Youngsters Travel Alone

Loaded with a large paper bag, full of sandwiches and fruit, five young Canadian "voyageurs" are seen at Windsor Station, Montreal, where they more than enjoyed themselves while waiting for the train to take them to the Canadian Pacific liner Duchess of York and England. They are

Billy Anderson, 14, and his four sisters, left to right above, Ena, Blanche, Greta and Gwen. Greta, the youngest, is only six.

Few youngsters of his age are ever called upon to chaperone four young sisters on a 5,000 mile journey, but Billy shouldered his responsibilities like a man. He was shepherd, guide and constant census-taker of his little flock. The children are going to live with their grand-parents at Furlley, near London. Canadian Pacific representatives and the Traveller's Aid Society cared for them en route. On board the Duchess of York the little girls were looked after by a motherly head-stewardess.

Oxford Group House Party

MORE than 700 delegates to the Oxford Group House Party held recently at the Chateau Frontenac, Quebec, photographed in the court yard of the famous hostelry. Representatives from all the larger Eastern Canadian and United States cities attended. Another huge House Party is being considered for the Banff Springs Hotel, magnificent Rocky Mountain resort, early in June.

ALBERTA HAS NEW PREMIER—R. G. REID

R. G. Reid, a practical farmer who came to Canada from his native Scotland 31 years ago, member of the legislative since the former government took office in 1921, has been selected premier of Alberta.

Successor to Hon. J. E. Brownlee, for nine years head of the United Farmers of Alberta administration, Mr. Reid was the unanimous choice of party members. He took office on Tuesday, when Lieutenant-Governor W. L. Walsh administered the oath. The change will not involve an election.

"One thing that is gratifying," said Mr. Reid as he emerged from a party caucus to-night, "is the knowledge of the unanimous individual support given me by United Farmers of Alberta members. This is particularly so when one realizes the duties as such as cannot be taken lightly."

Fifty-five years old, Richard Gavin Reid came to Canada in 1903 from Glasgow his birth-place. After spending a few months in the Ontario woods as a lumberjack Mr. Reid journeyed to a homestead near Vermilion in Alberta, the constituency he represents in the legislature. He was active in the agrarian movement before entering politics. His election 13 years ago was followed by ready appointment to the cabinet. Premier Reid succeeds former Premier Hon. J. E. Brownlee, who resigned following the decision given against him in the civil suit entered by Miss Vivian McMillan and her father from Edson, and which was subsequently dismissed by Mr. Justice Ives.

THE SUMMER FOR SPORTS

The height of the summer season is upon us and in Durham, the activity of winter appears to have given way to the laxity of the summer season, and if not too insufferably hot, indulge in sport suitable to the climate and season. This year, baseball, bowling and tennis are the popular diversions for those who stay in town. "The old swimming hole" is a popular rendezvous for non-swimmers as well as for the more proficient in the art. Some youngsters were never as clean as they are this hot July.

Today Wednesday, the lady bowlers of town are staging a bowling tournament, at which many rinks are expected. There is no game quite like bowling to encourage the comradie spirit and for a summer sport on a hot day, it is unrivalled. President R. D. Little of the Owen Sound bowling club, evidently thinks so too, as he became poetically inclined on the occasion of the tournament and voiced his feelings, which are reciprocated by his fellow bowlers in Durham:

"Here we are this glorious day, With finer feelings seldom seen Than meet to-day on the bowling green.

We'll play the game both fair and square, With one and all from here and there Whether we lose or whether we win We'll try and wear a cheerful grin.

'Tis wise am'd this busy life, To rest awhile from stress and strife, And join the bowling club and bowl And bring refreshment to our soul. And when the Game of Life is o'er, And God Himself sums up our score, Better may we have been, By our sportsmanship on the bowling green.

YOUNGEST PREMIER OF ALL

Mitchell Hepburn, 38 next August is the youngest man to ever become Premier of Ontario. Edward Blake had turned 38, E. C. Drury was 41—others were much older.

Hearst was 50. Macdonald, who was 54 when he became Ontario's first premier at Confederation, had previously formed a ministry at 50. Mowat was 52, Ferguson 53, Ross and Hardy 58, Henry 59 and Whitney 61 on attaining the premiership. Mr. Hepburn, therefore, is not only to be the youngest premier, but is one of only 3 premiers of this province who has attained that honour under the half century mark.

