Old and New Mingia In Home of To-Lay

Rough Textured Fabrics Cover Furniture and Appear Drapes

Montreal - To portray the true spirit of today in the home, inte ior decorators have combined modern with traditional period furniture, thereby achieving results which are totally different from that rather aukward fussiness which prevailed tome

The modern trend is, of course, outstanding but invariably there is a hint of the past. For instance, the most up-to-date chesterfield suite d splays moss fringe-which we have been accustomed to look for in period furniture-as trimming. The dining room of today is fully carpeted-the carpet reaching right to the on every side-instead of showing a border of the polished floor as was the vogue, while the newest mirrortopped coffee and tea tables suggest in their lines something of the tab es

Unusual Woods

Rough-textured fabrics in stripes, plaids and geometric designs appear as furniture coverings, drapes and cushion covers. White, cream and light beige materials are leaders in the home furnishing style wor'd and

A bone-white finish on various woods is essentially new and this white wood is also used as trimming on mahogany and darker woods. Rare, unusual woods-Carpathian elm burl, wax-finished natural oak, thya Opens February 10th burl and aspen veneers—are used for suites. A harewood suite—the gram will get away to a flying start gray shade of this wood is obtained by a fluid being injected into a young tree-is outstanding because of its "different" appearance.

There is every inducement to restful sleep in the new mattresses, springs and pillows. Unlike the pil'ows we've been accustomed to the up-to the-minute variety are covered with a durable, silk-finished material in every pastel shade imaginable-usually being selected to match or con trast with the mattress.

Modern Home

One large store has comp'etely furnished a specimen home and it was interesting to note that in it the mod ern tendency while uppermost has not completely over-shadowed the period influence.

The drawing room is strikingly carried out in black and white, just a touch of co'or being given in the walls. Indirect lighting is used. The living room, or sitting room, is an excellent examp'e of modern adapta Meets Retribution tion of 18th century furniture.
