C. Cook, Mrs. Arthur Robinson, Mrs. Oren Peart, Miss Clara Greenwood. The teachers training class with twelve members expect to finish their course in the spring. A social hour followed the business session.

A. Y. P. A.

The A. Y. P. A. met on Monday evening in the Rectory. The meeting was opened by repeating the Lord's Prayer in unison. Final arrangements were made for the bridge to be held on Thursday evening, Feb. 1st. Alma Kress gave a very interesting paper on "Hymns" telling of the circumstances under which some of the well-known ones were written. The scripture reading was taken by Donald Knight. Mr. Billingsley conducted a contest and read the A. Y. P. A. Camp Year Book, which was very interesting. It was decided that the next meeting would take the form of a sleigh-riding party on Wednesday evening, Feb. 7th. The meeting was closed with the Benediction by Rev. Billingsley.

FOR SALE OR RENT

Good comfortable dwelling house all conveniences: will sell on satisfactory terms, or will rent. Apply to J. W. Crawford, Phone 132W, Durham.

FARM FOR SALE

At a great sacrifice price for cash. Lot 27 Con 7, Bentinck, Co. Grey, 100 acres. About 15 acres of bush; barn 44 x 64, a good driving house and a fairly good residence. No encumbrances. 1/4 mile from school. Immediate possession given, clear title. Apply to A. MCGILLIVRAY, Chatsworth, Ont.

County Council will Spend \$70,000 on County Roads in 1934

County Council Activities in Owen Sound last Week. The feature of Thursday morning's session of the Grey County Council was the presentation by the County Treasurer, Mr. E. D. Bonnell, of a statement setting forth the expenditures of the county during 1933 and revealing a surplus in the general account of \$18,004.00 and a county roads surplus of \$7,667.42, which, when added to the surplus of approximately \$25,000.00 on Jan. 1, 1933, made up a surplus of \$50,671.42. From this amount it was necessary to deduct a provincial highway account deficit of \$24,104.49, reducing the surplus to \$26,566.93.

Mr. Bonnell informed the council that the county's provincial highway account to be paid this year will amount to \$18,000.00 more than the amount levied for this purpose so that the surplus will be reduced to approximately \$8,500. A considerable decrease in the cost of criminal justice and in judicial accounts was noted by the treasurer. Another interesting point brought out was that, whereas the county had set aside \$2,000 to be used to pay interest charges in 1933, the county actually made \$2,217.83 in interest.

Mr. Bonnell declared that there was not a single peddler in Grey who had a license. He suggested that the Council might request the Government to have Provincial Police check upon peddlers.

A number of reports of standing committees were presented and accepted without discussion. The most important of the reports was from the County Roads Committee, whose report follows:

"Your County Roads Committee beg leave to report that they met in Owen Sound on December 6 last to outline a policy for the ensuing year and would recommend as follows:

1. That the policy of the County Roads Committee as begun last year, namely, that the work on the county road system be done in the least expensive manner, be continued.

2. That the policy of the Committee be to improve dangerous places and eliminate dangerous curves.

3. That this Council request the Department of Highways to assume 90 per cent. of the cost of provincial highways.

4. That your Committee take the first opportunity of requesting the Department of Highways to give a proper estimate of expenditure on Provincial Highways in Grey County before our levy is made.

5. That the County's share of the cost of Suburban Area Roads be \$6,000.00.

6. That we continue the policy started last year of laying hard surface roads in urban centres, so that within a few years the dust problem may be taken care of that way.

The County Council spent a busy session on Thursday afternoon. A feature of the meeting was the discussion on the appropriation for suburban area roads, when it was stated that the Blue Water Highway will be taken over as a provincial highway this year. The appropriation was finally fixed at \$24,000, to be reduced if the province takes over the highway, which includes eight miles of suburban area road.

The Council decided to spend \$70,000 on county roads in 1934. Of this amount \$50,000 will be spent on maintenance and repairs and \$20,000 on construction. There was no discussion regarding this amount.

The matter of appropriating money for the suburban road area roads provoked a spirited debate. Reeve W. H. Hunter moved that the total appropriation be \$24,000, with the county's share not more than \$6,000.

Reeve D. J. MacDonald stated that the commission had suggested that any surplus at the end of the year should go into a depreciation fund. The objection was raised that no subsidy would be received on this surplus until the money was spent.

Reeve Emerson Brown and Reeve Howard McCauley told Council that it was likely that the Blue Water Highway would become a provincial highway. This would reduce the suburban mileage by eight miles. In this case the appropriation should be reduced.

Reeve Hunter suggested that in the event of any section of the suburban area roads being taken over by the province the appropriation should be reduced proportionately, unless the Commission takes over an equal mileage of county roads.