A GANGSTER'S DEATH

John Dillinger, ace bad man of the world, terminated his career of crime on Sunday night in Chicago, when he was shot through the heart and another bullet through the head. He was tough and he was shrewd, but he wasn't as tough or as shrewd as the Chicago police, who never close a case until the end. It took 27 men under the head of the Chicago bureau to close Dillinger's life and their strength came out of his weakness—a woman.

Dillinger had gone to astounding lengths to change his inconspicuous identifying marks, with the necessary aid and advice of expert medical men. A scar on his chin had been reopened and smoothed up some. The droop at the left corner of the mouth was unmistakably intact. But the most striking facial change was in the tightening of the skin on his chin almost completely killing his dimple, which was almost as widely known as the mustache, that he refused to have removed. The wages of sin are death.

SALES OF GASOLINE INCREASE SHARPLY

Sales of gasoline in Canada during April amounted to 35,443,000 gallons an increase of almost 5,000,000 gallons, as against 30,508,000 gallons sold in April last year, the Dominion Bureau of Statistics says. Sales during the four-month period, ending in April, amounted to 108,097,000 gallons, an increase of 1.6%, as against 106,362,000 gallons in the corresponding period of 1933.

The Summer Wanderlust

Mr. John A. Graham and Mr. Harry Scates of the Durham Hospital Staff, decided last week end, to run away from work and all her attributes and put in a care-free week-end. This they did. They started off for the Scenic City, Owen Sound and after viewing the points of interest to them there, they next visited Leith, then on to Balclava and north to Vall's Point, where a Pres. summer camp for girls was in progress, Miss Jean Harding of town, was an instructress in this camp and it was evident that splendid work was being done. From here they struck south to the Owen Sound-Meaford highway and stopped overnight at Meaford's finely equipped tourist camp, "The Pilgrim's Rest." They were delighted with the accommodation provided. Collingwood was the next objective. In this town fifty years ago (say it gently) Mr. Graham went to Collegiate Institute under such a splendid principal as William Williams, (father of Collingwood's present mayor) and imbibed his early grounding in Latin roots and let Euclid's deductions soak in. As a matter of sentiment he hunted up his old boarding house, though the landlord of that day has long since rested in God's Acre. A Baptist church in which he worshipped at that time, still carries on and many familiar landmarks were noted. From there the week-enders landed at Wasaga Beach, and ultimately at the summer home of Miss Fettes, matron of Durham Hospital. They found tourist accommodation difficult to get at this well-known resort, which disproves the story that Wasaga Beach is less popular this year. With such a beach and such a roadbed, Wasaga will never cease to attract attention and is now regarded as having the smoothest runway beach in Ontario. From this point the two holiday seekers went on to the Martyr's Shrine at Midland, where they absorbed historical data and lived for a time in the days when the Iroquois Indian was a menace to the inhabitants.

Seeing Old Ontario in summer-time is to see it at her best.

AMONG THE CHURCHES

REV. D. GOWDY PRESIDES OVER TWO CHURCHES

Rev. D. Gowdy, B.A. preached to large congregations in the Presbyterian and Baptist churches on Sunday last. In the morning at Presbyterian church, he took as his text, Matthew 27: 54, "Truly this was the Son of God," an acclamation made by a centurion who was with Jesus during His trial and crucifixion, who had guarded Him, as he had done many a thief, a murderer and a malefactor. And he was brought to see in the end that Jesus was the son of God. Jesus never made himself known to others in a big way. He always started out in a humble way. Taking the woman at the well, when she asked Him "Why ask drink of me; thou being a Jew for the Jews have no dealings with the Samaritans." But he showed her in his talk to her who He was and she exclaimed "This is the Messiah." Taking the incident of the two men returning from the crucifixion sad and down hearted, Jesus did not make Himself known to them—only thru through the breaking of bread.

He comes to us through sickness, death or some calamity in our life. Has He come to any of you in this congregation? If He has, have you exclaimed "This is the Son of God!"

In the evening, Rev. Mr. Gowdy spoke from the text "Come unto me all ye that labour and are heavy laden and I will give you rest." Taking as his topic "Religion as a burden and a burden-bearer, the congregation listened to him with rapt attention. Rev. Mr. Gowdy will continue these union services for the next two Sundays in the morning in the Presbyterian Church, in the evening in the Baptist church.

