The foundations have been well laid for one of the greatest and most productive industries in the world. Already the second largest gold producer in the world, Canada promises from this future, with No. 3 dress (frock coat time forward to be more and more in with epaulettes) and white trousers, the world's eye as a producer of the white shoes should be worn on board yellow metal on a tremendous and exand, weather permitting, on shore | panding scale. What this will mean Wellingtons or half-wellingtons will in material wealth for the whole nation is difficult to estimate.

In a speech delivered before the Canadian Chamber of Commerce at Winnipeg, Mr. James Y. Murdoch, of the Noranda, Hollinger and Wright-Hargreaves mines, noted that this years Canada is producing gold at the rate of \$190 a minute every minute of the twenty-four hours of every day; that the gold-mining payroll has this year reached \$30,000,000 per annum, with an average wage of \$1,600 for each operative. The whole Canadian mining industry last year paid out \$100,000,000 in wages. Last year our copper production would have filled a freight train 95 miles long. Trainloads of copper, nickel and other minerals mean new revenue for all Canada and for every in dustry in the country. As the world continues to emerge from the depression, this country's increasing output of precious and base metals will place it commercially in the forefront of the nations. - Toronto Mail &

A BEAUTIFUL PRAYER.

The following "prayer" from an unknown author is so comprenhensive that to live up to it would transform one into a living image of all that is taught in the gospels: I do not ask, O. Lord, to stand Where mighty men of earth have

But I would ask this from Thy hand Oh, help me to be kind and good, To all the trodden ones of earth, Whose hopes lie in the sand With empty home and barren hearth As strangers in a hostile land.

May cheer the wounded soul. Bring comfort to the aching heart, Beset with doubts and fears, And plead the pensive prisoner's part And dry the mourner's tears.