Questioned by Reeve Allan, County Road Superintendent R. C. McKnight said his only information regarding the Blue Water Highway was through rumors. He amplified this statement by adding that he had been informed by one man that he had seen the draft of a plan calling for tenders for paving a strip of eight miles, east of Southampton. This would indicate that the road would be taken over as a provincial highway, he added.

Reeve Hunter's proposals were adopted by a large majority. Appointments Made. Reeve David Allan of Shallow Lake was appointed a member of the Judicial Board of Audit for the County. Messrs. W. R. Cole and A. C. Stewart were re-appointed county auditors at a salary of \$125 each per annum.

Reeve M. W. Ridley of Dundalk and John Davis of Artemesia, Mr. F.

County Council will Spend \$70,000 on County Roads in 1934

H. Rutherford, county clerk, Reeve R. L. Aitchison of Sullivan and Reeve W. F. Riley of Meaford were elected members of the Grey County Board of Pensions for the year 1934. Reeve Howard McCauley was re-elected a member of the County Roads Committee. Nobody else was nominated. Trustees for various high schools in the county were appointed. Mr. H. C. McKechnie was named a trustee of Durham High School, defeating Mr. Wm. Jack. Mr. Alex Yumac was named a trustee for Hanover High School. The warden and treasurer of the county were authorized to borrow \$200,000 to meet current expenditures until the year's taxes are collected. T. S. Cooper Speaks. Mr. T. S. Cooper, agricultural representative of the county, addressed the council. He presented written reports of the finances of the Provincial Plowing Match held in Derby Township last fall. As far as he knew there had never before been a plowing match which had been so successful that a portion of the county and city grants could be paid back.

Something big for the producers of hogs was seen by Mr. Cooper in the outlook for export to Great Britain, as the result of quota arrangement. He stressed the necessity of producing more hogs to fill the quota.

Mr. Cooper informed the County Council of a meeting of hog producers of Western Ontario at Toronto on Wednesday of this week, and sketched briefly the resolutions adopted at this meeting. Hon. H. H. Stevens' comments regarding retail trade and meat packing organizations were endorsed. An investigation into freight rates was urged. The grading of hogs on the rail was commended. Grading of retail trade products was urged. The establishment of breeding stations or testing stations to judge sows as producers of select bacon rather than from the showing point, was recommended.

Mr. Cooper informed the Council that a seed-cleaning station would shortly be established near Chatsworth.

Two communications were read, one from Judge G. W. Morley stating that the County had been paying Division Court expenses which he believed should be paid by Owen Sound, and one from the Children's Aid Society inviting the county property committees to visit the Children's Shelter. These communications were referred to the appropriate committees.

Some of the municipalities have not yet paid their county rates, due on Jan. 15. This matter was left with the finance committee to deal with after Reeve John Hutchison of Thornbury had presented a motion, which he later withdrew, giving County Treasurer Bonnell authority to collect those rates.

County Roads Superintendent R. C. McKnight addressed the council pointing out the Grey had never had a representative on the executive of the Good Roads Association. He stated that there was a vacancy this year and suggested that some Grey County man be selected and his candidacy pushed at this year's convention.

The Council went through a routine session on Friday afternoon, at which considerable business was cleared up but at which no business of outstanding interest was transacted.

In accordance with recommendations of the finance committee three grants were made, one of \$2,100 to the Children's Aid Society for maintenance of the Grey County Children's Shelter, one of \$300 to the Salvation Army Rescue Home of London, Ont., and one of \$50 to the Canadian National Institute for the Blind. These were the usual annual grants.

Messrs. W. S. Hunter, M. Ridley and D. J. MacDonald were appointed a committee to act with the county treasurer regarding the buying and selling of bonds for sinking fund in that they deal with Dominion of Canada and Province of Ontario bonds as far as possible.

The finance committee recommended that the salary of the county treasurer be increased from \$1,700 to \$2,000.

Mr. E. D. Bonnell, the county treasurer believed he was entitled to \$2,400. Other county treasurers in the district were obtaining at least \$2,400, but he had more work than they had, he declared. He also pointed out that he had to pay the salary of the help necessary to carry out the work.

Reeve John Hutchison of Thornbury moved that the salary be increased to \$2,400. Reeve Wm. Jack opposed any increase over \$2,000.

Reeve W. H. Hunter of Egremont, moved that the salary be \$2,200. Reeve Hutchison then withdrew his motion. Only seven members favored the \$2,200 figure and the report was unchanged.

The County Roads Committee reported that Reeve Emerson Brown of Collingwood Township had been appointed chairman for the year and that McKnight had been named secretary.