QUEEN STREET AUXILIARY

Queen Street United Ladies' Auxiliary met on Wednesday for the study of missions, in the home of Mrs. R. Twamley and was in charge of Mrs. A. McClocklin. The subjects for study were "Work Among the Chinese in Canada" and "Temperance" and the leader was assisted by Mrs. Kelso and Mrs. Glass. Mrs. H. McCrae, vice-president, presided for business and Mrs. R. G. Halbert was appointed president for the remainder of the year. In the devotional period Miss Cousins, Mrs. Halbert and Mrs. Sparling took part.

The year 1934 will be remembered as the year of strawberry festivals without strawberries, says the Meaford Mirror.

ROCKY SAUGEEN

DORNOCH

The weather has been very warm and dry. No signs of rain yet. The farmers have no reason to complain this year about the rain wetting the hay. If they work while the sun shines the hay will be gathered in the barns dry and no danger of heating as it does sometimes.

Visitors with Mr. Angus McIntosh and sisters were Mrs. Nichol of Rockwood, and two daughters, Mrs. Mann, and two children, of Sask., and Miss Nichol. Mrs. Nichol also visited her birthplace and the home of her childhood days, Duncan Campbell's home in Bentinck. The old folks have passed on many years ago, still the old home has many charms to those who hold it dear. There are memories of olden days when all sat around the long table in the kitchen. Memories that cling to one all through life.

Mr. and Mrs. E. B. Dargavel and family left Saturday morning for Niagara Falls. Bryce returned Sunday night, the family remaining for a week.

The W. M. S. had a quilting bee in the basement of the church. The quilt will be sent later in a bale.

Mr. Ganvers visited his sister in Owen Sound on Wednesday.

I read a letter from Mr. Matthew Davis, in last week's Review, whom I knew well, both he and James Devlin, in my young days as Matt Davis and Jim Devlin. I have danced and waltzed with both. The news came of their tragic death in the papers. How often we see in the paper things that make us think of by-gone days!

MULOCK

The congregation and the entire community much regret that our beloved pastor, Rev. J. Galloway and Mrs. Galloway are leaving here, he having accepted a call to Huntsville, in Muskoka. He will preach rare well sermons at Mulock at 11 and 7:30 next Sunday. All wish him every success in his new and larger field of the Master's work.

Mr. and Mrs. Wilfrid Squire and her mother, Mrs. Mighton of Toronto, spent a few days last week at home of latter's sister, Mrs. R. Mighton.

A King's Decree

Long ago a wicked King decreed that all the children of a given age must die. Such cruel times seem long past, and we are grateful for it—but is Herod dead, or does he live again in the indifference of some, which permits consumption still to claim many innocent children for its own?

Children, especially those of tender years, are particularly susceptible to consumption. It is a disease from which, unaided, they seldom can recover, but given help such as the Queen Mary Hospital affords, their chances are increased ninefold. They come, these pale and wan little ones, too ill to care what goes on. The hospital is manned and equipped, ready to turn your delirious into their health. Will you help bring back their smiles?

Please send your gift to George A. Reid, Treasurer, 223 College Street, Toronto 2.

A severe wind and rain storm passed over early Thursday afternoon. The rain was much appreciated even if a few of the farmers had loads of hay dampened. The pasture land is getting short and a few more showers wouldn't come amiss.

The roll call was answered by a joke, many good one being given and added much to the merriment of the meeting.

The Treasurer gave her report and the Sunshine Com. All joined in singing "There's a long long trail a-winding," also the Women's Institute carol and "A Spanish Cavalier." Miss A. C. Smith gave a splendid report of the Dist. Annual held in Durham. It could be well said the theme of program throughout was home-making. Our teacher, Miss C. McLean gave an instructive paper, entitled "How parents may be helpful to their teacher" and was much appreciated. Miss C. Hopkins gave a splendid paper on "Nutrition." Miss C. Fletcher gave an excellent paper, entitled "Life is more than a living." The National Anthem closed an enjoyable meeting. .....

An exchange puts it so well. Here it is: There is a small matter we feel should be called to the attention of storekeepers here. The subject for consideration is the height of awnings from the sidewalk. Some of these are high enough but others make it necessary for a good deal of head bowing. If all the awnings were at the same height from the sidewalk, it would add greatly to the appearance of the stores and the town.