The committee recommended that the council ask the Department of Highways to assist the town of Durham in putting in a weigh scales and that the clerk write the Department of Highways to this effect. The com-

Used Cars for Sale

We have sold 303 cars since Jan. 1st, 1933. We Now Offer for Sale: 1931 CHEV. COACH, 1931 FORD COUPE, 1931 DE SOTO 8 SEDAN, 1930 FORD TOWN SEDAN, 1930 CHEV. COACH, 1930 FORD TUDOR, 1930 HUPMOBILE 6 SEDAN, 1930 WHIPPET 6 SEDAN, 1929 CHEV. COUPE, 1929 FORD COUPE, 1929 CHEV. SEDAN, 1929 DURANT 6 SEDAN, 1929 WHIPPET 4 COACH and a dozen more, all makes & models

The general policy of the county should be not to attempt to keep roads open for car traffic during the winter, the report urged. Municipalities in the county will be allowed to rent the county power grader when available at the direction of the road superintendent.

The road committee and superintendent will be sent as delegates to the Good Roads Convention and an effort will be made to secure representation for Grey County in the executive of the Good Roads Association.

The wages for men working on the County Roads will be the same as last year.

No action will be taken in the request of the Grey County Branch of the Ontario Educational Association for the council to give a grant to all public schools in Grey County where fifth form classes are being held.

The following accounts for maintenance of High School Boards and of Continuation Schools were ordered paid: Durham \$4,012.19; Hanover, \$3,458.99; Flesherton, \$3,455.34; Chesley, \$1,115.53; Hepworth, \$1,790.06; Thornbury, \$2,626.36; Peversham, \$742.85; Chatsworth, \$381.14; Singhampton, \$374.16.

Errors in the accounts of Dundalk, Meaford and Markdale high school boards caused some discussion. It was at first proposed to withhold these grants until the statements were corrected. Reeve W. L. Riley of Meaford claimed that if these grants were withheld the municipalities would have to borrow money to pay teachers' salaries. It was finally decided to pay Dundalk \$2,500, Meaford \$5,000, Markdale \$2,500, with the balance in each case to be paid when the accounts are corrected and are satisfactory to clerk F. H. Rutherford and Deputy Reeve T. W. Ballard, of St. Vincent, chairman of the education committee, Collingwood Collegiate's account for \$1,012.70 will be paid when corrected.

Mr. and Mrs. F. H. Rutherford and Deputy Reeve T. W. Ballard were appointed delegates to the Ontario Educational Association convention.

Endorse Radio Station in Grey County. Communications and memorials committee presented a report which was adopted without discussion. The committee recommended:

"That this council endorse the resolution of the County of Middlesex requesting the Federal Government to remove the tax on sugar, as it is a burden on the common people.

That this council grant the request of Bruce W. Carr and W. J. Stauffer to assist them in securing a license for a community broadcasting station in Owen Sound and that the clerk forward the following letter to the Canadian Radio Commission: Whereas this district is isolated as far as radio reception is concerned. And whereas CFRB is the only Canadian station which can be depended upon for good reception, but even this station is crowded at night by WLW, Cincinnati. And whereas other Canadian stations cannot be picked up locally because of weakness and interference. And whereas under existing conditions we strongly object to the payment of the \$2.00 radio license fee. Therefore be it resolved that this County Council memorialize the Canadian Broadcasting Commission to grant a license to W. J. Stauffer to operate a one hundred watt community station in Owen Sound. And that a copy of this clause be forwarded to each municipal council in the County of Grey, requesting them to forward a similar one to the Canadian Radio Commission.

That the request of the County of Wellington to petition the Federal Government to fix a definite day in the year, preferably the last Monday in November in each year, be received and filed and no action taken.

Would Control Signs. County Roads Superintendent R. C. McKnight, addressed the council, pointing out that the council had the power to regulate the size and location of gasoline pumps and to tax these pumps, if so desired. Many signs were not only unsightly but obscured the view, he pointed out. The planting of hedges and trees along the roadside could also be controlled by the county he stated.

All Parliament buildings are heated from a central heating plant. Well heated, too. The average consumption of coal is around 70 tons per day, but during the recent cold spell, the furnaces took in 115 tons per diem through their massive maws. What a nice coal bill to pay!—The dear old gent in the Senate miss their hotcha divorce cases now that Ontario settles them in their courts, but the hoary-headed old gentlemen have already 28 divorce applications to deal with. Seven husbands and 21 wives are the supplicants, all on statutory charges. Montreal leads with 21 cases. The only province apart from Quebec to send divorce cases to Parliament is Prince Edward Island and very few come from there. It would appear the islanders take their marriage vows seriously.—Ex.
